VONTRIGGER SPRING (S013430)

Preliminary Docket Information

DOCKET INFORMATION FORM

Compiled by: Alexa Kreiling Date: 6/10/2024
 Initial Docket Information Form ☒ Amendment # (1,2,3 ...)
 Includes Confidential Content ☐

Park Unit: MOJA Docket #: 95 Docket Title Vontrigger Spring tributary to Unnamed Stream (S013430)

Docket Type:

Select all applicable: ☒ PC/V (pre-code/vested) ☐ APP (appropriate) ☐ RIP (riparian)
☐ FRR (federal reserved right) ☐ PWR (public water reserve) ☒ ACQ (acquired)
☐ GW (groundwater) ☐ Own (ownership) ☐ Other

Region:

☐ NER & NCR ☐ IMR
☐ SER ☐ MWR
☐ IMR ☒ PWR
☐ AKR

Source:

☐ Groundwater ☒ Spring (When recognized by the State as separate from groundwater and surface water)
☐ Surface Water
☐ Direct Diversion ☐ Diversion to Storage ☐ Instream Flow
 Name: Vontrigger Spring

State: CA
 County: San Bernardino

Owner: U.S. National Park Service (As listed by the State)

Application #: S013430 Date: 4/6/1989

Permit #: Date Issued:

License / Certificate #: Priority Date: 1900

Ruling/Order/Decree #: Date Issued:

Quantity: Rate: 750 Duty:
 Units: ☐ cfs ☐ gpm ☐ afy ☒ other gpd Units: ☐ cfs ☐ gpm ☐ afy ☐ other

Use(s): ☐ Domestic ☐ Livestock ☐ Irrigation ☐ Municipal ☐ Industrial/Commercial ☒ Wildlife ☐ Instream ☒ other Recreation

Narrative / Remarks:

Enter short narrative in the space below, attach additional page(s) as needed.

-3/30/1989 Gary & Linda Overson (OX Ranch Allotment) filed statement.

-1/25/1994 pursuant to the California Desert Protection Act of 1994, Mojave National Preserve created.

-2/2/1994 Bruce D. Strachan and Elizabeth K. Strachan purchase land from The Atchison, Topeka and Santa Fe Railway Co. Purchase includes lease of springs to OX Cattle Co.

-3/1/1994 Strachan informs Overson, lease is terminated as of 4/21/1994.

-12/23/98 Strachan requests SWRCB to revert claim ownership back to Overson.

-10/2000 Gary & Linda Overson (OX Ranch, Kessler Springs Ranch, Landreman House) grazing allotment retired by National Park Foundation (G&L Overson_Allotment_Retirement_10-2000.pdf).

-1/18/2001 Ownership change to NPS confirmed
 (Reynolds_Petee_01-18-2001_Enc_SWRCB_01-08-2001.pdf).

-7/24/2012 NPS informed SWRCB purpose of use changed to wildlife and recreation (Hansen_CA SWRCB_07-24-2012.pdf).

-eWRIMS data: Subtype: Riparian.

-Supplemental Statements of Water Diversion and Use (1998, 1999, 2000) filed by Strachan – Purpose: Domestic, Mineral Exploration.

-Supplemental Statements of Water Diversion and Use (1997, 1998, 1999) filed by Overson – Purpose: Stockwatering (50 head).

-Supplemental Statements of Water Diversion and Use (2007-2023/current) filed by NPS.

VONTRIGGER SPRING (S013430)

State Water Rights Documentation

[SUMMARY OF FINAL SUBMITTED VERSION]**SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE FOR REPORTING PERIOD**

October 1, 2023 to September 30, 2024

Primary Owner: U S NATIONAL PARK SERVICE
Statement Number: S013430
Date Submitted: 12/30/2024

Water is used under	Pre-1914 Claim
Year diversion commenced	1900

Purpose of Use	
Recreational	aesthetics
Fish and Wildlife Preservation and Enhancement	wildlife habitat

Special Use Categories	
Are you using any water diverted under this right for the cultivation of cannabis?	No

Amount of Water Diverted and Used			
Month	Amount directly diverted (Acre-Feet)	Amount diverted or collected to storage (Acre-Feet)	Amount beneficially used (Acre-Feet)
2023			
October	0	0	0.067
November	0	0	0.067
December	0	0	0.067
2024			
January	0	0	0.067
February	0	0	0.067
March	0	0	0.067
April	0	0	0.067

July	0	0	0.067
August	0	0	0.067
September	0	0	0.067
Total	0	0	0.804
Type of Diversion	No Diversion		
Comments	No water diverted for consumptive use. Beneficial use is for the enhancement of aquatic ecosystems, riparian zones, and wildlife habitat. The amount reported as used is estimated based on historical practices. The National Park Service (NPS) considers state appropriative claims to be federal property, and this change of type of use does not indicate an intent to abandon this claim. The NPS intends to determine whether a formal change in use is appropriate in the future.		

Water Diversion Measurement	
Required to measure as of the date this report is submitted	No
Is diversion measured?	No

An alternative compliance plan was submitted to the division of water rights on	
A request for additional time was submitted to the division of water rights on

8. Conservation of Water	
a. Are you now employing water conservation efforts?	No
b. Describe any water conservation efforts you have initiated	
Amount of water conserved	
I have data to support the above surface water use reductions due to conservation efforts.	

