### SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE

Water Code section 5104 (a) now requires diverters to file supplemental statements of water diversion and use (Supplemental Statements) **every year**. Supplemental Statements must be filed on electronic forms provided by the State Water Resources Control Board (State Water Board). (Cal. Code Regs., tit. 23, § 920, subds. a-b.) **All reports must be completed online through the State Water Board's Report Management System (RMS); paper copies are not available.** To report online, go to **www.waterboards.ca.gov/rms** and login with your user ID and password. The information required to login and access your online Supplemental Statement is:

User ID (Statement ID): **S006355**
Password (Reporting Identifier): **041022**

The Supplemental Statement is associated with the diversion works of **Not Specified**. Information about the source, parcel number, county and other summary information is pre-populated on the Supplemental Statement, if the information is available.

## ***IMPORTANT: PLEASE NOTE BELOW***

Beginning January 2016 and every year there after you will be required to file an on-line Supplemental Statement of Water Diversion and Use Report (Supplemental Statement). The Division will **NO LONGER** notify you via mail when the supplemental statement is due. If you would like to be notified when reporting is due and other reporting related material, please subscribe to our Lyris list (Water Rights Reporting Notification) at:

http://www.waterboards.ca.gov/resources/email_subscriptions/swrcb_subscribe.shtml.

Also note, if you reported your water use three years ago you will be required to complete the reports for 2013, 2014 and 2015. If you reported your water use two years ago you will be required to complete the reports for 2014 and 2015 and if you reported your water use a year ago you will be required to complete the 2015 report.

You are required to complete the online report(s) no later than **June 30, 2016. If you do not file your Supplemental Statement in a timely manner, you may be subject to civil liability of up to $1,000 and additional civil liability of $500 per day for each day the violation continues if you do not file a statement within 30 days after the board calls the violation to your attention.** (Wat. Code, § 5107, subd. (c)(1).)

Division staff cannot fill the form out on your behalf. If you have multiple points of diversion, you must file a separate Supplemental Statement for each point of diversion. (Wat. Code, § 5102.) Do not list total combined diversions from multiple diversion works on one Supplemental Statement.

## CHANGES FOR REPORTING AND MEASUREMENT OF DIVERSIONS MADE IN 2016, AND THEREAFTER

- See attached "Fact Sheet" for updates.

## SPECIAL REPORTING FEATURES

- It is possible to create one account on the RMS site to report all of your diversions. Please see the RMS login page for more information and instructions. Note: It is not necessary to create an account if you would like to report your diversions individually.
- RMS also includes the capability to amend reports submitted incorrectly or in error. This capability applies to past reports as well.
- RMS includes new on screen help tools and instructions

## REQUIRED NOTIFICATION OF CHANGE IN NAME OR ADDRESS OF PERSON DIVERTING WATER

If there has been a change in the name or address of the person diverting the water, you must report that change to the Board. (Wat. Code, § 5104, subd. (b).) Notification to the Division should be made using the Change of Name/Address or Ownership form on the Water Rights Forms link located at www.waterboards.ca.gov/waterrights/publications_forms/forms/index.shtml.

On January 25, 1994, and pursuant to the California Desert Protection Act of 1994, the Mojave National Preserve was created, and Death Valley National Park and Joshua Tree National Park were expanded. This creation and expansion involved a transfer of management responsibility from the Bureau of Land Management to the National Park Service. As part of this process, the Bureau of Land Management and the National Park Service desire to change the owner of record of water rights associated with these lands.

Please accept this as a request by the National Park Service and the Bureau of Land Management to change the owner of record from the Bureau of Land Management to the National Park Service. This request for change of owner of record only applies to the water rights listed on the two attached pages. Any changes in the owner of record for Joshua Tree National Park will be addressed under a separate letter for Mojave National Preserve and Death Valley National Park.

Please provide to this office a written verification of the change of ownership of each right listed on the two attached pages.

Sincerely,

Jeff Albright

## GENERAL INFORMATION PERTAINING TO WATER RIGHTS IN CALIFORNIA

There are two principal types of surface water rights in California. They are riparian and appropriative rights.

A riparian right enables an owner of land bordering a natural lake or stream to take and use water on his riparian land. Riparian land must be in the same watershed as the water source and must never have been severed from the sources of supply by an intervening parcel without reservation of the riparian right to the severed parcel. Generally, a riparian water user must share the water supply with other riparian users. Riparian rights may be used to divert the natural flow of a stream but may not be used to store water for later use or to divert water which originates in a different watershed, or return flows from use of groundwater.

An appropriate right is required for use of water on nonriparian land and for storage of water. Generally, appropriative rights may be exercised only when there is a surplus not needed by riparian water users. Since 1914 new appropriators have been required to obtain a permit and license from the State.

Statements of water Diversion and Use must be filed by riparian and pre-1914 appropriative water users. The filing of a statement (1) provides a record of water use, (2) enables the State to notify such users if someone proposes a new appropriation upstream from their diversion, and (3) assists the State to determine if additional water is available for future appropriators.

The above discussion is provided for general information. For more specific information concerning water rights, please contact an attorney or write to this office. We have several pamphlets available. They include:

"Statements of Water Diversion and Use"
"Information Pertaining to Water Rights in California"
"Water Rights for Stockponds Constructed Prior to 1969".

Statements of Water Diversion and Use must be filed by riparian and pre-1914 appropriative water users. The filing of a statement (1) provides a record of water use, (2) enables the State to notify such users if someone proposes a new appropriation upstream from their diversion, and (3) assists the State to determine if additional water is available for future appropriators.

The above discussion is provided for general information. For more specific information concerning water rights, please contact an attorney or write to this office. We have several pamphlets available. They include:

"Statements of Water Diversion and Use"
"Information Pertaining to Water Rights in California"
"Water Rights for Stockponds Constructed Prior to 1969"
"Appropriation of Water in California"
