

Supplemental Materials. Timucuan Ecological and Historic Preserve Photopoints from 2019 and 2023 vegetation monitoring plots

Broad Habitat Type: Nontidal Forested Wetlands

CEDA002

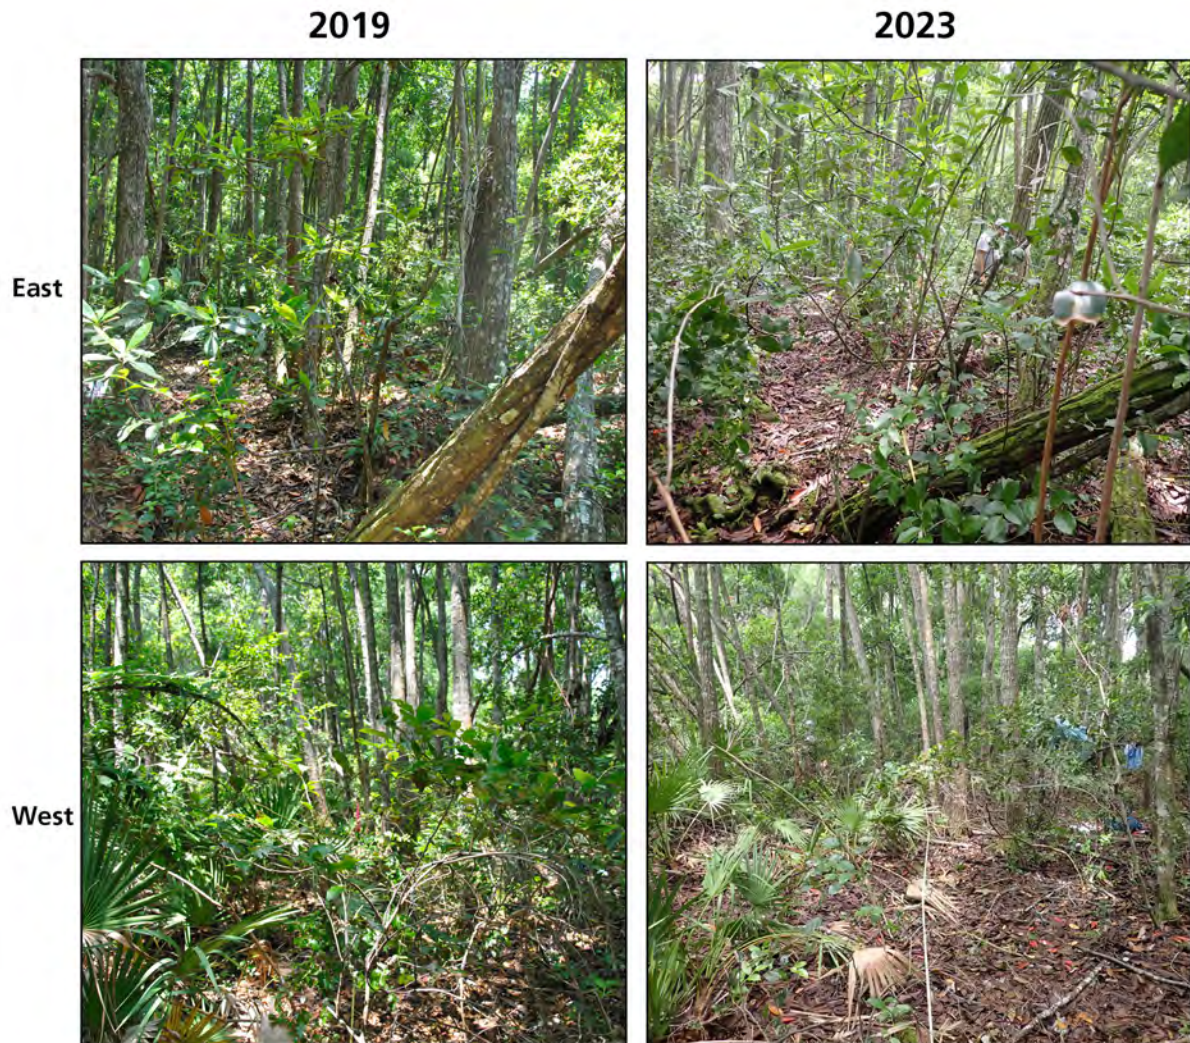

Figure 1. Plot photopoints for CEDA002. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA014

Figure 2. Plot photopoints for CEDA014. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA018