Water Quality and Wastewater Reclamation	
a. Are you now or have you been using reclaimed water from a wastewater treatment facility, desalination facility, or water polluted by waste to a degree which unreasonably affects such water for other beneficial causes?	No
b. Amount of reduced diversion	
Type of substitute water supply	
Amount of substitute water supply used	

I have data to support the above surface water use reductions due to the use of a substitute water supply

Conjunctive Use of Surface Water and Groundwater

- | | |
|--|----|
| a. Are you now using groundwater in lieu of surface water? | No |
| b. Amount of groundwater used | |
| I have data to support the above surface water use reductions due to the use of groundwater. | |

Additional Remarks

Declaration: The United States holds both state law-based water rights and federal reserved rights, and may meet its water needs by using either or both types of right. The United States provides this information to the State in the interest of comity and with respect to the State desire to understand water uses in the State; however, by providing this information, the United States does not concede that the State has the power to regulate the rights of the United States to the use of water.

SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE

[SUMMARY OF FINAL SUBMITTED VERSION]**SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE FOR 2018**

Primary Owner: U S NATIONAL PARK SERVICE

Statement Number: S013430

Date Submitted: 06/25/2019

1. Water is used under	Other: Claim for Federal Water Rights for wildlife
2. Year diversion commenced	1900

3. Purpose of Use

Recreational	visitation, aesthetics
Fish and Wildlife Preservation and Enhancement	wildlife, natural environment

4. Changes in Method of Diversion**Special Use Categories**

C1. Are you using any water diverted under this right for the cultivation of cannabis?	No
--	----

5. Maximum Rate of Diversion

Month	Rate of Diversion (Gallons Per Minute)
January	0
February	0
March	0
April	0
May	0
June	0
July	0
August	0
September	0
October	0
November	0
December	0

6. Amount of Water Diverted and Used

Month	Amount directly diverted (Acre-Feet)	Amount diverted or collected to storage (Acre-Feet)	Amount beneficially used (Acre-Feet)
January	0	0	0.07
February	0	0	0.07
March	0	0	0.07
April	0	0	0.07
May	0	0	0.07
June	0	0	0.07
July	0	0	0.07
August	0	0	0.07
September	0	0	0.07
October	0	0	0.07
November	0	0	0.07

December	0	0	0.07
Total	0	0	0.84
Type of Diversion	No Diversion		
Comments	There are no diversions for consumptive use, amount consumed by wildlife and habitat is not known.		

Water Transfers

6d. Water transferred	No
6e. Quantity transferred (Acre-Feet)	
6f. Dates which transfer occurred	/ to /
6g. Transfer approved by	

Water Supply Contracts

6h. Water supply contract	No
6i. Contract with	
6j. Other provider	
6k. Contract number	
6l. Source from which contract water was diverted	
6m. Point of diversion same as identified water right	
6n. Amount (Acre-Feet) authorized to divert under this contract	
6o. Amount (Acre-Feet) authorized to be diverted in 2018	
6p. Amount (Acre-Feet) projected for 2019	
6q. Exchange or settlement of prior rights	
6r. All monthly reported diversion claimed under the prior rights	
6s. Amount (Acre-Feet) of reported diversion solely under contract	

7. Water Diversion Measurement

a. Required to measure as of the date this report is submitted	No
b. Is diversion measured?	No
c. An alternative compliance plan was submitted to the division of water rights on	
d. A request for additional time was submitted to the division of water rights on

Comments	Water is allowed to be used for natural riparian habitat support.		

5. Water Diversion Measurement		
a.	Measurement	Direct measurement using a device listed in Section 1 is "not locally cost effective" for water directly diverted and/or diverted to storage
b.	Types of measuring devices used	Other: no measurement taken.
c.	Additional technology used	
	Description of additional technology used	
d.	Who installed your measuring device(s)	Other/Unknown: no measurement taken
e.	Make, model number, and last calibration date of your measuring device(s)	
f.	Why direct measurement using a device listed in Section 1 is "not locally cost effective"	Other
	Explanation of why use of devices and technologies listed in Section 1 are "not locally cost effective"	water used to support local riparian habitat
g.	Method(s) used as an alternative to direct measurement	Other
	Explanation of method(s) used as an alternative to direct measurement	water used to support local riparian habitat

6. Purpose of Use	
Other	NA

7. Changes in Method of Diversion
NA

8. Conservation of Water		
a.	Are you now employing water conservation efforts?	No
	Describe any water conservation efforts you have initiated	
b.	Amount of water conserved	Acre-Feet
	I have data to support the above surface water use reductions due to conservation efforts.	

9. Water Quality and Wastewater Reclamation		
a.	Are you now or have you been using reclaimed water from a wastewater treatment facility, desalination facility, or water polluted by waste to a degree which unreasonably affects such water for other beneficial causes?	No
	Amount of reduced diversion	
	Type of substitute water supply	
b.	Amount of substitute water supply used	
	I have data to support the above surface water use reductions due to the use of a substitute water supply	

10. Conjunctive Use of Surface Water and Groundwater		
a.	Are you now using groundwater in lieu of surface water?	No
	Amount of groundwater used	
b.	I have data to support the above surface water use reductions due to the use of groundwater.	

11a. Additional Remarks
The spring is essential for supporting wildlife habitat in the area.

