LICENSEE REPORTING FOR 2015

As indicated in the California Code of Regulations title 23, section 847, the State Water Resources Control Board (State Water Board) requires annual reporting of water diversion and use under licenses. California Water Code chapter 2.7 section 348 authorizes the State Water Board to require online reporting of water diversions. Consistent with these requirements, the State Water Board, Division of Water Rights (Division) developed a new online Report Management System (RMS) as a component of the enhanced Water Right Information Management System (eWRIMS). RMS allows electronic submittal of water diversion and use reports, saving both paper and resources. **All reports must be completed online through RMS; paper copies are not available.** To report online, go to **www.waterboards.ca.gov/rms** and login with your User ID and Password. The information required to login and access your online Report of Licensee is:

User ID (Water Right ID): **A014766**
Password (Reporting Identifier): **417119**

IMPORTANT: PLEASE NOTE BELOW

Effective immediately the Division of Water Rights will **NO LONGER** notify you via mail in the future when reporting is due. If you would like to be notified when reporting is due and other reporting related material, please subscribe to our Lyris list (Water Rights Reporting Notification) at:

http://www.waterboards.ca.gov/resources/email_subscriptions/swrcb_subscribe.shtml.

You are required to complete the online report for 2015 no later than **June 30, 2016.** If you do not have a computer or internet access, you should use a friend's computer, a computer in a public library, or a Division computer to fill out the form. Unfortunately, Division staff cannot fill the form out on your behalf. However, if you wish to seek assistance with the form, you may contact the Division to request a listing of attorneys and consulting firms with water rights experience. You can also review the listing on the Division's Business Information Contacts webpage at: www.waterboards.ca.gov/waterrights/board_info/contacts.shtml.

If you have multiple water rights, please be aware you must report water use separately for each right. Do not list total combined diversions under multiple rights on the form. To document compliance with the conditions of your water right(s), you may use RMS to submit photos (such as staff gages, measuring devices, etc.), documents (California Department of Fish and Wildlife agreements, other agency approvals, etc.), graphs, and spreadsheets.

REQUIRED NOTIFICATION OF CHANGE IN OWNERSHIP

You are required to notify the Division directly of any water right ownership change. Your county assessor's office or title company does not notify the Division of ownership changes. Failure to notify the Division of an ownership change prior to assessment of annual water right fees will result in your liability to pay the annual water right fee even if you transferred the property associated with the water right. Notification to the Division should be made using the Change of Name/Address or Ownership form by clicking on the Water Rights Forms link located at www.waterboards.ca.gov/waterrights/publications_forms/forms/index.shtml.

LICENSE 4671 (APPLICATION 14766) JAIL CANYON STREAM TRIBUTARY TO PANAMINT SINK IN INYO COUNTY

Owner of Record Information
The Division of Water Rights (Division) received notification on March 24, 2015 that U.S. National Park Services- DEVA is the owner of the property served by the water right License 4671 (A014766). Generally, the ownership of a water right transfers with the change in ownership of the property being served which is identified as the place of use in the permit or license. A copy of this water right can be obtained by searching for your license and permit number from the Division's website at:
https://ciwqs.waterboards.ca.gov/ciwqs/ewrims/EWPublicTerms.jsp

You are herein advised that unless the Division is informed in writing to the contrary within 30 days of the date of this letter, the Division records will show ownership as follows:

Primary Owner:
U.S. National Park Services- DEVA
1201 Oakridge Dr. Suite 250
Fort Collins, CO 80525

Ownership Rights and Responsibilities
The Division's processing of the change in ownership is an administrative procedure and does not constitute a technical review of diversion or beneficial use of water under this right.
It is the responsibility of the new owner to know the terms and conditions of the Water Right. Below are some of the requirements of the new owner:

Designation of Primary Owner or Agent
One person must be designated to act as a primary owner or agent to represent all owners of the water right. Once a primary owner or agent is established, notice to the primary owner or agent is considered notice to all owners. When a primary owner or agent is not identified, the Division identifies the primary owner based on the majority ownership of the place of use and/or ownership of the point of diversion. All owners, however, have an opportunity to mutually designate another representative by signing and returning an Agent Assignment form that is available at:

http://www.waterboards.ca.gov/water_issues/programs/ewrims/ownership/index.php

If the primary owner and/or co-owners contest the Division's designation and are unable to mutually designate a single representative, owners and co-owners can submit a petition requesting to split the license into separate water rights. To file a petition request, a copy of the form can be found online. The fee to submit a petition request is $1,000. After the completion of the split, each owner will be required to pay an annual fee for the separate water right. The petition form can be found at:

http://www.waterboards.ca.gov/waterrights/publications_forms/forms/index.shtml#ptn