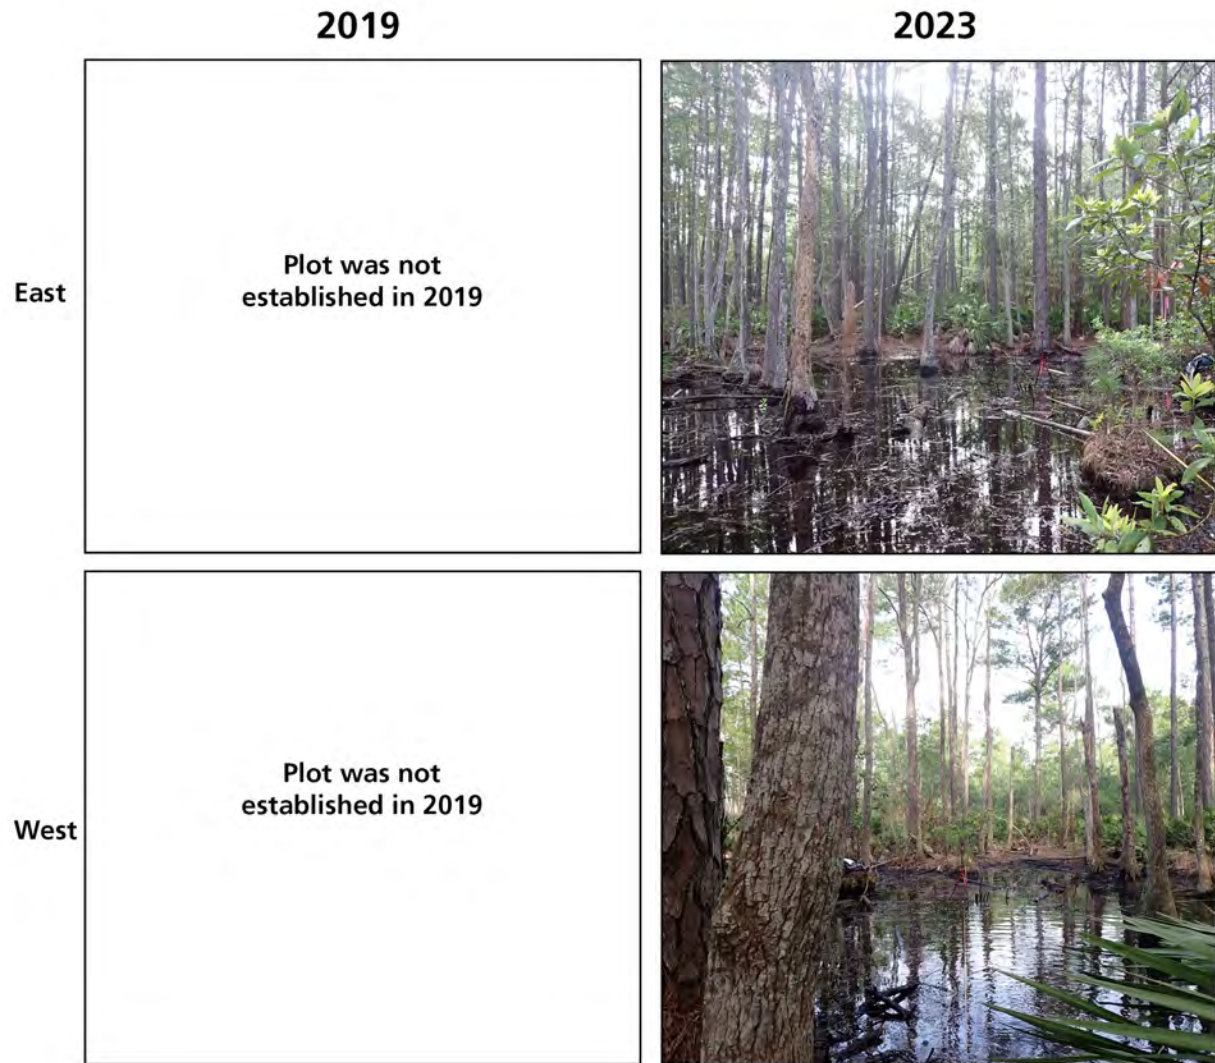

Figure 3. Plot photopoints for CEDA018. Top right, looking east in 2023 and bottom right looking west in 2023.