Total		0	0	0.84
Type of Diversion	No Diversion			
Comments	There are no diversions for consumptive use, water is kept in situ and does not leave the preserve. The United States Department of the Interior's National Park Service (NPS) considers state appropriative licenses to be federal property, and this change of type of use does not indicate an intent to abandon this license. The NPS intends to determine whether a formal change in use is appropriate in the future.

EDMUND G. BROWN JR.
GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

State Water Resources Control Board

NOTICE REGARDING STATEMENT OF WATER DIVERSION AND USE

February 19, 2016

Responsible Party:

U S NATIONAL PARK SERVICE
2701 BARSTOW RD
BARSTOW, CA 92311

Diverter: U S NATIONAL PARK SERVICE

Statement Number: S013430

SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE

Water Code section 5104 (a) now requires diverters to file supplemental statements of water diversion and use (Supplemental Statements) **every year**. Supplemental Statements must be filed on electronic forms provided by the State Water Resources Control Board (State Water Board). (Cal. Code Regs., tit. 23, § 920, subds. a-b.) **All reports must be completed online through the State Water Board's Report Management System (RMS); paper copies are not available.** To report online, go to www.waterboards.ca.gov/rms and login with your user ID and password. The information required to login and access your online Supplemental Statement is:

User ID (Statement ID): **S013430**

Password (Reporting Identifier): **245020**

The Supplemental Statement is associated with the diversion works of **Not Specified**. Information about the source, parcel number, county and other summary information is pre-populated on the Supplemental Statement, if the information is available.

*****IMPORTANT: PLEASE NOTE BELOW*****

Beginning January 2016 and every year there after you will be required to file an on-line Supplemental Statement of Water Diversion and Use Report (Supplemental Statement). The Division will **NO LONGER** notify you via mail when the supplemental statement is due. If you would like to be notified when reporting is due and other reporting related material, please subscribe to our Lyris list (Water Rights Reporting Notification) at:

http://www.waterboards.ca.gov/resources/email_subscriptions/swrcb_subscribe.shtml.

Also note, if you reported your water use three years ago you will be required to complete the reports for 2013, 2014 and 2015. If you reported your water use two years ago you will be required to complete the reports for 2014 and 2015 and if you reported your water use a year ago you will be required to complete the 2015 report.

FELICIA MARCUS, CHAIR | THOMAS HOWARD, EXECUTIVE DIRECTOR

1001 I Street, Sacramento, CA 95814 | Mailing Address: P.O. Box 100, Sacramento, Ca 95812-0100 | www.waterboards.ca.gov

You are required to complete the online report(s) no later than **June 30, 2016**. If you do not file your **Supplemental Statement** in a timely manner, you may be subject to civil liability of up to **\$1,000 and additional civil liability of \$500 per day** for each day the violation continues if you do not file a statement within 30 days after the board calls the violation to your attention. (Wat. Code, § 5107, subd. (c)(1).)

Division staff cannot fill the form out on your behalf. If you have multiple points of diversion, you must file a separate Supplemental Statement for each point of diversion. (Wat. Code, § 5102.) Do not list total combined diversions from multiple diversion works on one Supplemental Statement.

CHANGES FOR REPORTING AND MEASUREMENT OF DIVERSIONS MADE IN 2016, AND THEREAFTER

- See attached "Fact Sheet" for updates.

SPECIAL REPORTING FEATURES

- It is possible to create one account on the RMS site to report all of your diversions. Please see the RMS login page for more information and instructions. Note: It is not necessary to create an account if you would like to report your diversions individually.
- RMS also includes the capability to amend reports submitted incorrectly or in error. This capability applies to past reports as well.
- RMS includes new on screen help tools and instructions

REQUIRED NOTIFICATION OF CHANGE IN NAME OR ADDRESS OF PERSON DIVERTING WATER

If there has been a change in the name or address of the person diverting the water, you must report that change to the Board. (Wat. Code, § 5104, subd. (b).) Notification to the Division should be made using the Change of Name/Address or Ownership form on the Water Rights Forms link located at www.waterboards.ca.gov/waterrights/publications_forms/forms/index.shtml.

CONTACT INFORMATION

Frequently asked questions pertaining to filling out online reports are posted at the RMS website and we encourage you to read these first. However, if you still have any questions or need assistance completing the report, please contact the Division of Water Rights at (916) 445-2812 or send an email to: DWR-statements@waterboards.ca.gov.

Sincerely,

Barbara Evoy, Deputy Director
Division of Water Rights

Attn: Kelli Garver

Re: Change of Purpose of Use of Pre-1914 Claims, Mojave National Preserve

Ms. Garver:

Please find attached a list of Pre-1914 Claims held by Mojave National Preserve. These claims were originally established for livestock watering purposes in conjunction with the grazing of cattle on federal land. The associated grazing allotments are located within or adjacent to Mojave National Preserve and have been retired. Consequently, these claims are now used for wildlife and recreation purposes.

Please accept this letter as our request to change your records to reflect a change in the purposes of use of these claims from livestock watering, to wildlife and recreation uses.

If you have any questions, please contact Eric Lord at (970) 225-3526, or by email at: eric_lord@nps.gov.

