Narrative / Remarks: Enter short narrative in the space below, attach additional page(s) as needed.

See narrative written on docket information sheet from August 19, 1975.

4/7/1993 Memo to Denise Newberry (WRD) from Bud Ivey (WHIS) license is really critical it serves as water supply to residence within park from a spring on private land.

4/23/1992 Letter (appears to be draft) to SWRCB.

There may be Report of Licensee for years other than those found in the docket or on SWRCB e-WRIMS.

This water right and the area served are known by names other than the name on the docket: AKA Quarters, AKA 515 Spring, AKA Tower House.

5/1/2015 curtailed due to drought.

00-00-0000: Map of Unnamed Spring (Docket 7)

08-19-1975: water right/source docket information for kapusta diversion

WATER RESOURCES/WATER RIG

DATE: August 19, 1975

WATER RIGHT/SOURCE DOCKET INFORMATION

REGION Western AREA Whiskeytown National Recreation Area

SITE Kapusta Diversion

STATE California COUNTY Shasta DOCKET NO WR #7

LOCATION $SE\frac{1}{4}$ $NE\frac{1}{4}$ $SE\frac{1}{4}$ Sec. 34 T33N, R7W MDB & M

REGIONAL BASIN LOCAL BASIN

ACQUIRED BY Purchase

APPLICATION 21408 PERMIT 14544 CERTIFICATE 9261

ACTION DUE PRIORITY RESERVATION

QUANTITY 500 gallons per day USE Domestic

STATUS SOURCE Unnamed Spring

REMARKS

NARRATIVE:

On July 29, 1963, Mr. Ray Kapusta applied to the State of California (Application No. 21408) to appropriate water from an unnamed spring tributary to Clear Creek. Mr. Kapusta believed the spring to be located on public land and acting upon this belief, he obtained an easement from the Bureau of Land Management for a pipeline from the spring to his land. He subsequently received Permit No. 14544 from the state to appropriate 500 gallons per day for domestic use.

On October 3, 1967, the NPS acquired Mr. Kapusta's tract of land (and the appurtenant water right) which became a part of Whiskeytown NRA. The adjacent BLM land was also acquired by the Service. Kapusta's former residence was subsequently used as the residence of a park ranger and use of the spring water as a domestic supply was continued. On April 7, 1970, the state issued License No. 9261 to the NPS for this source.

As a result of a boundary survey made in 1973, it was discovered that the spring was not located on government land but was instead located some 200 yards outside the boundary of the park on private land. The park superintendent requested a legal opinion of the validity of the water right and what rights the NPS had to continue its use of the pipeline easement. The solicitor issued an opinion on June 6, 1973 stating that the state license was still valid but that the status of the easement was questionable in that the NPS (and its predecessor in title) had not gained a prescriptive right to maintain the easement and therefore had no apparent right to continue its use (unless possibly by inverse condemnation or eminent domain proceedings).

Compiled by M. Ackerman

Approved by W. Werrell

REPORT OF LICENSEE FOR 2018

Primary Owner: U S NATIONAL PARK SERVICE
Primary Contact:

Date Submitted: 03/13/2019

Application Number: A021408
License Number: 009261

Source(s) of Water	POD Parcel Number	County
UNSP		Shasta

MAX Direct Diversion Rate: 500 GPD
MAX Collection to Storage: 0 AC-FT
Face Value: 0.6 AC-FT

Permitted Use(s)	Acres	Direct Diversion Season	Storage Season
Domestic	0	01/01 to 12/31	

1. Project Abandoned	
The project has been abandoned and I request revocation of my water right license	No

2. Compliance with License Terms and Conditions	
I have currently reviewed my water right license and I am complying with all terms and conditions	No
Description of noncompliance with terms and conditions	No longer used in support of licensed purposes. NPS considers state appropriative licenses to be federal property, and that this change does not indicate an intent to abandon this license. NPS intends to determine whether a formal change is appropriate in the future

3. Changes to the Project	
Intake location has been changed	
Description of intake location changes	
Type of use has changed	
Description of type of use changes	
Place of use has changed	
Description of place of use changes	
Other changes	
Description of other changes	

4. Purpose of Use	
Fish and Wildlife Preservation and Enhancement	Please see remarks.

Special Use Categories	
C1. Are you using any water diverted under this right for the cultivation of cannabis?	No

5. Maximum Rate of Diversion	
Month	**Rate of Diversion**
January	
February	

March	
April	
May	
June	
July	
August	
September	
October	
November	
December	

6. Amount of Water Diverted and Used			
Month	**Amount directly diverted (Acre-Feet)**	**Amount diverted or collected to storage (Acre-Feet)**	**Amount used (Acre-Feet)**
January	0	0	0.05

Water Rights Fee WATER RIGHTS	Fee	Interest	Penalty	Total
DETERMINATION ISSUED 11/14/17				
AS DETERMINED				
For the Period 07/01/17-06/30/18				
Revenue	149.96			149.96
Subtotal	149.96	0.00	0.00	149.96
AMOUNT-DUE				149.96

Note: This billing was issued by the California Department of Tax and Fee Administration (CDTFA) on behalf of the State Water Resources Control Board. Checks should be made payable to State Board of Equalization and mailed to Special Taxes and Fees Remittance Processing, California Department of Tax and Fee Administration, P.O. Box 942879, Sacramento, CA 94279-0001. An envelope is enclosed for your convenience.

Why take care of this now?

Interest is added on any unpaid tax or fee amounts at the rate of 0.583 % per month. Interest of 0.87 will accrue if the FEE is not paid on or before 12/14/17. You can prevent additional interest from being added to your bill by acting now.

Avoid Collection Cost Recovery fees by paying on time.

Additional penalty of $ 15.00 is due if not paid by 12/14/17.

To view the CDTFA 'S Privacy Notice, please visit our website at

Payments can be made online by going to *www.cdtfa.ca.gov* and selecting the "Make a Payment" tab. 00045951120

If you are paying by check or money order, write your account number and Notice ID shown above. Make check or money order payable to the CDTFA. Include original top portion of this form with your payment. Keep the bottom portion for your records.

Account: WR STF 094-007961

** NOTICE OF DETERMINATION ** Page 2	NOTICE ID: 0002 8310 818		November 14, 2017	9
Water Rights Fee WATER RIGHTS	Fee	Interest	Penalty	Total

cdtfa.ca.gov/pdf/boe324gen.pdf.

The above assessment is based upon amounts due for the annual fee on a Water Rights Permit or License as required under California Code of Regulations, Title 23, Section 1066.

Information concerning Determinations

A person upon whom a determination is made or any person directly interested may petition for reconsideration with the State Water Resources Control Board within 30 days from the date of this notice. The State Water Resources Control Board must receive the petition for reconsideration by the 30th day. A petition for reconsideration must be in writing and state the specific grounds upon which it is founded, including an explanation why the petitioner believes that no fee is due or how the petitioner believes that the amount of the fee has been miscalculated.