CEDA017

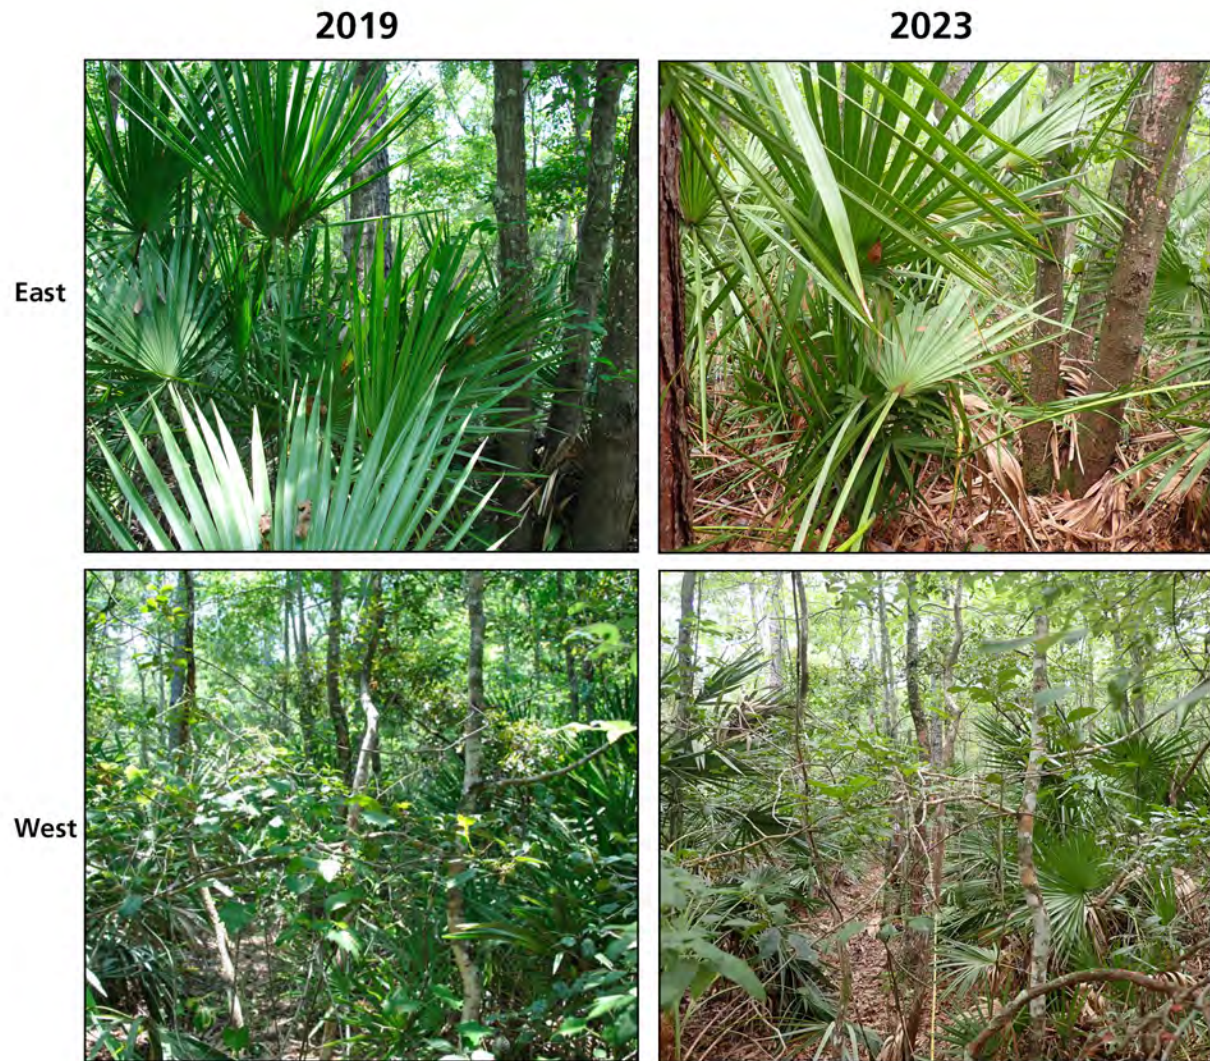

Figure 4. Plot photopoints for CEDA017. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO005

Figure 5. Plot photopoints for TERO005. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO089

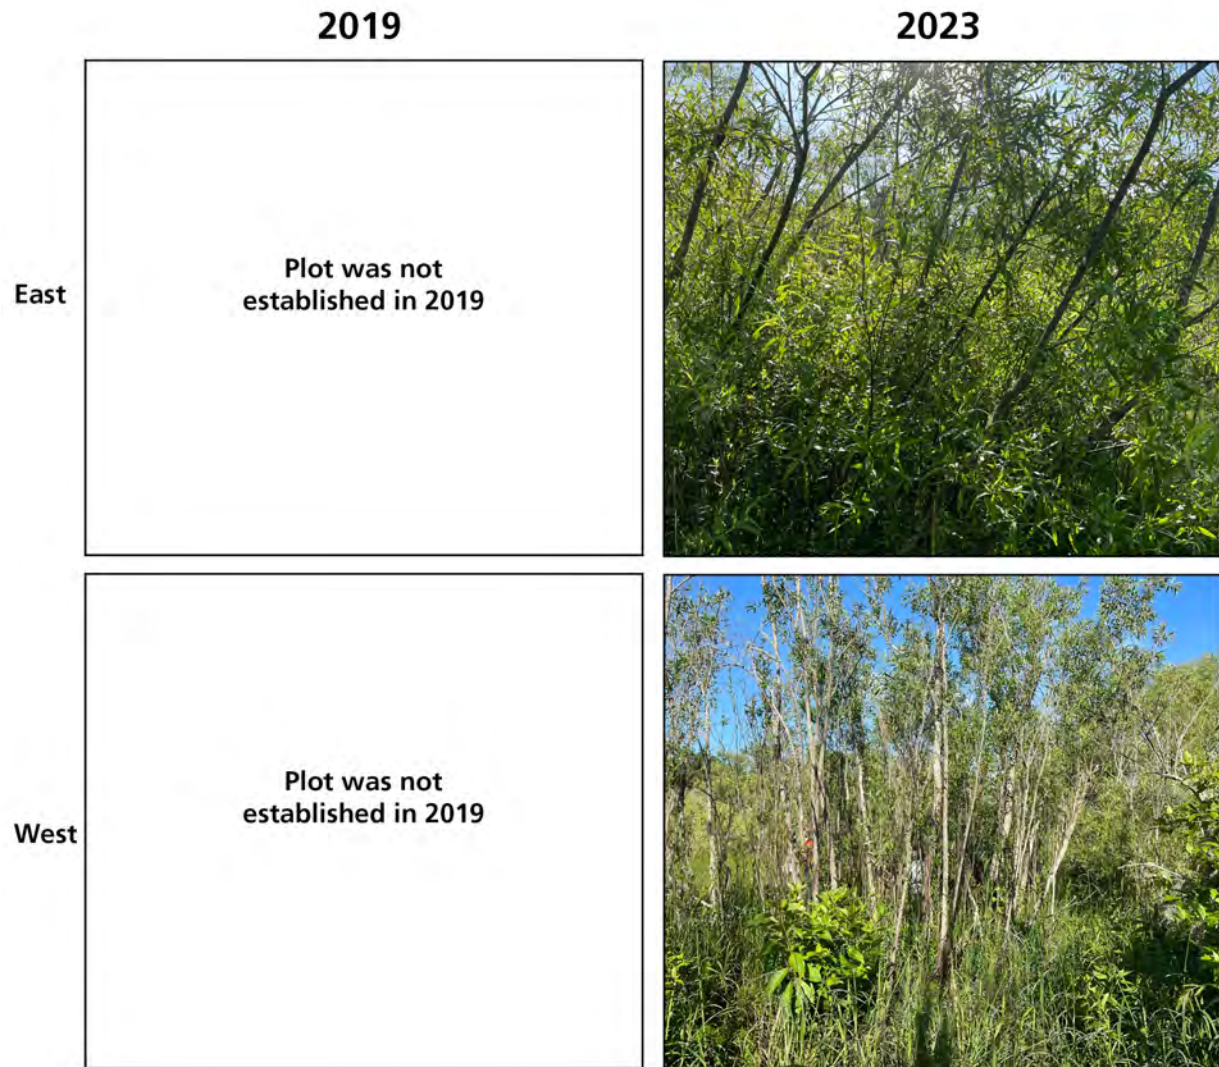

Figure 6. Plot photopoints for TERO089. Top right looking east in 2023 and bottom right looking west in 2023.