Sincerely,

William R. Hansen
Chief, Water Rights Branch
National Park Service

CONTINUATION

WE ARE THE FEE SIMPLE OWNERS OF THE 40 ACRE PARCEL (APN 0657-181-02) ON WHICH VONTRIGGER SPRING IS LOCATED. THIS SPRING HAS NO NATURAL OUTLET. THE WATER FROM THIS SPRING IS ENTIRELY CONTAINED WITHIN THE BORDERS OF PARCEL #0657-181-02, THEREFORE WE ARE THE OWNERS OF ALL THE WATER PRODUCED BY THIS SPRING. (SEE PAGES 11 & 12 OF YOUR BOOKLET "GENERAL INFORMATION PERTAINING TO WATER RIGHTS IN CALIFORNIA")

There are two principal types of surface water rights in California. They are riparian and appropriative rights. "INFORMATION PERTAINING TO WATER RIGHTS IN CALIFORNIA" A riparian right enables an owner of land bordering a natural lake or stream to take and use water on his riparian land. Riparian land must be in the same watershed as the water source and must never have been severed from the sources of supply by an intervening parcel without reservation of the riparian right to the severed parcel. Generally, a riparian water user must share the water supply with other riparian users. Riparian rights may be used to divert the natural flow of a stream but may not be used to store water for later use or divert water which originates in a different watershed, water previously stored by others, return flows from use of groundwater, or other "foreign" water to the natural stream system.

An appropriative right is required for use of water on nonriparian land and for storage of water. Generally, appropriative rights may be exercised only when there is a surplus not needed by riparian water users. Since 1914, new appropriators have been required to obtain a permit and license from the State. Appropriative rights can be granted to waters "foreign" to the natural stream system.

Statements of Water Diversion and Use must be filed by riparian and pre 1914 appropriative water users as set forth in Water Code section 5100 with specific exceptions. The filing of a statement (1) provides a record of water use, (2) enables the State to notify such users if someone proposes a new appropriation upstream from their diversions, and (3) assists the State to determine if additional water is available for future appropriators.

The above discussion is provided for general information. For more specific information concerning water rights, please contact an attorney or write to this office. We have several pamphlets available. They include: (1) Statements of Water Diversion and Use, (2) Information Pertaining to Water Rights in California, and (3) Appropriation of Water in California.

RE: Notice of Termination of Lease,
Vontrigger Spring, I.D. # S 013430
(San Bernardino County Assessor's Parcel #0657-181-02)

Dear Ms. Moring:

Please be advised that the lease which allowed diversion of water from the Vontrigger Spring by Gary and Linda Overson has been terminated as of April 21, 1994.

We are now the owners of the Vontrigger Spring and the 40 acre parcel of land on which the Vontrigger Spring is located.

We purchased this property from the Atchison, Topeka and Sante Fe Railway Co. The deed was recorded on February 24, 1994 as Document #94091705, Official Records, San Bernardino County.

The lease which gave the Oversons the right to divert water from the Vontrigger Spring allowed termination by either Lessor or Lessee on 30 day written notice. We gave said 30 day written notice to the Oversons and the lease was officially terminated on April 21, 1994.

The Oversons are no longer diverting water from the Vontrigger Spring and we, as the land owners on which the spring is located, are the only persons who currently have the right to divert water from the Vontrigger Spring.

Please alter your records (I.D.# S 013430) to indicate that the Overson's right to divert water from the Vontrigger Spring has been terminated as of April 21, 1994.

Thank you.

Very truly yours,

Bruce D. Strachan

Re: Lease Contract No. 060419, dated January 4, 1957, with
The Atchison, Topeka and Santa Fe Railway Company at
Vontrigger, California for a site for a springs property

Dear Mr. and Mrs. Overson:

This is to advise that effective February 14, 1994 certain property owned by The Atchison, Topeka and Santa Fe Railway Company, a portion of which includes the referenced lease, was sold and this lease was assigned to the buyer, Bruce D. Strachan. Please direct future rental payments and/or questions concerning the lease to the buyer at the address shown below.

Nothing contained in this letter shall release Gary L. Overson and Linda D. Overson from any liability which may have attached or accrued prior to, or which may be accruing as of the date of assignment of the lease, nor from any obligation of indemnity contained in the lease.

Catellus Management Corporation is Agent for The Atchison, Topeka and Santa Fe Railway Company.

Sincerely,

BonnieLee Yarbrough
Property Coordinator

ASSIGNMENT

FOR VALUE RECEIVED, THE ATCHISON, TOPEKA AND SANTA FE RAILWAY COMPANY, a Delaware corporation, hereinafter called "Assignor", does hereby assign unto Bruce D. Strachan and Elizabeth K. Strachan, hereinafter called "Assignee", all of Assignor's right, title, and interest in those certain leases, licenses, agreements, and other contracts, together with any supplements and amendments thereto, between Assignor and various parties, as listed on Exhibit "B", (collectively referred to as "Contracts") to the extent said contracts affect that certain parcel of land located at Vontrigger, San Bernardino County, California, being conveyed to Assignee by Grant Deed dated FEBRUARY 2, 1994, which parcel is more particularly described therein, and in Exhibit "A", both Exhibits being attached hereto and made a part hereof.

This Assignment may be executed in counterparts, each of which shall be deemed to be an original, but such counterparts, when taken together, shall constitute but one Assignment.