Annual Water Rights Fees
The primary owner is responsible for the payment of the annual water right fee. Your annual water right fee is based on the face value amount of water authorized in your permit or license. The annual fee is currently $150 plus $0.058 per acre-foot over 10 acre-feet of water as authorized in your permit or license. The Board of Equalization (BOE) issues the annual fee on a fiscal year basis running from July 1 through June 30 of the following year. The actual issuance of the invoices usually occurs in October or November of the fiscal year.

Annual Reporting of Water Diversions
The State Water Resources Control Board (Board) requires annual reporting of water diversion and use under licenses and permits. All reports must be completed online through the Board's Report Management System (RMS); paper copies are not available. Reports for the previous calendar year (January 1 – December 31) are due the following year no later than June 30. You will be mailed a notice with a user name (ID), password (Identifier) and instructions for reporting online; these notices are typically mailed no later than mid-March of each calendar year.

If you have any questions regarding your water right(s) please contact the Fee and Data Management Unit at (916) 341-5431 or send an email to eloise.berryman@waterboards.ca.gov. Please send written correspondence to:

LICENSEE REPORTING FOR 2013

As indicated in the California Code of Regulations title 23, section 847, the State Water Resources Control Board (State Water Board) requires annual reporting of water diversion and use under licenses. The State Water Board has historically required these reports to be filed once every three years in paper form. California Water Code chapter 2.7 section 348 authorizes the State Water Board to require online reporting of water diversions. Consistent with these requirements, the State Water Board, Division of Water Rights (Division) developed a new online Report Management System (RMS) as a component of the enhanced Water Right Information Management System (eWRIMS). RMS allows electronic submittal of water diversion and use reports, saving both paper and resources. **All reports must be completed online through RMS; paper copies are not available.** To report online, go to **www.waterboards.ca.gov/rms** and login with your User ID and Password. The information required to login and access your online Report of Licensee is:

User ID (Water Right ID): **A014766**
Password (Reporting Identifier): **417119**

You are required to complete the online report for 2013 no later than **June 30, 2014.** If you do not have a computer or internet access, you should use a friend's computer, a computer in a public library, or a Division computer to fill out the form. Unfortunately, Division staff cannot fill the form out on your behalf. However, if you wish to seek assistance with the form, you may contact the Division to request a listing of attorneys and consulting firms with water rights experience. You can also review the listing on the Division's Business Information Contacts webpage at: http://www.waterboards.ca.gov/waterrights/board_info/contacts.shtml.

If you have multiple water rights, please be aware you must report water use separately for each right. Do not list total combined diversions under multiple rights on the form. To document compliance with the conditions of your water right(s), you may use RMS to submit photos (such as staff gages, measuring devices, etc.), documents (California Department of Fish and Wildlife agreements, other agency approvals, etc.), graphs, and spreadsheets.

SPECIAL REPORTING FEATURES:

- It is possible to create one account on the RMS site to report all of your water rights. It is not necessary to create an account if you would like to report your water rights individually. Please see the RMS login page for more information and instructions.
- RMS includes the capability to amend current and past reports. Amendments to credits previously claimed pursuant to Water Code sections 1010, 1011, and 1011.5 are subject to review and may not be accepted.
- Licensees can list all of their reservoirs associated with this license in their report.
- RMS includes new on screen help tools and instructions.

REQUIRED NOTIFICATION OF CHANGE IN OWNERSHIP

You are required to notify the Division directly of any water right ownership change. Your county assessor's office or title company does not notify the Division of ownership changes. Failure to notify the Division of an ownership change prior to assessment of annual water right fees will result in your liability to pay the annual water right fee even if you transferred the property associated with the water right. Notification to the Division should be made using the Change of Name/Address or Ownership form by clicking on the Water Rights Forms link located at www.waterboards.ca.gov/waterrights/board_info.

CONTACT INFORMATION

Frequently asked questions pertaining to filling out online reports are posted at the RMS website and we encourage you to read these first. However, if you still have any questions or need assistance completing the report, please contact the Division of Water Rights at (916) 323-9393 or send an email to: ewrims@waterboards.ca.gov.

Amanda Montgomery
