Mr. O'dell A. Frandsen  
District Manager  
Bureau of Land Management  
P. O. Box 2B  
Shoshone, Idaho 83352

Dear Mr. Frandsen:

We certainly appreciated the opportunity to make comments on the Bureau of Land Management's proposed stock trail to be constructed south of Craters of the Moon National Monument. In examining the area in question and the type of proposal involved, we find no objection on our part in regards to this undertaking.

The map that you enclosed interests us as we do not have one similar on hand here at the monument. Would it be possible to obtain a few copies of it from you or learn of the source where we might pick some up?

Again, thanks for the chance to offer comments. Hope to get down that way soon and get acquainted with you and the Shoshone staff.

Sincerely,

Robert J. Hentges  
Superintendent

MAY 16 1974

Craters of the Moon Monument  
Cy Hentges, Supt.  
Arco, Idaho 83213

Dear Mr. Hentges:

We are proposing to construct an eight foot wide stock trail across a lava flow which is located as follows:

T. 2 S., R. 25 E., Boise Meridian  
Section 30 (See attached map)

Construction will consist mainly of smoothing out the existing lava rock. In low areas, or where there is larger rocks, fill dirt will be hauled in.

I would like your comments concerning this proposed project, mainly environmental considerations. If you need additional information concerning this project, please write or call.

Sincerely yours,

*Odell A. Frandsen*  
Odell A. Frandsen  
District Manager