Said Assignment shall be effective as of FEBRUARY 24, 1994

Dated this 27 day of January, 1994

GRANT DEED

GRANT DEED dated this 2nd day of February, 1994.

FOR A VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, THE ATCHISON, TOPEKA AND SANTA FE RAILWAY COMPANY, a Delaware corporation, hereinafter called "Santa Fe", hereby GRANTS to BRUCE D. STRACHAN and ELIZABETH K. STRACHAN, husband and wife as joint tenants, all of its right, title, and interest in and to the real property described in Exhibit "A" attached hereto and made a part hereof.

Santa Fe expressly reserves and excepts all minerals contained in the above-described land, including, without limiting the generality thereof, oil, gas and other hydrocarbon substances, as well as metallic or other solid minerals, provided that Santa Fe shall not have the right to go upon or use the surface of said land, or any part thereof, for the purpose of drilling for, mining, or otherwise removing, any of said minerals. Santa Fe may, however, and hereby reserves the right to, remove any of said minerals from said land by means of wells, shafts, tunnels, or other means of access to said minerals which may be constructed, drilled or dug from other land, provided that the exercise of such rights by Santa Fe shall in no way interfere with or impair the use of the surface of the land hereby conveyed or of any improvements thereon.

This deed is given and Grantee accepts same subject to those items shown on Exhibit "B" attached hereto and made a part hereof without limitation.

DataStore - Activation: California Desert Protection Act of 1994 – June 3, 1995 (nps.gov)

The purpose of this memorandum is to outline the actions that need to be taken to implement the California Desert Protection Act of 1994 and indicate the responsible officials. Its primary audience is park managers, staff, and the interested public. Its objectives are to provide an administrative history, outline steps for activating the act's provisions, and clarify the responsibilities of federal and state officials. Key aims include designating and managing new wilderness areas and national parks, protecting natural resources, preserving traditional land uses like grazing, and coordinating law enforcement and land management activities. The document is crucial for guiding the effective management and preservation of the protected areas.

Description

Report on the formation and management of Mojave National Preserve. Information on mining issues, resources, and threats to the Preserve are included.

Chapter 8 – Administrative History (excerpt)

For Mojave National Preserve, grazing is a controversial and important issue that cannot be ignored. Widespread political and cultural overtones help make grazing a sensitive issue for everyone involved. As such, park management tread carefully but deliberately in the arena of grazing management. The Park Service has long viewed grazing as antithetical to its mission, permitting the activity in certain parks only when political circumstances absolutely required it. Park Service culture and policy have historically limited grazing in national parks, initially to differentiate itself from the Forest Service, and in later years to help maintain ecosystems. The long history of grazing in Mojave National Preserve and permission for its continuation in perpetuity by legislative action complicates natural resource decisions, making the goal of a functioning pre-grazing ecosystem frustratingly difficult to achieve.

At the time Mojave National Preserve was established, all or part of eleven BLM grazing allotments, established under the 1934 Taylor Grazing Act, were included within the park. Superintendent Marvin Jensen brought a background in range conservation with him and established a friendly management tone toward grazers. All existing operations were issued NPS permits to continue with their ranching activity, and management of the range did not differ substantially from BLM activity.

The Park Service also took concrete steps toward limiting grazing when possible, providing that the situation was politically feasible. The portion of the Piute allotment within the park was for ephemeral forage only and was in desert tortoise habitat. Management decided that any ephemeral forage must, at behest of the Desert Tortoise Recovery Plan, be used by the desert tortoise, so a permit to graze ephemeral forage would never be issued. A second allotment, Crescent Peak, was owned by a conservation group, who had purchased it as part of a move to

eliminate grazing in southern Nevada. Since no active grazing was taking place, the permit was retired. Not long after the creation of the Preserve, the rancher who held the Clark Mountain grazing allotment passed away, and Park Service regulations forbid the issue of a permit for renewed operations there. Irene Ausmus held the Round Valley allotment, just large enough for her to keep her two pet cows in feed, but not so big as to cause significant resource issues for the park.

Major cattle operations in Mojave National Preserve were essentially controlled by three groups. The Overson family was responsible for the largest share of the acreage, with the OX and Kessler Springs ranches owned by Gary and Linda Overson, and the Granite Mountains ranch owned by their son, Clay Overson. Next in size were the Valley View and Valley Wells allotments, both owned by Richard Blincoe, an Idaho agriculturalist, and managed by Tim Overson. The Blair family operated the 7IL Ranch on the Colton Hills and Gold Valley allotments. During the CDPA debate, the Blairs worked to preserve their ranching way of life, and an original clause that specified a twenty five year sunset on Mojave ranching was removed from the bill largely as a result of their efforts. In 2001, the park concluded an arrangement begun in 1998 where the 40 acres of park land that included the 7IL Ranch headquarters were swapped to the Blairs for 40 acres of undisturbed land in critical desert tortoise habitat owned by the ranching family. Touted as a "win-win" situation for the Blairs and the Park Service, the deal also showed locals that the government was not out to destroy family ranchers in the Preserve.