Anyone filing a petition should be prepared to submit documentary evidence to support the specific grounds upon request. All petitions for reconsideration must be mailed to the following address:

State Water Resources Control Board, Division of Water Rights, P.O. Box 2000, Sacramento, CA 95812-2000

Petitions for Reconsideration are governed by Chapter 4(commencing with section 1120) of Part 1 of Division 2 of the Water Code and Article 12 (commencing with Section 768) of Chapter 2 of Division 3 of Title 23 of the California Code of Regulations. The California Water Code and California Code of Regulations may be found at www.waterboards.ca.gov/laws_regulations/.

The filing of the petition will not prevent the accrual of interest. Prompt payment of undisputed portions of the liability should be made. This will prevent accrual of additional interest thereon and will not in any way affect the protested portions. The application of additional penalty would be deferred until 30 days after the date of a Notice of Redetermination.

Payments can be made online by going to *www.cdtfa.ca.gov* and selecting the "Make a Payment" tab.

If you are paying by check or money order, write your account number and Notice ID shown above. Make check or money order payable to the CDTFA. Include original top portion of this form with your payment. Keep the bottom portion for your records.

In Regards to Water Right(s) [ID (password)]: A008229 (593464), A019103 (897887), A019104 (353647), A020837(763063),A021408(892946)

NOTICE OF UNAVAILABILITY OF WATER AND IMMEDIATE CURTAILMENT FOR THOSE DIVERTING WATER IN THE SACRAMENTO RIVER WATERSHED WITH A POST-1914 APPROPRIATIVE RIGHT

On January 23, 2015 and again on April 2, 2015, the State Water Resources Control Board (State Water Board) issued a Notice of Surface Water Shortage and Potential for Curtailment due to dry conditions throughout the State. On April 1, 2015, the Governor issued an executive order, order B-29-15, continuing the state of emergency, initially enacted on January 17, 2014, due to drinking water shortages, diminished water for agriculture production, degraded habitat for fish and wildlife, increased wildfire risk and the threat of saltwater contamination to fresh water supplies in the Sacramento-San Joaquin Delta.

Curtailment of Post-1914 Water Rights:
Based upon the most recent reservoir storage and inflow projections, along with forecasts for future precipitation events, the State Water Board has determined that the existing water supply in the Sacramento River watershed is insufficient to meet the needs of all water rights holders. With this notice, the State Water Board is notifying all holders of post-1914 appropriative water rights within the Sacramento River watershed of the need to immediately stop diverting under their post-1914 water rights, with the exceptions discussed below. Please be advised that, if you continue to divert under a claim of pre-1914 right, most or all pre-1914 rights in the Sacramento River watershed are likely to be curtailed later this year due to the extreme dry conditions. This condition of curtailment will continue until water conditions improve. Even if there is water physically available at your point of diversion, that water is necessary to meet senior water right holders' needs or is water released from storage that you are not entitled to divert. If precipitation occurs in the following weeks or months, you should not commence diversion before being notified by the State Water Board that water is legally available for diversion under your priority of right.

Permission to initiate diversions during or following significant rainfall events may be posted at: http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/index.shtml#notices. You can get immediate email updates from the State Water Board about these notices by subscribing to "Drought Updates" at: http://www.waterboards.ca.gov/resources/email_subscriptions/

Compliance Certification Required:
Curtailed post-1914 diverters are required to document receipt of this notice by completing an online Curtailment Certification Form (Form) within seven days. The Form confirms your cessation of diversion under the specific post-1914 water right, and, if applicable, identifies the alternate water supply you will use in lieu of the curtailed water right. Completion of the Form is mandatory to avoid unnecessary potential enforcement proceedings. You are required to complete the Form for each post-1914 water right identified through this curtailment at:
http://www.waterboards.ca.gov/waterrights/water_issues/programs/ewrims/curtailment/2015curt_form.php

Exceptions to Curtailment:
If your diversion is for hydroelectric generation by direct diversion only and all water diverted is returned to the same stream system, you may continue to divert under your post-1914 permit or license. If you continue to divert under the above circumstances, you must identify that on the Form and provide the information requested. If you have previously collected water to storage in a reservoir covered by a post-1914 right prior to this curtailment notice, you still may beneficially use that previous stored water consistent with the terms and conditions of your post-1914 water right. However, you must bypass all inflow into the reservoir at all times during the curtailment.

No Exception for Health and Safety:
There is no exception to the curtailment notice for health and safety needs. However, we are aware that some water users must comply with directives issued by the Division of Drinking Water (DDW), or local health or drinking water regulation to provide continued water service to meet minimum health and safety standards. Should you continue to divert water under a curtailed water right to meet human health and safety needs, you must complete the Form identifying your health and safety needs, whether there is an applicable DDW, state or local regulation and your attempts at securing an alternate water supply. The State Water Board will carefully analyze the non-exempted continued diversions for minimum health and safety needs on a case-by-case basis.

Potential Enforcement:
Those who are found to be diverting water beyond what is legally available to them may be subject to administrative fines, cease and desist orders, or prosecution in court. The State Water Board may levy fines of $1,000 per day of violation and $2,500 for each acre-foot diverted or used in excess of a valid water right. (See Water Code, §§ 1052,1055.) Additionally, if the State Water Board issues a Cease and Desist Order against an unauthorized diversion, violation of any such order can result in a fine of $10,000 per day. (See Water Code,

§§1831, 1845.)

The State Water Board is encouraging diverters to work together to reach local voluntary agreements that not only provide solutions that help local communities with water shortages, but also prevent impacts to other legal users of water and do not cause unreasonable effects on fish and wildlife. If you have any questions, please call our Curtailment Hotline at (916) 341-5342, contact us by email at: SWRCB-Curtailment-Certification@waterboards.ca.gov, or review our drought year webpage at:
http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/index.shtml

The State Water Board also encourages water right holders to assist in the prevention of unlawful diversion of water and in discouraging any waste or unreasonable use of water.
To assist the State Water Board, you may file a complaint at:
http://www.dtsc.ca.gov/database/CalEPA_Complaint/index.cfm.

We recognize the burden and loss this notice creates for you during the drought, and want to assure that others do not illegally benefit from your curtailments.

Sincerely,

Thomas Howard

Thomas Howard
Executive Director

PLEASE ANSWER ONLY THOSE QUESTIONS BELOW THAT ARE APPLICABLE TO YOUR WATER RIGHT PROJECT
(Please note that future amendments to the claims below will not be accepted.)

An appropriative water right can be reduced or revoked through five continuous years of nonuse. However, the California Water Code specifies that under certain conditions no reduction or loss of the appropriative water right shall occur due to: (a) water conservation efforts; (b) use of recycled, desalinated, or polluted water; and/or (c) conjunctive use of groundwater and surface water. You must report the extent and amount of water claimed for credit below. Failure to report the amounts will deprive you of the benefits allowed under the Water Code sections.