TERO090

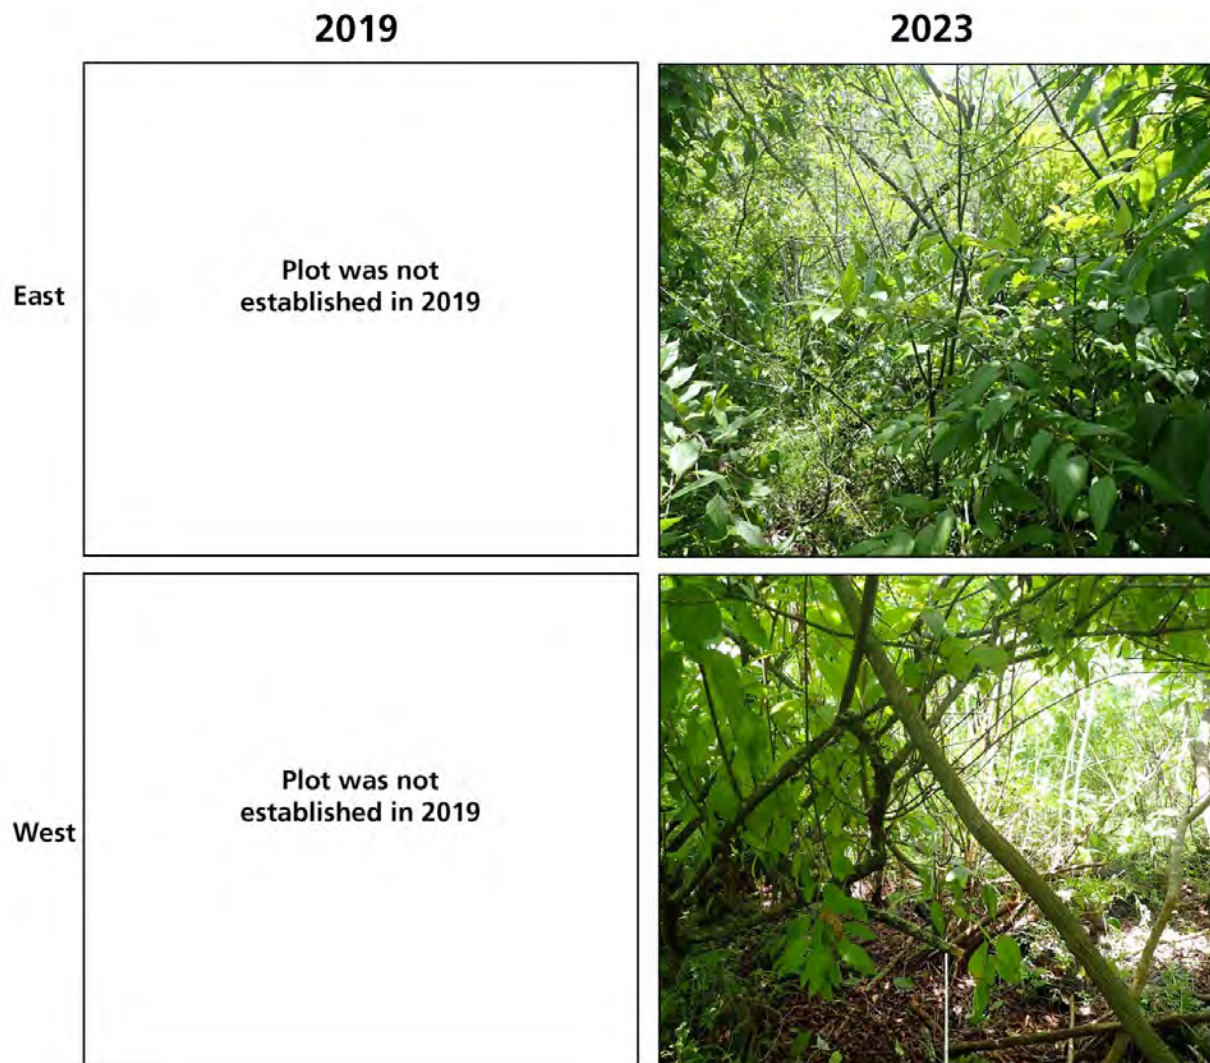

Figure 7. Plot photopoints for TERO090. Top right looking east in 2023 and bottom right looking west in 2023.