Ranch lands are identified in the California Desert Protection Act as top priorities for acquisitions. In contrast to the Blairs' opposition to the CDPA, Gary Overson specifically requested that his ranchlands be included in the park, to guarantee an acceptable purchase price should he decide to sell his property. Beginning in 1995, Deputy Superintendent Mary Martin worked to coordinate the sale of Overson's ranch to the National Parks Conservation Fund, but after years of contract negotiations, the deal fell through at least in part as a result of strict timelines and reluctance on the part of BLM. Undaunted, Martin sought another donor, but Overson doubted the ability of the Park Service to complete a buyout, as a result of the earlier failed experiment. Overson looked for another private buyer for his ranch, but the park made it clear to the buyer that issuance of a new grazing permit "is not certain" and that "the application process ... is subject to lengthy and potentially costly delays and complex administrative and legal procedures and challenges." As a trial run, Mojave National Preserve and the National Park Foundation worked to move the Granite Mountains Ranch, owned by Overson's son, to NPS control. The deal was completed in April 2000, and set the stage for the park's successful acquisition of Gary Overson's holdings in January 2001. In 2002, Blincoe also agreed to sell his ranches to the park.

The effect of the Overson and Blincoe allotment acquisitions cannot be overstated. Total grazing in the Mojave National Preserve was reduced from some 37,000 Animal Unit Months (AUMs) to approximately 4,000 AUMs, leaving the 7IL as the only major cattle ranch in the Preserve. The elimination of grazing will move the formerly grazed lands closer toward a goal of a more naturally functioning ecosystem. The Park Service also gained control of a tremendous number and variety of structures associated with cattle ranching in the eastern Mojave desert. In 2002, a consultant produced a National Register district nomination for the Overson properties, signifying their historic importance to the east Mojave; future plans may include interpretive programs and utilizing some structures for NPS employee housing. The ranches acquired by Mojave National Preserve included some private lands among the holdings, but the most valuable assets to the park were the grazing permits and the ranchers' water rights.

AUTHORIZATION

Act of October 31, 1994 (P.L. 103-433), established Mojave National Preserve.

ACQUISITION AUTHORITY

Act of October 31, 1994, authorized acquisition by donation, purchase or exchange. Privately owned lands may be acquired only with the consent of the owner unless the owner's use or proposed use of the land is deemed incompatible with the purposes of the preserve. Construction or modification of a single-family residence shall not be considered incompatible with purposes of the preserve. Lands or interests owned by the State of California, or any political subdivision thereof, may be acquired only by donation or exchange, except for lands managed by the California State Lands Commission. The act authorized the transfer to the National Park Service (NPS), without consideration, of described lands under the jurisdiction of the Bureau of Land Management (BLM). The act provides that if a person holding a grazing permit is willing to convey to the United States any base property with respect to which such permit was issued, the Secretary shall make the acquisition of such base property a priority.

ESTABLISHED

October 31, 1994

BOUNDARY REVISIONS

None

ACREAGE LIMITATIONS

None

STATUTORY CEILING FOR LAND ACQUISITION

Act of October 31, 1994, authorized appropriations for land acquisition by NPS and BLM not to exceed a total of \$300,000,000.

REMARKS

Act of October 31, 1994, requires that:

(1) Until acquired by the United States, no non-Federal lands within the park boundary shall be subject to rules or regulations applicable solely to Federal lands within such boundary.

(2) None of the lands within the park boundary shall be granted to or otherwise made available for use by the Metropolitan Water District pursuant to the Boulder Canyon Project Act or any similar acts.

(3) Upon request of the California State Lands Commission, the Secretary shall negotiate to acquire by exchange State School lands within the boundaries of the park system units designated by the act. Until all such State school lands have been acquired, no Federal lands or interests within the State of California may be disposed of prior to providing the State an opportunity to enter into an exchange of those Federal lands for State School lands.

(4) Lands and interests in land to be acquired pursuant to this act shall be appraised without regard to the presence of a threatened or endangered species.

MOJAVE NP DEED #2

Such activities shall be conducted in a manner which will minimize the impact on park resources. Nothing in this title shall have the effect of terminating the fee title to lands or customary operation, maintenance, repair, and replacement activities on or under such lands granted to the Metropolitan Water District pursuant to the Act of June 18, 1932 (47 Stat. 324), which are located on lands included in the Joshua Tree National Park, but outside lands designated as wilderness under section 601(a)(2). Such activities shall be conducted in a manner which will minimize the impact on park resources. The Secretary shall prepare within one hundred and eighty days after the date of enactment of this Act, in consultation with the Metropolitan Water District, plans for emergency access by the Metropolitan Water District to its lands and rights-of-way.

SEC. 407. JOSHUA TREE NATIONAL PARK ADVISORY COMMISSION.

(a) The Secretary shall establish an Advisory Commission of no more than fifteen members, to advise the Secretary concerning the development and implementation of a new or revised comprehensive management plan for Joshua Tree National Park.

(b)(1) The advisory commission shall include an elected official for each County within which any part of the park is located, a representative of the owners of private properties located within or immediately adjacent to the park, and other members representing persons actively engaged in grazing and range management, mineral exploration and development, and persons with expertise in relevant fields, including geology, biology, ecology, law enforcement, and the protection and management of National Park resources and values.

(2) Vacancies in the advisory commission shall be filled by the Secretary so as to maintain the full diversity of views required to be represented on the advisory commission.

(c) The Federal Advisory Committee Act shall apply to the procedures and activities of the advisory commission.

(d) The advisory commission shall cease to exist ten years after the date of its establishment.