CONSERVATION OF WATER: (Water Code section 1011)

7. **[ ] YES [ ] NO** During the period covered by this Report, were you implementing any water conservation efforts? If **YES**, please describe:

8. If **YES** and you want to claim credit for the amount of water conserved towards the water use authorized under your license as allowed under Water Code section 1011, please show the amount of water conserved below:

Future amendments to this claim will not be accepted.	2007	2008	2009
Amount of water conserved. *Specify in acre-feet (AF) or million gallons (MG)*			

WATER QUALITY AND WASTEWATER RECLAMATION: (Water Code section 1010)

9. **[ ] YES [X] NO** During the period covered by this Report, did you use reclaimed water from a wastewater treatment facility, water from a desalination facility, or water polluted by waste to a degree which unreasonably affects the water for other beneficial uses?

10. If **YES** and you want to claim credit for the substitution of this reclaimed, desalinated, or polluted water in lieu of the surface water authorized under your license as allowed by Water Code section 1010, please show the amount of reclaimed, desalinated, or polluted water used below:

Future amendments to this claim will not be accepted.	2007	2008	2009
Amount of reclaimed, desalinated, or polluted water used. *Specify in acre-feet (AF) or million gallons (MG)*			

CONJUNCTIVE USE OF GROUNDWATER AND SURFACE WATER: (Water Code section 1011.5)

11. **[ ] YES [X] NO** During the period covered by this Report, were you using groundwater in lieu of the surface water authorized under your license?

12. If **YES** and you want to claim credit for the groundwater used in lieu of the surface water authorized under your permit as allowed under Water Code section 1011.5, please show the amount of groundwater used below:

Future amendments to this claim will not be accepted.	2007	2008	2009
Amount of groundwater used in lieu of surface water. *Specify in acre-feet (AF) or million gallons (MG)*			

REMARKS: (Identify the item you are explaining; additional pages may be attached.)

I declare under penalty of perjury that the information in this report is true to the best of my knowledge and belief.

License 7453 (Application A019103) Unnamed Spring
License 7454 (Application)
License 9261 (Application A021408) Unnamed Spring

Dear Mr. Wright:

Attached are completed Reports of Licensee forms for water right licenses in Whiskeytown National Recreation Area.

As Denise Newberry of my staff discussed with you earlier this year, the National Park Service is updating the status of its water rights in California park units. The National Park Service is requesting orders correcting the purpose of use for the following water licenses, as indicated below:

License 9261 (Application A021408) Unnamed Spring - add wildlife preservation and fire suppression

License 2275 (Application A008229) South Liberty Gulch - add fire suppression, delete domestic

License 9292 (Application A020837) Unnamed Stream - add wildlife preservation and fire suppression

License (Application) - add

License (Application) - add

Please contact Denise Newberry at (303) 225-3525 if this is not

acceptable or you have any other questions regarding these Reports of Licensee.

Sincerely,

Owen R. Williams

STATE OF CALIFORNIA
STATE WATER RESOURCES CONTROL BOARD
DIVISION OF WATER RIGHTS

ORDER

APPLICATION 21408 PERMIT 14544 LICENSE 9261

ORDER CORRECTING DESCRIPTION OF POINT OF DIVERSION
AND AMENDING THE LICENSE

WHEREAS:

1. License 9261 was issued to Whiskeytown National Recreation Area and was recorded with the County Recorder of Shasta County on April 17, 1970, in Volume 1025, Page 446.

2. A request to correct the description of point of diversion under License 9261 has been filed with the State Water Resources Control Board.

3. An engineering survery was conducted of the area involving the place of use in 1973 and it was determined that the description of the point of diversion was incorrectly described and should be corrected.

4. The continuing authority condition in License 9261 needs to be ammended to agree with current standard license term pertaining to the Boards continuing authority and public trust responsiblities as contained in Title 23, California Code of Regulations, Section 780(a).

5. The Board has determined that said correction in the description of the point of diversion does not constitute the initiation of a new right nor operate to the injury of any other lawful user of water.

NOW, THEREFORE, IT IS ORDERED THAT:

1. The point of diversion under License 9261 be described as follows:

   North 2,600 feet and East 200 feet from SW corner of Section 35, T33N, R7W, MDB&M, being within NW¼ of SW¼ of said Section 35, also described as California Coordinate System, Zone 1, N 488,700 and E 1,824,000.

2. The license condition pertaining to the Boards continuing authority be amended to read:

   Pursuant to California Water Code Sections 100 and 275, and the common law public trust doctrine, all rights and privileges under this permit and under any license issued pursuant thereto, including method of diversion, method of use, and quantity of water diverted, are subject to the continuing authority of the State Water Resources Control Board in accordance with law and in the interest of the public welfare to protect public trust uses and to prevent waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion of said water.

   The continuing authority of the Board may be exercised by imposing specific requirements over and above those contained in this permit with a view to eliminating waste of water and to meeting the reasonable water requirements of permittee without unreasonable draft on the source. Permittee may be required to implement a water conservation plan, features of which may

include but not necessarily be limited to: (1) reusing or reclaiming the water allocated; (2) using water reclaimed by another entity instead of all or part of the water allocated; (3) restricting diversions so as to eliminate agricultural tailwater or to reduce return flow; (4) suppressing evaporation losses from water surfaces; (5) controlling phreatophytic growth; and (6) installing, maintaining, and operating efficient water measuring devices to assure compliance with the quantity limitations of this permit and to determine accurately water use as against reasonable water requirements for the authorized project. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such specific requirements are physically and financially feasible and are appropriate to the particular situation.

The continuing authority of the Board also may be exercised by imposing further limitations on the diversion and use of water by the permittee in order to protect public trust uses. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such action is consistent with California Constitution Article X, Section 2; is consistent with the public interest and is necessary to preserve or restore the uses protected by the public trust. Sacramento, CA 95810

Dear Mr. Gunby:

Enclosed is a portion of a U.S.G.S. topographic map. Please note the red "x" placed on the map. This marks the exact location where water is diverted for Water Right No. 9261. Also, note the blue "x" placed on the same map. This marks the exact location where water is used for Water Right No. 9261.

This water right is recorded for use by the National Park Service, Whiskeytown Unit, for domestic use by Park Service employees.

It is our understanding that this information was requested by your office in order to make certain these locations are correct in your files.

If we can be of further assistance to you, please contact Bud Ivey or me at (916) 241-6584.

Sincerely,

(Sgd) Ray C. Foust

Dear Mr. Czarnowski:

LICENSE 9261 (APPLICATION 21408) UNNAMED SPRING IN SHASTA COUNTY

This is in response to our telephone conversation of March 15, 1988 relative to determining where the point of diversion and place of use is located under License 9261.

After reviewing the file for License 9261, it is suggested that you delineate the location for the point of diversion and place of use on the attached U.S.G.S. map and return it to us.

Upon receipt of the U.S.G.S. map, we will undertake the necessary action to correct the location of the point of diversion and, if necessary, the place of use.

Sincerely,

Ralph Gunby

Memorandum

To: Associate Regional Director
Resources Management and Planning
Western Region

From: Acting Chief
Water Resources Division

Subject: Transmittal of Reports of Licensee for California park units

Attached are completed Report of Licensee forms for 1985, 1986 and 1987 water usage for water rights at Death Valley NM, Lassen Volcanic NP, Point Reyes NS, Redwoods NP, Sequoia-Kings Canyon NP, Whiskeytown NRA, and Yosemite NP. The Water Rights Branch of the Water Resources Division prepared the forms based upon information received from the respective park units.