TERO091

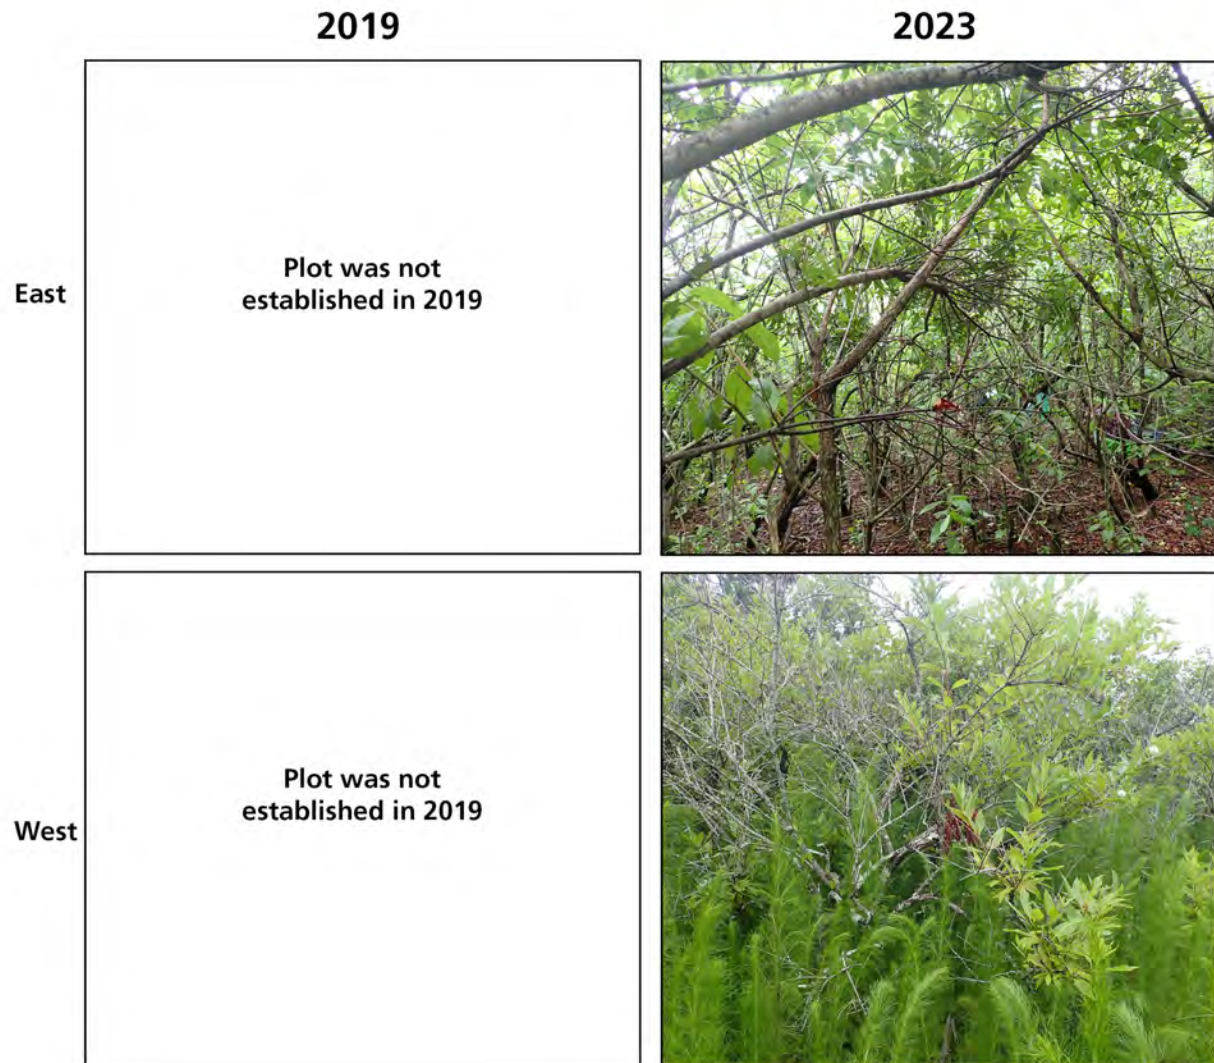

Figure 8. Plot photopoints for TERO091. Top right looking east in 2023 and bottom right looking west in 2023.

THCR007

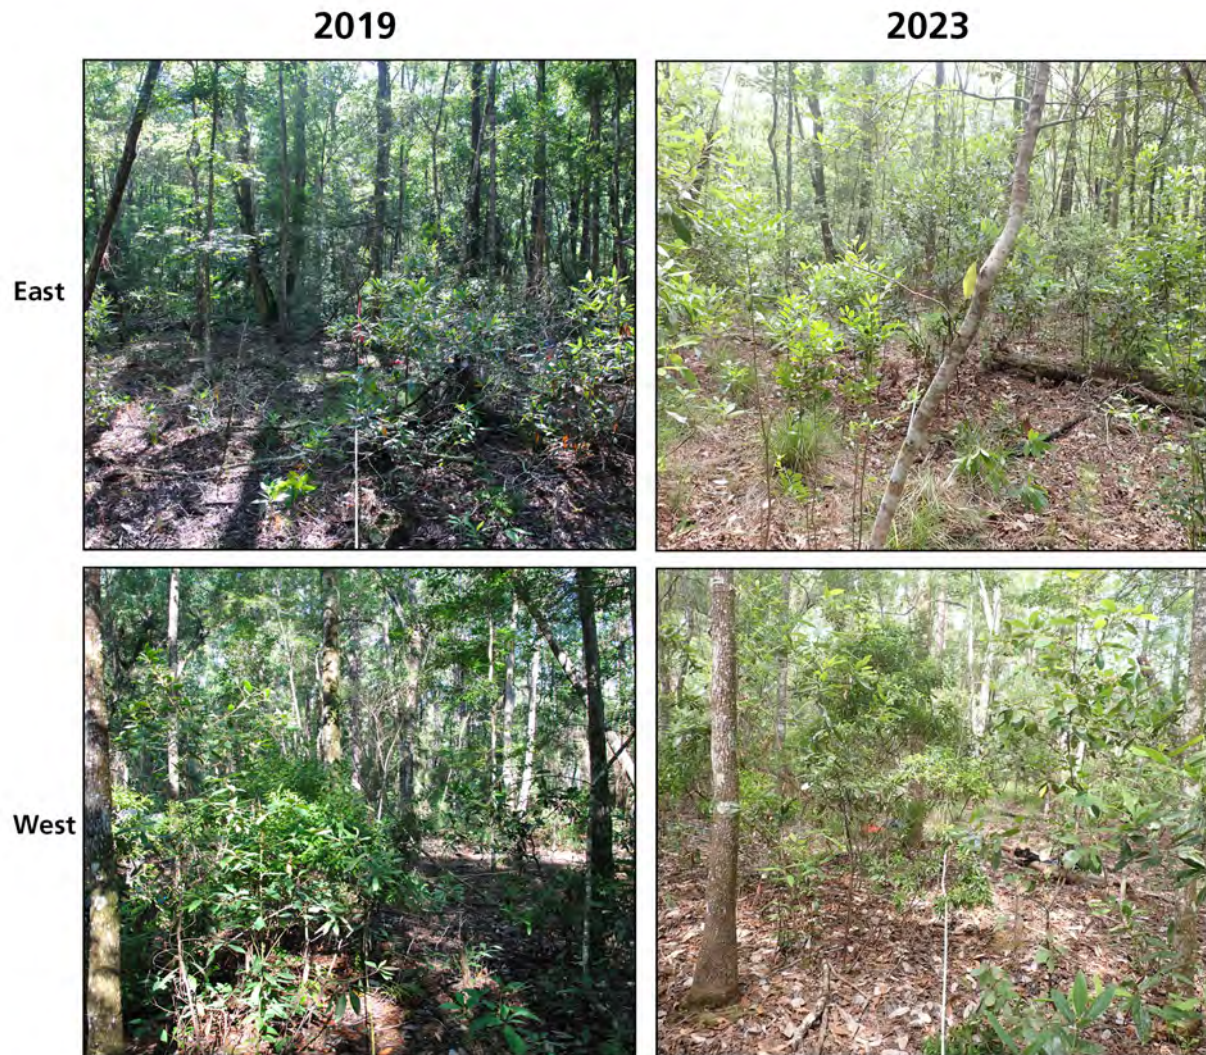

Figure 9. Plot photopoints for THCR007. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR008