TITLE V—MOJAVE NATIONAL PRESERVE

SEC. 501. FINDINGS.

The Congress hereby finds that—

(1) Death Valley and Joshua Tree National Parks, as established by this Act, protect unique and superlative desert resources, but do not embrace the particular ecosystems and transitional desert type found in the Mojave Desert area lying between them on public lands now afforded only impermanent administrative designation as a national scenic area;

(2) the Mojave Desert area possesses outstanding natural, cultural, historical, and recreational values meriting statutory designation and recognition as a unit of the National Park System;

(3) the Mojave Desert area should be afforded full recognition and statutory protection as a national preserve;

(4) the wilderness within the Mojave Desert should receive maximum statutory protection by designation pursuant to the Wilderness Act; and

(5) the Mojave Desert area provides an outstanding opportunity to develop services, programs, accommodations and facilities to ensure the use and enjoyment of the area by individuals with disabilities, consistent with section 504 of the Rehabilitation Act of 1973, Public Law 101-336, the Americans With Disabilities Act of 1990 (42 U.S.C. 12101), and other appropriate laws and regulations.

SEC. 502. ESTABLISHMENT OF THE MOJAVE NATIONAL PRESERVE.

There is hereby established the Mojave National Preserve, comprising approximately one million four hundred nineteen thousand eight hundred acres, as generally depicted on a map entitled "Mojave National Park Boundary—Proposed", dated May 17, 1994, which shall be on file and available for inspection in the appropriate offices of the Director of the National Park Service, Department of the Interior.

SEC. 503. TRANSFER OF LANDS.

Upon enactment of this title, the Secretary shall transfer the lands under the jurisdiction of the Bureau of Land Management depicted on the maps described in section 502 of this title, without consideration, to the administrative jurisdiction of the Director of the National Park Service. The boundaries of the public lands shall be adjusted accordingly.

SEC. 504. MAPS AND LEGAL DESCRIPTION.

Within six months after the date of enactment of this title, the Secretary shall file maps and a legal description of the preserve designated under this title with the Committee on Energy and Natural Resources of the United States Senate and the Committee on Natural Resources of the United States House of Representatives. Such maps and legal description shall have the same force and effect as if included in this title, except that the Secretary may correct clerical and typographical errors in such legal description and in the maps referred to in section 502. The maps and legal description shall be on file and available for public inspection in the appropriate offices of the National Park Service, Department of the Interior.

SEC. 505. ABOLISHMENT OF SCENIC AREA.

The East Mojave National Scenic Area, designated on January 13, 1981 (46 FR 3994), and modified on August 9, 1983 (48 FR 36210), is hereby abolished.

SEC. 506. ADMINISTRATION OF LANDS.

(a) The Secretary shall administer the preserve in accordance with this title and with the provisions of law generally applicable to units of the National Park System, including the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4).

(b) The Secretary shall permit hunting, fishing, and trapping on lands and waters within the preserve designated by this Act in accordance with applicable Federal and State laws except that the Secretary may designate areas where, and establish periods

when, no hunting, fishing, or trapping will be permitted for reasons of public safety, administration, or compliance with provisions of applicable law. Except in emergencies, regulations closing areas to hunting, fishing, or trapping pursuant to this subsection shall be put into effect only after consultation with the appropriate State agency having responsibility for fish and wildlife. Nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the States with respect to fish and wildlife on Federal lands and waters covered by this title nor shall anything in this Act be construed as authorizing the Secretary concerned to require a Federal permit to hunt, fish, or trap on Federal lands and waters covered by this title.

SEC. 507. WITHDRAWAL.

Subject to valid existing rights, all Federal lands within the preserve are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws; from location, entry, and patent under the United States mining laws; and from disposition under all laws pertaining to mineral and geothermal leasing, and mineral materials, and all amendments thereto.

SEC. 508. REGULATION OF MINING.

Subject to valid existing rights, all mining claims located within the preserve shall be subject to all applicable laws and regulations applicable to mining within units of the National Park System, including the Mining in the Parks Act (16 U.S.C. 1901 et seq.), and any patent issued after the date of enactment of this title shall convey title only to the minerals together with the right to use the surface of lands for mining purposes, subject to such laws and regulations.

SEC. 509. STUDY AS TO VALIDITY OF MINING CLAIMS.

(a) The Secretary shall not approve any plan of operation prior to determining the validity of the unpatented mining claims, mill sites, and tunnel sites affected by such plan within the preserve and shall submit to Congress recommendations as to whether any valid or patented claims should be acquired by the United States, including the estimated acquisition costs of such claims, and a discussion of the environmental consequences of the extraction of minerals from these lands.

(b)(1) Notwithstanding any other provision of law, the Secretary shall permit the holder or holders of mining claims identified on the records of the Bureau of Land Management as Volco #A CAMC 105446, Volco #B CAMC 105447, Volco 1 CAMC 80155, Volco 2 CAMC 80156, Volco 3 CAMC 170259, Volco 4 CAMC 170260, Volco 5 CAMC 78405, Volco 6 CAMC 78404, and Volco 7 CAMC 78403, Volco Placer 78332, to continue exploration and development activities on such claims for a period of two years after the date of enactment of this title, subject to the same regulations as applied to such activities on such claims on the day before such date of enactment.