The forms need to be transmitted to the State Water Resources Control Board from your office as soon as possible. We have attached proposed letters of transmittal to accompany each park unit's set of forms.

If you have any questions regarding the forms or their transmittal, please contact Pat Larson of the Water Rights Branch at 303/221-5341.

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program [ ]; (2) Lining canals [ ]; (3) Phreatophyte and aquatic vegetation control [ ]; (4) Other (describe in "Remarks") [ ].

18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable [ ]; (2) Return flow systems on individual farms [ ]; (3) Return flow system areawide [ ]; (4) Water pricing to encourage reduced use [ ]; (5) Charges for drainage of irrigated lands [ ]; (6) Other (describe in "Remarks") [ ].

19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use [ ]; (2) Public education program on water conservation [ ]; (3) Pricing to encourage reduced use [ ]; (4) Assistance to industry in design of recycle systems [ ]; (5) Other (describe in "Remarks" [ ].

20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system [ ]; (2) Water use for major crops by each farm [ ]; (3) Other (describe in "Remarks") [ ].

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____

22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
19__ _____ 19__ _____ 19__ _____

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____

24. After use, the water is (1) retained in reservoir [ ]; (2) discharged into a stream or lake [ ]; (3) discharged into settling ponds [X]; (4) Other [ ]. Describe: _____

25. Does or will water being discharged contain waste materials? YES [X] NO [ ].
(1) Domestic [X]; (2) Municipal [ ]; (3) Industrial [ ]; (4) Agricultural [ ]; (5) Other [ ]. Describe: _____

26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES [ ] NO [X]. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES [ ] NO [X].

If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.

28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES [ ] NO [X]. If yes, please describe. _____

29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?

30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?

31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

REMARKS: (Identify the item you are explaining. Additional pages may be attached.)

29. No potential

30. No potential

31. No

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program [ ]; (2) Lining canals [ ]; (3) Phreatophyte and aquatic vegetation control [ ]; (4) Other (describe in "Remarks") [ ].

18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable [ ]; (2) Return flow systems on individual farms [ ]; (3) Return flow system areawide [ ]; (4) Water pricing to encourage reduced use [ ]; (5) Charges for drainage of irrigated lands [ ]; (6) Other (describe in "Remarks") [ ].

19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use [ ]; (2) Public education program on water conservation [ ]; (3) Pricing to encourage reduced use [ ]; (4) Assistance to industry in design of recycle systems [ ]; (5) Other (describe in "Remarks" [ ].

20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system [ ]; (2) Water use for major crops by each farm [ ]; (3) Other (describe in "Remarks") [ ].

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____

22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
1978 _____ 1979 _____ 1980 _____

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____

24. After use, the water is (1) retained in reservoir [ ]; (2) discharged into a stream or lake [ ]; (3) discharged into settling ponds [X]; (4) Other [ ]. Describe: _____

25. Does or will water being discharged contain waste materials? YES [X] NO [ ].
(1) Domestic [X]; (2) Municipal [ ]; (3) Industrial [ ]; (4) Agricultural [ ]; (5) Other [ ]. Describe: _____

26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES [ ] NO [X]. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES [ ] NO [X].

If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.

28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES [ ] NO [X]. If yes, please describe. _____

29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?

30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?

31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

SWRCB-17 (9-75)

1975

(REPORT CONTINUES ON REVERSE SIDE)

Information provided by Mr. Licier verbally to W. Werrell on 12/4/75

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code.

CONSERVATION OF WATER

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in remarks) ☐.

18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.), where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in remarks) ☐.

19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in remarks) ☐.

20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in remarks) ☐.

WATER QUALITY AND WASTEWATER RECLAMATION

21. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters:

22. After use, the water is (1) retained in reservoir ☐; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☐; (4) Other ☐. Describe:

23. Does or will water being discharged contain waste materials? ☐ Yes ☐ No.
(1) Domestic ☐; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe:

24. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? ☐ Yes ☐ No. Describe:

25. Describe what steps you are, have been, or can take to reclaim or indirectly reuse the water sought being appropriated:

REMARKS

Please designate by number the question you are answering:

(If additional space is needed for remarks, attach numbered sheets.)

06-19-1969: license for diversion and use of water: application 21408, permit 14544, license 9261

Licensee shall allow representatives of the Board and other parties, as may be authorized from time to time by the Board, reasonable access to project works to determine compliance with the terms of this license.

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.

Gentlemen:

Enclosed are forms affecting four water permits at Whiskeytown National Recreation Area which the Superintendent has executed and has submitted through this office. This is in accordance with the results of a recent inspection made by C.H. Dabney of your office.

Action on permits are as follows:

Permit No. 13876:	A request for license, and petition for correction in purpose of use.
Permit No. 13375:	A petition for extension of time.
Permit No. 13348:	A request for revocation.
Permit No. 14544:	A request for license and correction of point of diversion and point of use. Petition for extension of time.

Please bill this office for the necessary fee of $5.00.

Sincerely yours,

(SGD) GERARD S. WITUCKI

PERMIT 14544

This report is important to you in establishing your water right. It should be filled out carefully and returned promptly to the State Water Resources Control Board, Division of Water Rights, Room 1140, Resources Building, 1416 Ninth Street, Sacramento, California 95814.

Neither the filing of an application nor issuance of a permit in approval thereof constitutes a water right. A water right is established only by beneficial use of water in accordance with the terms and conditions of the permit. This report provides a record of the development of your project. If the project is diligently completed a license will be issued to confirm the right developed by beneficial use.

1. Has construction work commenced?_____

2. Has all construction work been completed? Yes If not, give estimated date of completion _____

3. State approximate cost of construction work on this project during the past 12 months Unknown

   Describe briefly the portions of the project upon which the above amount was spent_____

4. What construction work remains to be done to complete the project?_____

5. Has use of water commenced?_____ What was the maximum rate of diversion (if known)?_____

6. What quantity of water was used each month in 1968 under this permit in gallons or acre-feet? (If not known check months water was used.)

Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total Annual
X	X	X	X	X	X	X	X	X	X	X	X	X

7. Has use of water, both amount and season, been as great as you expect in any future year under this permit?_____

8. Has location of the intake or place of use been changed? No

9. Did the source go dry? No If so, during what months?_____

10. Did your reservoir spill this year?_____ If not, how many feet below spillway vertically was the water level at maximum storage?_____ Have you emptied the reservoir?_____ If not, how many feet below spillway vertically was it drawn down at end of season?_____

11. You should keep complete records of your use of water in your own files. Please supply information below concerning your use of water.

(a) ☐ Irrigation_____ (Total acres irrigated) (Name crops served and acreage of each)

(b) ☐ Stockwatering_____ (Number of animals)

(c) ☐ Industrial_____ (Nature of use)

(d) ☐ Domestic_____ (Number of persons, Area of garden, lawn, etc.)