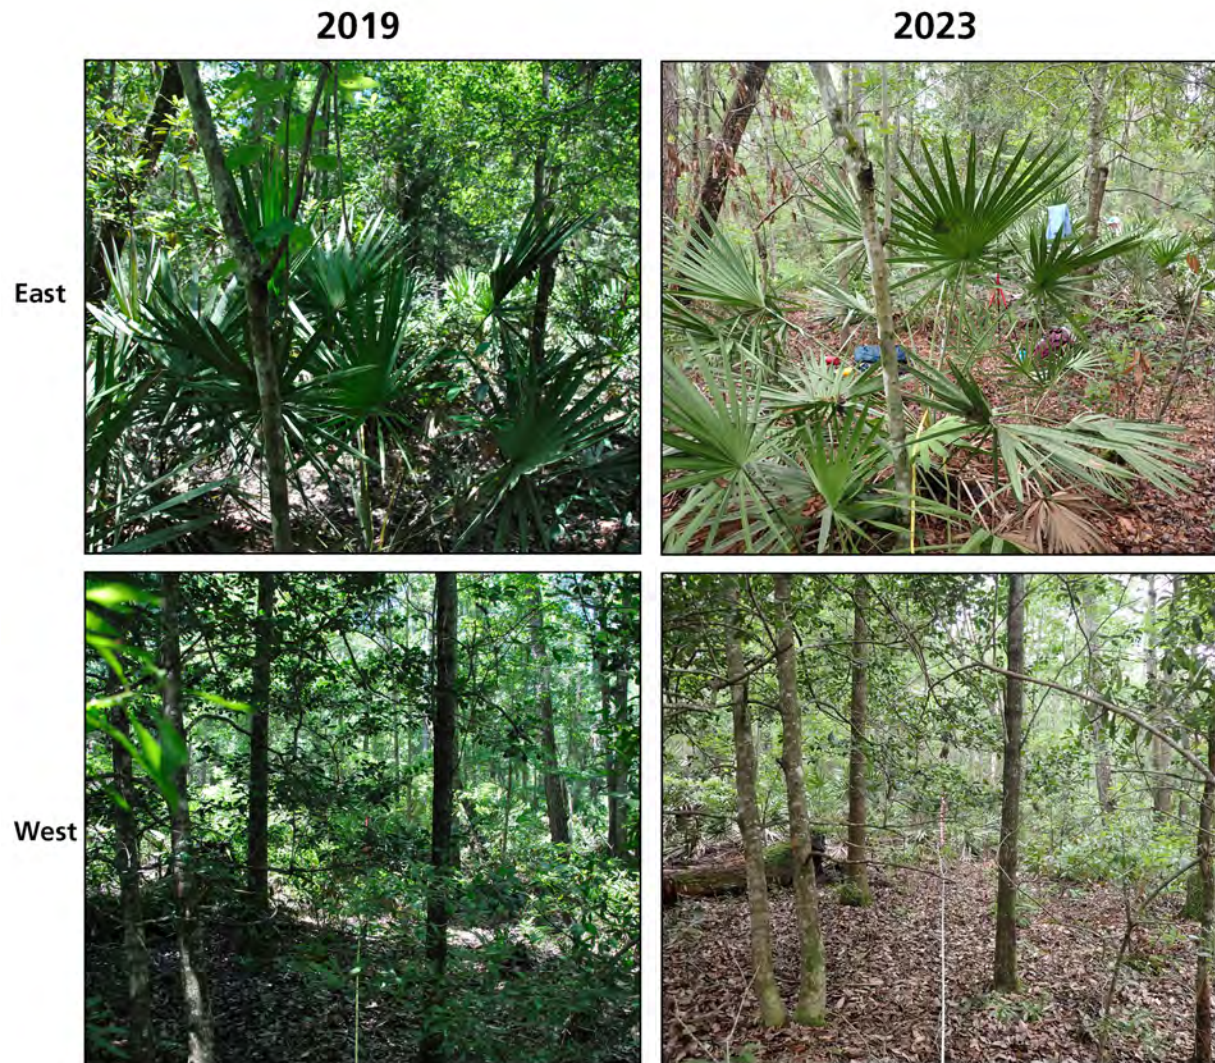

Figure 10. Plot photopoints for THCR008. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR009