(2) At the end of the period specified in paragraph (1), or sooner if so requested by the holder or holders of the claims specified in such paragraph, the Secretary shall determine whether there has been a discovery of valuable minerals on such claims and whether, if such discovery had been made on or before July 1, 1994, such claims would have been valid as of such date under the mining laws of the United States in effect on such date.

(3) If the Secretary, pursuant to paragraph (2), makes an affirmative determination concerning the claims specified in paragraph (1), the holder or holders of such claims shall be permitted to continue to operate such claims subject only to such regulations as applied on July 1, 1994 to the exercise of valid existing rights on patented mining claims within a unit of the National Park System.

SEC. 510. GRAZING.

(a) The privilege of grazing domestic livestock on lands within the preserve shall continue to be exercised at no more than the current level, subject to applicable laws and National Park Service regulations.

(b) If a person holding a grazing permit referred to in subsection (a) informs the Secretary that such permittee is willing to convey to the United States any base property with respect to which such permit was issued and to which such permittee holds title, the Secretary shall make the acquisition of such base property a priority as compared with the acquisition of other lands within the preserve, provided agreement can be reached concerning the terms and conditions of such acquisition. Any such base property which is located outside the preserve and acquired as a priority pursuant to this section shall be managed by the Federal agency responsible for the majority of the adjacent lands in accordance with the laws applicable to such adjacent lands.

SEC. 511. UTILITY RIGHTS OF WAY.

(a)(1) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities in such right-of-way, issued, granted, or permitted to Southern California Edison Company, its successors or assigns, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(2) Nothing in this title shall have the effect of prohibiting the upgrading of an existing electrical transmission line for the purpose of increasing the capacity of such transmission line in the Southern California Edison Company validly issued Eldorado-Lugo Transmission Line right-of-way and Mojave-Lugo Transmission Line right-of-way, or in a right-of-way if issued, granted, or permitted by the Secretary adjacent to the existing Mojave-Lugo Transmission Line right-of-way (hereafter in this section referred to as "adjacent right-of-way"), including construction of a replacement transmission line: *Provided, That*—

(A) in the Eldorado-Lugo Transmission Line rights-of-way (hereafter in this section referred to as the "Eldorado rights-of-way") at no time shall there be more than three electrical transmission lines;

(B) in the Mojave-Lugo Transmission Line right-of-way (hereafter in this section referred to as the "Mojave right-of-way") and adjacent right-of-way, removal of the existing electrical transmission line and reclamation of the site shall be completed no later than three years after the date on which construction of the upgraded transmission line begins, after which time there may be only one electrical transmission line

in the lands encompassed by Mojave right-of-way and adjacent right-of-way;

(C) if there are no more than two electrical transmission lines in the Eldorado rights-of-way, two electrical transmission lines in the lands encompassed by the Mojave right-of-way and adjacent right-of-way may be allowed;

(D) in the Eldorado rights-of-way and Mojave right-of-way no additional land shall be issued, granted, or permitted for such upgrade unless an addition would reduce the impacts to preserve resources;

(E) no more than 350 feet of additional land shall be issued, granted, or permitted for an adjacent right-of-way to the south of the Mojave right-of-way unless a greater addition would reduce the impacts to preserve resources; and

(F) such upgrade activities, including helicopter aided construction, shall be conducted in a manner which will minimize the impact on preserve resources.

(3) The Secretary shall prepare within one hundred and eighty days after the date of enactment of this title, in consultation with the Southern California Edison Company, plans for emergency access by the Southern California Edison Company to its rights-of-way.

(b)(1) Nothing in this title shall have the effect of terminating any validly issued right-of-way, or customary operation, maintenance, repair, and replacement activities in such right-of-way; prohibiting the upgrading of and construction on existing facilities in such right-of-way for the purpose of increasing the capacity of the existing pipeline; or prohibiting the renewal of such right-of-way issued, granted, or permitted to the Southern California Gas Company, its successors or assigns, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(2) The Secretary shall prepare within one hundred and eighty days after the date of enactment of this title, in consultation with the Southern California Gas Company, plans for emergency access by the Southern California Gas Company to its rights-of-way.

(c) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities of existing facilities issued, granted, or permitted for communications cables or lines, which are located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(d) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities of existing facilities issued, granted, or permitted to Molybdenum Corporation of America; MolyCorp, Incorporated; or Union Oil Company of California (d/b/a Unocal Corporation); or its successors or assigns, or prohibiting renewal of such right-of-way, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

Water Resources Scoping Report, Mojave National Preserve, 1999

National Park Service. 1999. Water Resources Scoping Report, Mojave National Preserve. NPS/NRWRD/NRTR-99/225. National Park Service, Water Resources Division. Fort Collins, Colorado
IRMA – Data Store – Published Report – (Code: 2174498)
[DataStore - Water Resources Scoping Report, Mojave National Preserve \(nps.gov\)](#)

The purpose of this report is to describe how the park was conceived and established and how it has been managed to the present day. Its primary audience is park managers and staff, but it is also directed to the interested public. The report aims to be as comprehensive as possible while emphasizing management issues of ongoing concern. It is essentially a chronological narrative with the selection of topics and the amount of detail weighted somewhat more heavily toward the recent past. While the administrative history covers many diverse management issues, its core objective is to distinguish those historical themes that most ably explain this national park's unique character and course of development.