(e) ☐ Municipal_____ (Approximate population)

(f) ☐ Mining_____ (Method of water use)

(g) ☐ Recreational_____ (Nature of use)

(h) ☐ Power_____ (Installed horsepower capacity)

(i) ☐ Other_____

12. The project has been abandoned and I request revocation of this permit. ☐ Yes ☐ No

REMARKS This permit acquired through purchase of property by U.S. Government;
(If more space is needed, use reverse side)
Continued domestic use is anticipated.

12-06-1967 : table concerning applications to appropriate

EXPLANATION OF ENTRIES

DATE FILED: First two digits are month; next two digits are day of month; last two digits are year.

POINT OF DIVERSION:

SECTION: Forty acre subdivision of the section in which the point of diversion is located:

NWNW	NENW	NWNE	NENE
SWNW	SENW	SWNE	SENE
NWSW	NESW	NWSE	NESE
SWSW	SESW	SWSE	SESE

TWP & RANGE: Numbers preceding N or S are township number north or south of base line. Numbers preceding E or W are range numbers east or west of meridian.

B & M: H is Humboldt Base and Meridian
M is Mt. Diablo Base and Meridian
S is San Bernardino Base and Meridian

AMOUNT: A symbol (*, #, %, ¢, =, ", etc. preceding an amount entry indicates that there are alternate points of diversion under this application and the amount listed may be diverted from this or other point or points of diversion identified by the same symbol under this application number.

USE:
A Agricultural
B Mining
C Milling
D Domestic
E Fire protection
F Flood control
G Dust control
H Fish culture
I Irrigation
J Industrial
K Irrigation, domestic
L Salinity control
M Municipal
N Navigation

NOTICE OF APPLICATION TO APPROPRIATE WATER

APPLICATION 21408

NOTICE IS HEREBY GIVEN THAT RAYMOND & MARY ALICE KAPUSTA
ROUTE 2, BOX 5593, ANDERSON, CALIF

HAVE UNDER THE DATE OF JULY 29, 1963, APPLIED TO THE STATE WATER RIGHTS BOARD FOR A PERMIT TO APPROPRIATE UNAPPROPRIATED WATER, SUBJECT TO VESTED RIGHTS.

DESCRIPTION OF PROJECT

WATER TO BE APPROPRIATED FROM UNNAMED SPRING TRIBUTARY TO CLEAR CREEK THENCE SACRAMENTO RIVER
POINT OF DIVERSION AND PLACE OF USE WITHIN SE1/4 OF SE1/4 SECTION 34 T33N R7W MDB&M, AS SHOWN ON MAP FILED WITH STATE WATER RIGHTS BOARD
IN THE COUNTY OF SHASTA
AMOUNT APPLIED FOR: 4000 GALLONS PER DAY BY DIRECT DIVERSION
DIVERSION SEASON NAMED: JANUARY 1 TO DECEMBER 31 OF EACH YEAR

WATER TO BE USED FOR DOMESTIC PURPOSES

RELATIVE TO PROTESTS

BLANKS UPON WHICH TO SUBMIT PROTESTS WILL BE SUPPLIED FREE UPON REQUEST

ANY PERSON DESIRING TO PROTEST THE GRANTING OF SUCH PERMIT SHALL WITHIN 40 DAYS FROM DATE HEREOF FILE A WRITTEN PROTEST WITH THE STATE WATER RIGHTS BOARD. SUCH PROTEST SHALL CLEARLY SET FORTH THE PROTESTANT'S OBJECTIONS TO THE APPROVAL OF THE APPLICATION AND SHALL CONTAIN THE FOLLOWING INFORMATION:

(1) STATEMENT OF THE INJURY WHICH WOULD RESULT TO PROTESTANT FROM SUCH APPROPRIATION AND USE.

(2) THE BASIS OF PROTESTANT'S WATER RIGHT.

(3) PROTESTANT'S PAST AND PRESENT USE OF WATER BOTH AS TO AMOUNT USED AND LAND IRRIGATED OR USE MADE OF WATER IF OTHER THAN IRRIGATION.

(4) THE APPROXIMATE LOCATION OF PROTESTANT'S LAND OR PLACE OF USE AND POINT OF DIVERSION OF THE WATER.

A COPY OF THE PROTEST SHOULD BE SENT TO THE APPLICANT AND THIS OFFICE SHOULD BE NOTIFIED THAT THE SAME HAS BEEN DONE.

STATE WATER RIGHTS BOARD
SACRAMENTO

Application No. 21408 Filed July 29, 1963 at 2:34 P M.
(Applicant must not fill in the above blanks)

APPLICATION TO APPROPRIATE UNAPPROPRIATED WATER

I, Raymond and Mary Alice Kapasta
Name of applicant or applicants

of Rt 2 Box 5593, Anderson County of Shasta
Address

State of California, do hereby make application for a permit to appropriate the following described unappropriated waters of the State of California, *SUBJECT TO VESTED RIGHTS:*

Source, Amount, Use and Location of Diversion Works

1. The source of the proposed appropriation is an Unnamed Spring
Give name of stream, lake, etc., if named; if unnamed state nature of source and that it is unnamed

located in Shasta County, tributary to Clear Creek

2. The amount of water which applicant desires to appropriate under this application is as follows:

(a) For diversion to be directly applied to beneficial use 4000 gal/day cubic feet per
1 cubic foot per second equals 40 statute miner's inches or 646,317 gallons per day

second, to be diverted from Jan 1 to Dec. 31 of each year.
Beginning date Closing date

(b) For diversion to be stored and later applied to beneficial use acre-feet
1 acre-foot equals 325,851 gallons

per annum, to be collected between and of each season.
Beginning date Closing date

NOTE.—Answer (a) or (b) or both (a) and (b) as may be necessary. If amount under (a) is less than .025 cubic foot per second, state in gallons per day. Neither the amount nor the season may be increased after application is filed. If underground storage is proposed a special supplemental form will be supplied by the State Water Rights Board upon request.

3. The use to which the water is to be applied is Domestic
Domestic, irrigation, power, municipal, mining, industrial, recreational

purposes.

4. The point of diversion is to be located Section 34 of T 33N R 7W
State bearing and distance or coordinate distances from section or quarter section corner

MDB&M (1200' No. of the SE quarter) Corner.

being within the SE¼ of SE¼
State 40-acre subdivision of public land survey or projection thereof

of Section 34, T. 33N, R. 7W, MD B. & M., in the County of Shasta

5. The main conduit terminates in SE¼ of SE¼ of Sec. 34, T. 33N, R. 7W, MD B. & M.
State 40-acre subdivision of U. S. Government survey or projection thereof

Description of Diversion Works

NOTE.—An application cannot be approved for an amount grossly in excess of the estimated capacity of the diversion works.

6. Intake or Headworks (fill only those blanks which apply)

(a) Diversion will be made by pumping from gravity - sump
Sump, offset well, unobstructed channel, etc.

(b) Diversion will be by gravity, the diverting dam being feet in height (stream bed to level of overflow); feet long on top; and constructed of
Concrete, earth, brush, etc.

