The following maps (Figures 1–8) highlight the vocalization detections for each species in Cumberland Island National Seashore in 2012. These are supplemental to the Anuran Community Monitoring: 2012 Data Summary Report for Cumberland Island National Seashore, which is available from the NPS Integrated Resource Management Applications Data Store at [Data Summary Brief](https://irma.nps.gov/DataStore/Reference/Profile/2311146) (<https://irma.nps.gov/DataStore/Reference/Profile/2311146>).