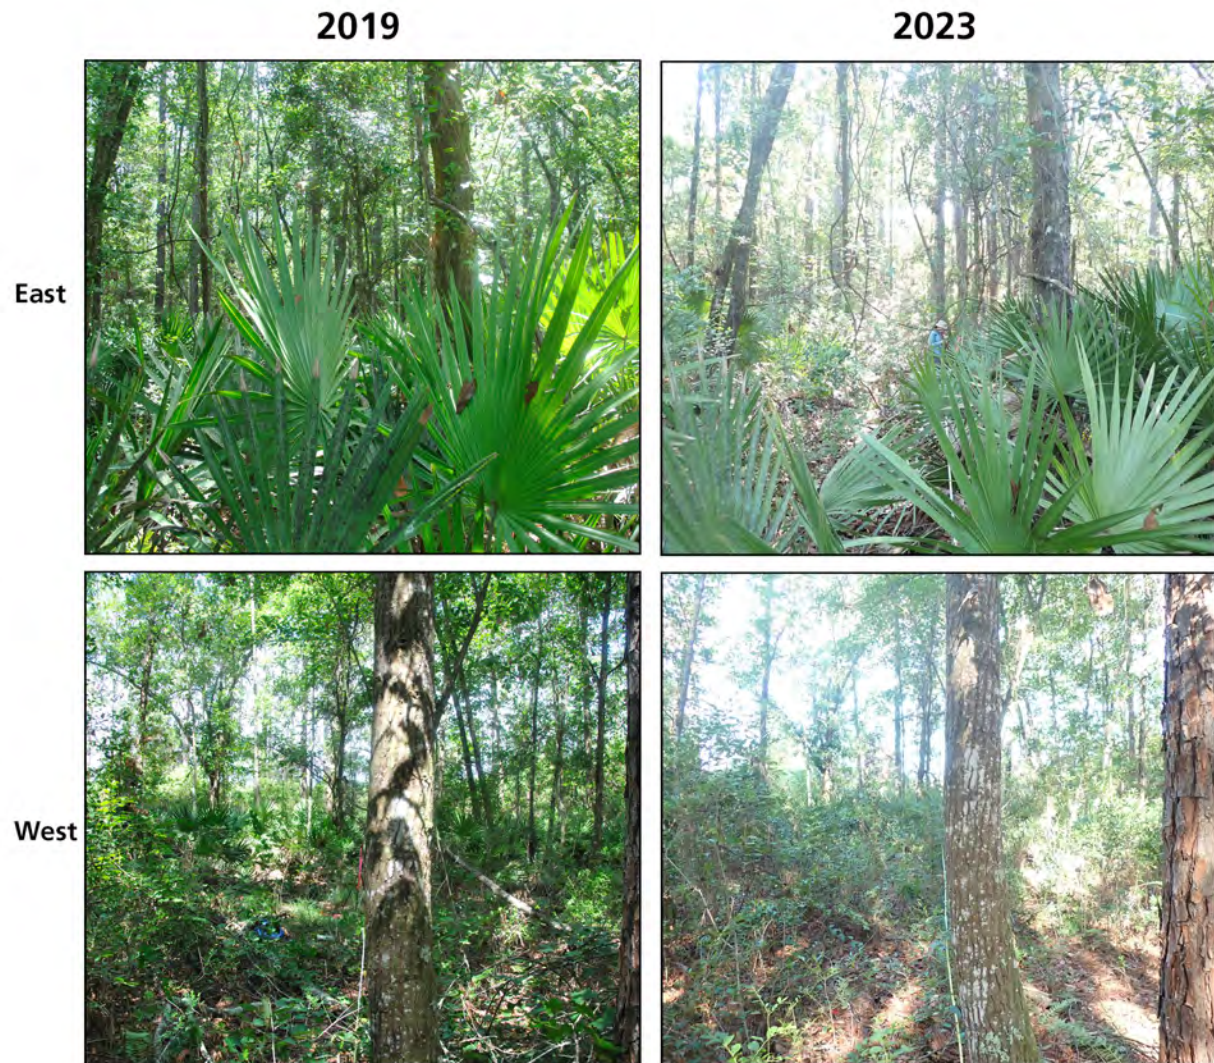

Figure 11. Plot photopoints for THCR009. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR097