(c) The storage dam will be feet in height (stream bed to overflow level); feet long on top; have a freeboard of feet, and be constructed of
Concrete, earth, etc.

7. Storage Reservoir
Name

The storage reservoir will flood lands in
Indicate section or sections, also 40-acre subdivisions unless shown upon map

It will have a surface area of acres, and a capacity of acre-feet.

☞ In case of insufficient space for answers in form, attach extra sheets at top of page 3 and cross reference.

FORM 1

If reservoir has a capacity of 25 acre-feet or more fill in the following: Diameter of outlet pipe inches; length feet; difference in elevation from spillway level to highest point of outlet pipe feet; fall in pipe feet.

VOL I p 93

8. **Conduit System** (describe main conduits only)

(a) Canal, ditch, flume: Width on top (at water line)_____ feet; width at bottom_____
Cross out two not used

feet; depth of water_____ feet; length_____ feet; grade_____ feet per 1,000 feet; materials of construction_____
Earth, rock, timber, etc.

(b) Pipe line: Diameter 1"&2" inches; length 400-2" feet; grade 12% feet per 1,000 feet; total fall / lift from intake to outlet 75 feet; kind Cast Iron. Galvanized Steel.
Riveted steel, concrete, wood-stave, etc.

NOTE.—If a combination of different sizes or kinds of conduit is to be used, attach extra sheets with complete description, also show location of each clearly on map.

9. **The estimated capacity** of the diversion conduit or pumping plant proposed is 10 gal/min.
State cubic feet per second or gallons per minute

The estimated cost of the diversion works proposed is $625.00
Give only cost of intake, or headworks, pumps, storage reservoirs and main conduits described herein

Completion Schedule

10. **Construction work will begin on or before** October 1963

Construction work will be completed on or before January 1964

The water will be completely applied to the proposed use on or before Jan. 1965

Description of Proposed Use

11. **Place of Use.** NE¼ SE¼ Section 34 T 33 N R 7 W MDB&M
State 40-acre subdivisions of the public land survey. If area is unsurveyed indicate the location as if lines of the public land survey were projected. In the case of irrigation use state the number of acres to be irrigated in each 40-acre tract, if space permits. If space does not permit listing of all 40-acre tracts, describe area in a general way and show detail upon map.

Do(es) applicant(s) own the land whereon use of water will be made? yes Jointly? yes
Yes or No Yes or No

If applicant does not own land whereon use of water will be made, give name and address of owner and state what arrangements have been made with him.

12. **Other Rights.** Describe all rights except those on file with the State Water Rights Board under which water is served to the above named lands.

Nature of Right (riparian, appropriative, purchased water, etc.)	Year of First Use	Use made in recent years including amount if known	Season of Use	Source of Other Supply
1. None				
2.				
3.				
4.				

Attach supplement at top of page 3 if necessary.

13. **Irrigation Use.** The area to be irrigated is_____ acres.
State net acreage to be irrigated

The segregation of acreage as to crops is as follows: Rice_____ acres; alfalfa_____ acres; orchard_____ acres; general crops_____ acres; pasture_____ acres.

NOTE.—Care should be taken that the various statements as to acreage are consistent with each other, with the statement in Paragraph 11, and with the map.

The irrigation season will begin about_____ and end about_____
Beginning date Closing date

14. **Power Use.** The total fall to be utilized is_____ feet.
Difference between nozzle or draft tube water level and first free water surface above

The maximum amount of water to be used through the penstock is_____ cubic feet per second.

The maximum theoretical horsepower capable of being generated by the works is_____ horsepower.
Second feet × fall ÷ 8.8

The use to which the power is to be applied is_____
For distribution and sale or private use, etc.

The nature of the works by means of which power is to be developed is_____
Turbine, Pelton wheel, etc.

The size of the nozzle to be used is_____ inches.

The water will / will not be returned to_____ in_____ of
Name stream State 40-acre subdivision

Sec._____, T._____, R._____, _____ B. & M.

DO NOT WRITE IN THIS SPACE
ATTACH EXTRA SHEETS HERE

15. **Municipal Use.** This application is made for the purpose of serving _____
Name city or cities, town or towns. Urban areas only
_____ having a present population of _____

The estimated average daily consumption during the month of maximum use at the end of each five-year period until the full amount applied for is put to beneficial use is as follows:

_____

16. **Mining Use.** The name of the mining property to be served is _____
Name of claim
and the nature of the mines is _____
Gold placer, quartz, etc.

The method of utilizing the water is _____

It is estimated that the ultimate water requirement for this project will be _____
Cubic feet per second, gallons per minute. State basis of estimate

The water will / will not be polluted by chemicals or otherwise _____
Explain nature of pollution, if any

and it will / will not be returned to _____ in _____ of
Name stream — State 40-acre subdivision

Sec. _____, T. _____, R. _____, _____ B. & M.

17. **Other Uses.** The nature of the use proposed is _____
Industrial, recreational, domestic, stockwatering, fish culture, etc.
2 Cabins, 4 people, 1/2 acre of garden

State basis of determination of amount needed. and some fruit trees.
Number of persons, residences, area of domestic lawns and gardens, number and kind of stock, type of industrial use, and unit requirements

General

18. Are the maps as required by the Rules and Regulations filed with Application? yes. If not,
Yes or No
state specifically the time required for filing same _____

19. Does the applicant own the land at the proposed point of diversion? No. If not, give name and
Yes or No
address of owner and state what steps have been taken to secure right of access thereto _____
Us Forest Service - Redding - Permission has been Requested from the Forest Service.

20. What is the name of the post office most used by those living near the proposed point of diversion?

_____

21. What are the names and addresses of claimants of water from the source of supply below the proposed point of diversion? not Known

GRANT DEED

We, RAYMOND A. KAPUSTA and MARY ALICE KAPUSTA, husband and wife, Grantors,

For and in consideration of the sum of THIRTY-THREE THOUSAND AND NO/100 DOLLARS ($33,000.00), lawful money of the United States to us in hand paid by THE UNITED STATES OF AMERICA, the receipt whereof is hereby acknowledged, do by these presents grant, bargain, sell and convey unto THE UNITED STATES OF AMERICA and its assigns, all that certain real property situate in the County of Shasta, State of California, described as follows:

All that portion of the West Two Hundred Sixteen and No One Hundredths (216.00) feet of the Southeast quarter of the Northeast quarter of the Southeast quarter (SE¼NE¼SE¼) of Section Thirty-four (34), Township Thirty-three (33) North, Range Seven (7) West, Mount Diablo Base and Meridian.

SUBJECT TO existing easements for public roads and highways, public utilities, railroads and pipelines; AND those reservations contained in that patent from the United States of America to Fritz Oding, dated March 26, 1908 and recorded May 5, 1908 in Book 11 of Patents at Page 239, Shasta County Records; AND rights-of-way outstanding in third parties as described in the following documents; (1) An agreement of Sale between Roy H. Arnold, et al. and Raymond A. Kapusta, recorded August 6, 1963 in Book 753 of Official Records, at Page 424, Shasta County Records; (2) An agreement of Sale between Mary E. Ehrmann as seller and Roy H. Arnold and Freda Arnold, his wife, as buyers, recorded November 17, 1958, in Book 582 of Official Records at Page 298, Shasta County Records.

The deed may be unacceptable.

The Grantors also quitclaim to the United States of America all of their right title and interest in and to the Southeast quarter (SE¼) of Section Thirty-four (34) and the West half of the Southwest quarter (W½SW¼) of Section Thirty-five (35), all in Township Thirty-two (32) North, Range Seven (7) West, Mount Diablo Base and Meridian. TOGETHER WITH all water and water rights appurtenant to the property described above, including, but not limited to State of California - State Water Rights Board Application No. 21408, License No. none.

TO HAVE AND TO HOLD, the above granted and described premises, with all appurtenances, unto the UNITED STATES OF AMERICA and its assigns, forever.

IN WITNESS WHEREOF, We have hereunto executed this instrument this Third day of October, 1967.

Hi Eric-
Last week I received the results of the 10-day pump test performed on the well we constructed in September at the Tower House district at WHIS (attached here). They were able to maintain approx. 10gpm for the duration of the test which should allow them to pump 50% of that value considering they are in fractured bedrock. The recovery did not reach the 95% pre-pump level requirement of the State, but the consultant was told this would not matter considering the system is transient non-community status.

I believe that this and the adequate water quality results indicate they are going to move forward with putting this well into service. I let them know early on that they should contact WRB to deal with any rights issues, but am guessing that this was not done. So, just a heads up here should they need to complete anything prior to using this water source.

The spring they had been using at this site has been disconnected as they found it was actually outside the boundaries of the NRA. They have been hauling water recently.

Cheers-
Steve

CONTACTS

NAME: Ray Foust TITLE: Superintendent, WHIS PHONE: (916)241-6584

NAME: Bud Ivy TITLE: Res. Mng. Specialist PHONE: (916)241-6584

NAME: Ralph Gunby TITLE: Wtr. Rts. Specialist PHONE: (916)324-5693

LAST UPDATE: 03/17/88

ISSUE/CONCERN:

Another contact person is Paul Art, a water rights specialist with the California Water Rights Division (as is Ralph Gunby). His phone number is (916)324-5707.

The National Park Service has a water right (No. 9621) with a point of diversion on private land. The water right was filed by Mr. Kapusta with an incorrect location for the point of diversion and now the owner of the private land wants to sell the property. The Superintendent at Whiskeytown National Recreation Area requested assistance in providing proof of the existence of this water right that appears to have the point of diversion on private property outside the park.

ACTION PLAN:

1. Research dockets and assemble all information showing the existence of the National Park Service water right.

2. Prepare a memo for signature by the Chief, Water Rights Branck, to transmit the water rights information to Superintendent, WHIS.

3. Contact State Water Rights Division and correct the error associated with the point of diversion.

ACTION SCHEDULE:

Action	Due Date	COMPLETION Date	Responsible Person(s)
1	03/15/88	03/15/88	Ken Czarnowski
2	03/18/88	3/16/88	Ken Czarnowski
3	04/01/88	4/11/88	Ken Czarnowski

COMMENTS:

Ralph Gunby called from the State Water Rights Division and discussed the eroneous location for the point of diversion. He will send me a recent USGS topo map and asked us to locate the house (point of use) and the spring (point of diversion) on the map. Also, he wanted an estimate of the distance between the two points. Ralph said the entire area has been resurveyed. When I receive the maps, I will forward them to WHIS to obtain the required information.

SUMMARY:

On 4/18 Bud Ivy of Whiskeytown called and indicated the location on the map as being the Spring in Sec. 35. He will send the info to the State. I told him since the Spring was on private property, he should contact the Lands Division re an easement.

On 4/28 we received a copy of the location of the P.O.D + the P.O.U. for Water Right No. 9261 from Supt, WHIS that has been sent to the State Division of Water Rights.

04-11-1988: memorandum to superintendent, whiskeytown national recreation area from acting chief, water rights branch, water resources division regarding request for information on water right no. 9261 from the california division of water rights

April 11, 1988

L54 (479)
WR/WRIS Water Rights

Memorandum

To: Superintendent
Whiskeytown National Recreation Area

Through: Chief, Water Resources Division

From: Acting Chief, Water Rights Branch
Water Resources Division

Subject: Request for Information on Water Right No. ~~9621~~ 9261 from the California Division of Water Rights

When responding to your memorandum of March 10 regarding Water Right No. 9621, the Kapusta diversion, we contacted the State Division of Water Rights regarding the location of the point of diversion for Water Right No. ~~9621~~. In discussions with staff of that agency, they expressed uncertainty as to the exact location of the point of diversion for the water right. 9261

As a result of these discussions, the California Division of Water Rights sent us an updated U.S.G.S. map and asked that we plot the location of the point of diversion and the place of use for Water Right No. 9621 on their map. We are requesting that your staff provide this information on the attached map and return it to the California State Division of Water Rights. Once they receive this information, they will take the action necessary to correct the location of the point of diversion and, if necessary, the place of use.

If we can be of further assistance to you or the Lands Division on this issue, please contact Ken Czarnowski or me at (303) 221-6341.

March 16, 1988

L54(479)
WR/WHIS Water Rights

Memorandum

To: Superintendent
Whiskeytown National Recreation Area

Through: Acting Chief
Water Resources Division Dan B. Kimball

From: Chief, Water Rights Branch
Water Resources Division

Subject: Water Right No. 9621, Kapusta Diversion

This is in response to your memorandum of March 10 requesting information regarding the National Park Service's Water Right No. 9621.

According to our files, Mr. Ray Kapusta applied to the State of California (Application No. 21408) on July 29, 1963, to appropriate water from an unnamed spring tributary to Clear Creek. Apparently, Mr. Kapusta believed the spring was located on public land and obtained an easement from the Bureau of Land Management (BLM) for a pipeline from the spring to his land. He subsequently received Permit No. 14544 from the State to appropriate 500 gallons per day for domestic use.

On October 3, 1967, the NPS acquired the Kapusta tract and the appurtenant water right, which became part of Whiskeytown National Recreation Area (WHIS). Mr. Kapusta's former home was then used as a park ranger residence and the use of the spring water for domestic purposes continued without interruption. The NPS, having acquired Application No. 21408 and Permit No. 14544, filed with the State for a license for diversion and use of water. On April 7, 1970, the State issued License No. 9261 to the NPS for this source.

As a result of a boundary survey made in 1973, it was discovered that the spring was not located on government land but appeared to be located some 200 yards outside the boundary of the Park on private land. Based on this information, the Regional Director requested an opinion from the Regional Solicitor on the validity of the water right and the right of the NPS to continue to use the pipeline and the easement. The Solicitor's opinion (copy attached) stated that the water right is valid but the status of the easement is questionable.

From our research, we have determined that the NPS has clear entitlement to the water right (License No. 9621) for domestic use with a priority date of July 29, 1963. We are attaching copies of all pertinent documents supporting the NPS water right. However, following discussions with the California Water Resources Control Board, there appears to be some uncertainty concerning the exact location of the spring. If the spring is found to be outside of the park, we must then obtain an easement for our water pipe.

We will be happy to provide you and the Lands Division with whatever additional assistance is necessary to resolve this issue. If you have any questions, please contact Ken Czarnowski or me at (303)221-5341.

Memorandum

To: Stan Ponce, Water Resources Division, WASO

From: Superintendent, Whiskeytown

Subject: Water Right

We are enclosing a letter written to the National Park Service at Whiskeytown by an adjacent landowner. The landowner maintains, and rightfully so, that we are utilizing water from a spring on his land to supply domestic water supply for government residence #81. We believe there is a right to use this water but are unable to find the necessary documentation to provide to the landowner.

Would you please research the files and provide us with the information we need. We are enclosing the letter and related documents we have found in our files.

Enclosure: Letter from Clement Family Trust R E Broker. Charlie Murrell dated 19 Feb,1988

Sir,

I am the Trustee for the referenced property which was originally acquired in 1971, sold in 1984,reposessedin 1986. Our broker is attempting to market the property now. There is a question of water use and rights to water for the spring on theClement property. The enclosed letter discusses the question.

I would be grateful if you would verify the location of your equptment , Water tank, meters , spring tap etc. and cite the authority to take water from the spring on the Clement property.

Thank you,

Jane Harden Clement

3: Partial NPS Planemetric map August 12, 1967
4: Partial French Gulch California 7.5 Miute series topograhic map
5: Photos taken 2/18/'88

Dear Mrs. Clement,

As your real estate broker, I have researched Shasta County records and looked closely at the referenced Clement Family property in an effort to sell it.

I believe that theNational Park Service is encroaching on the referenced property and removing water from the spring on the Clement property and piping it to the Fire Fighting storage tank and to a house to the west for domestic use.(Encl 3&4) I believe the tank, wter meters and spring tap is physicelly located on the Clement Property. See Photos (Encl 5)

I have diligently searched the Shasta County records and find no License or Water Right to take water from the Clement Spring.

I believe that the property to the West was acquired by the NPS before the property boundaries were determined by survey and that the spring tap was in place before the house was acquired. I do not believe the NPS would intentionally encroach .

I have discussed this with a local Park Service Official. He did not have a record of water rights.(they are kept elsewhere. I believe the logical action is : You write a letter to the Superintendent of the Whiskeytown area, include this letter, and request that he advise you of the status of the spring and usage of the water from that spring on the Clement Family Trust Property.

Very truly yours,

Charlie Murrell

Memorandum

TO : Files, Whiskeytown

DATE: February 23, 1979

FROM : Chief, Branch Resource Management & Land Use

SUBJECT: Water Rights Dockets

The subject dockets' locations are described as follows:

WHIS WR#1: South Liberty Gulch; T32N, R6W, Sec. 4, $SE\frac{1}{4}SW\frac{1}{4}$. Irrigation and fire protection, Quarters #86 and #78.

WHIS WR#3: Unnamed spring, "A" frame site; T32N, R6W, $NW\frac{1}{4}SE\frac{1}{4}$. Spring for possible development for backcountry use and wildlife. Originally filed for possible use at the "A" frame for the horse concession operation.

WHIS WR#5: Unnamed spring, high road area leading from the Merry Mountain Road to Quarters #81; North 1200' and East 400' from the SW corner, Sec. 35, T33N, R7W.

WHIS WR#6: Clear Creek, called the "Arnold diversion" behind Quarters #84; North 1100' and West 600' from the SE corner Sec. 34, T33N, R7W. To obtain water from Clear Creek for irrigation and fire protection.

WHIS WR#7: Unnamed spring, park boundary above Quarters #81, called the "Kapusta diversion"; T33N, R7W, Sec. 34, $SE\frac{1}{4}NE\frac{1}{4}SE\frac{1}{4}$. Domestic water supply, Quarters #81.

WHIS WR#12: Boulder Creek, "Lee and Jessie Funderberg diversion"; T32N, R7W, Sec. 12, $SE\frac{1}{4}SE\frac{1}{4}$. Planning only, no development. Hold for possible planning/development.

The subject documents are maintained for federal property and should not be classed as abandoned. The license shall be maintained to preserve the filed water right for use and/or planning.

MESSAGE RECORD

Date May 9, 1973

To: File (WR #7) (WHIS)

Name and Title Hank LaSala, Chief of Resources Management & Land Use

Representing National Park Service Telephone No.

Address Whiskeytown NRA

NPS Personnel in on Call William Werrell, Hydrologist, Water Resources

Conversation: Mr. Hank LaSala.phoned Water Resources Division to request advise on the proper course of action regarding a spring in view of a recent land survey of the park boundary. (Water Right #7, App. 21408, Per, 14544, Lic 9261). Prior to the survey, the spring was believed to be on property previously owned by the Bureau of Land Management. Several years ago, a nearby rancher obtained legal right to the use of 500 gal/day of the spring water through the California State Water Resources Board. The rancher also obtained an easment from BLM for a pipeline from the spring to his property where he used the water for domestic purposes.

When Whiskeytown NRA was established both the rancher's property and the BLM land was acquired by NPS. The ranch was acquired on October 3, 1967 and included transfer of the subject water right. A park ranger now resides in the former rancher's home and thus the spring water is still in domestic use. Water Resources Division has maintained the State Water Right, the last report beirg sent in on May 4, 1973

Mr. LaSala stated that the just completed land survey shows the spring to be situated some 200 yards off of park property, on private land. Mr. LaSala requested advise as to the proper course of action for the park to take in view of the above situation.

(continued next page)

Follow-up Action to be Taken:

Follow-up Action Taken:

The above facts were presented to Mr.G.S. Witucki, Chief, Water Resources Division and together we visited the Solicitor, Mr. Ralph Mihan, and discussed the situation. Mr. Mihan stated that the validity of the water right was essentially unaffected by the survey, that the only potential problem lies in the easement for the pipeline across the private property. Mr. Mihan explained that if the pipeline had been in existence for 5 or more years NPS had a prescriptive easement for the pipeline. He suggested that the park pursue either of the following: (1) Ignore the situation as such. Assuming that the pipeline has been in place for more than 5 years (a fact since confirmed), NPS has acquired easement right for the pipeline by prescription and thus there is or may not be need to acquire any permit or right or title, further, any adverse action by the owner could be legally negated. (2) Ask the owner for a quit claim deed to the easement property in order to clearly establish title and possibly avoid conflict in the future. If the Solicitor rules that we have prescripitive rights to the easement property, U.S. Government would be unable to pay for the quit claim deed.

On May 15, 1973, Mr. Witucki phoned Mr. LaSala and informed him of the above discussion with the Solicitor. Mr. Witucki suggested that the Park may choose to present the regional office with a written request for the proper course of action in regards to the situation.

The data enclosed pertains only to those acquired parcels on which definite water rights were noted from information obtained from the landowners involved. We hope to provide check out sheets for all parcels on which water or water rights may be involved, either from riparian, well, source spring or impounding of run-off.

If you have any questions or suggestions concerning these or future transmittals, please contact this office.