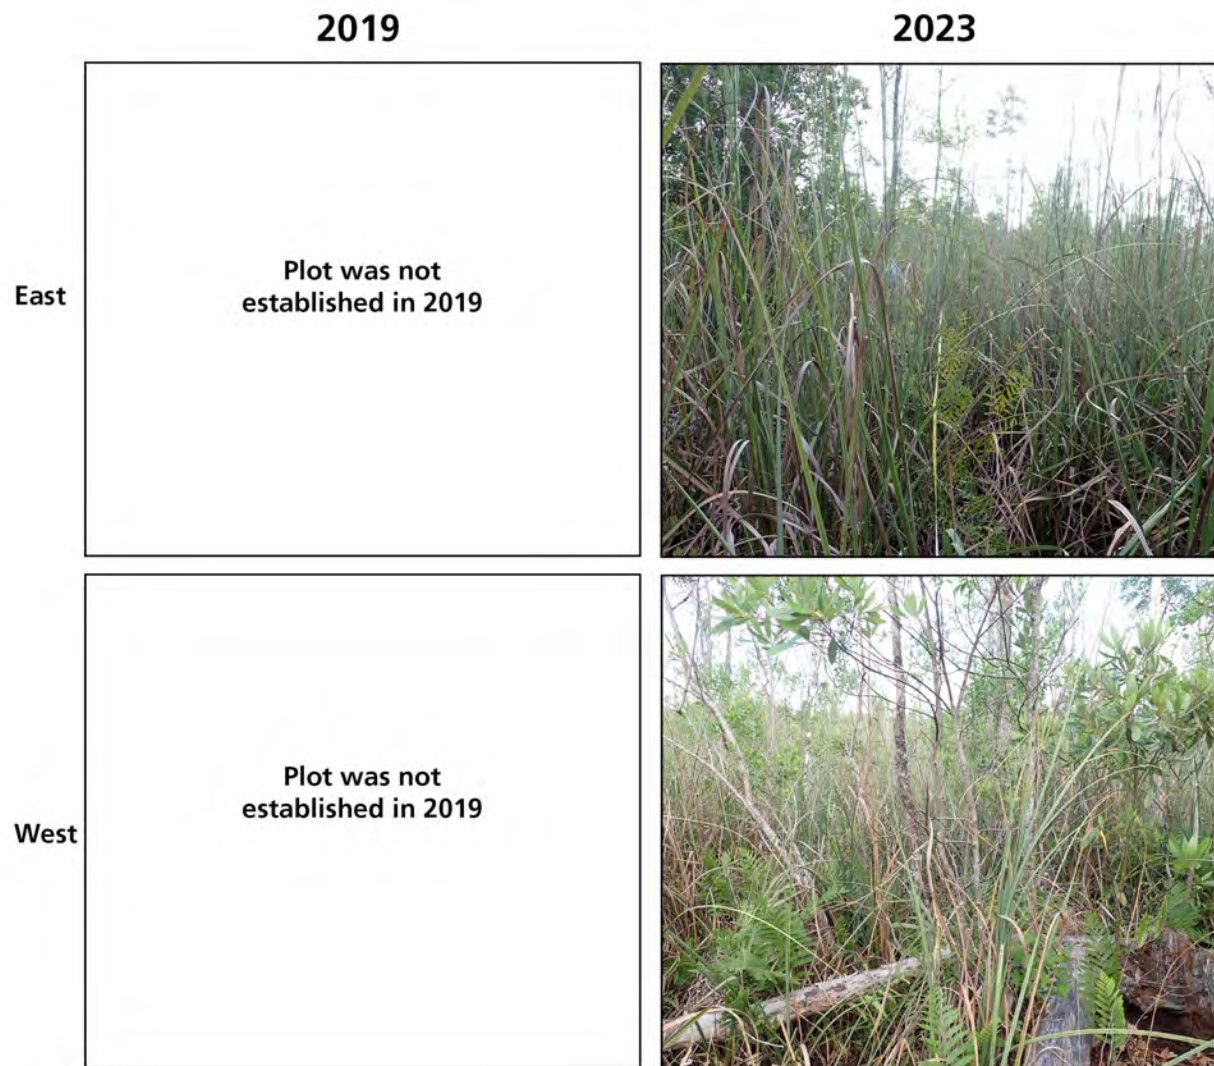

Figure 12. Plot photopoints for THCR0097. Top right looking east 2023 and bottom right looking west in 2023.

THCR104

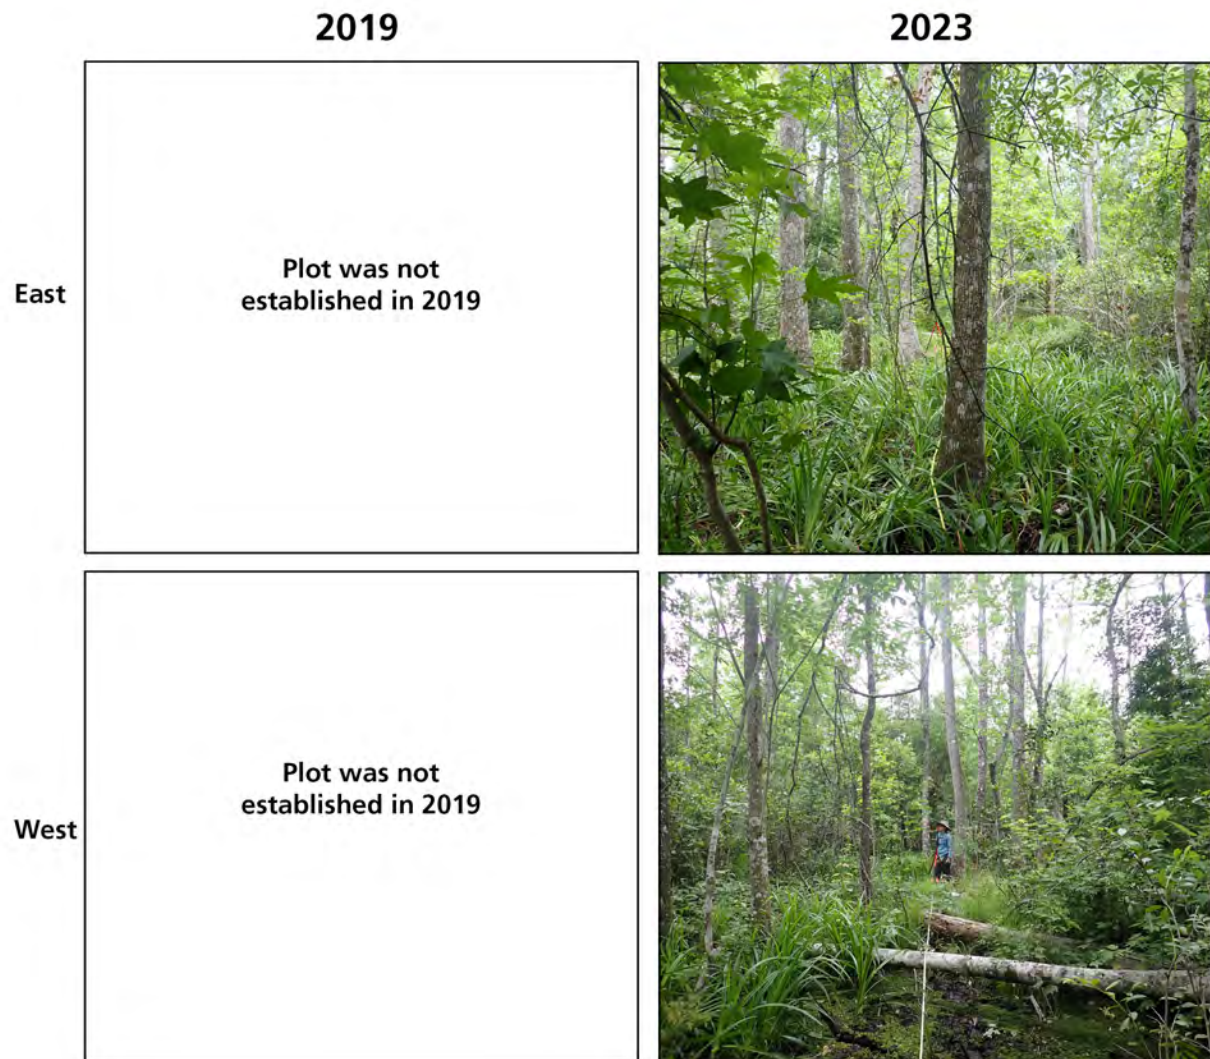

Figure 13. Plot photopoints for THCR104. Top right looking east 2023 and bottom right looking west in 2023.

Broad Habitat Type: Open Upland Woodlands

CEDA011

Figure 14. Plot photopoints for CEDA011. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA022

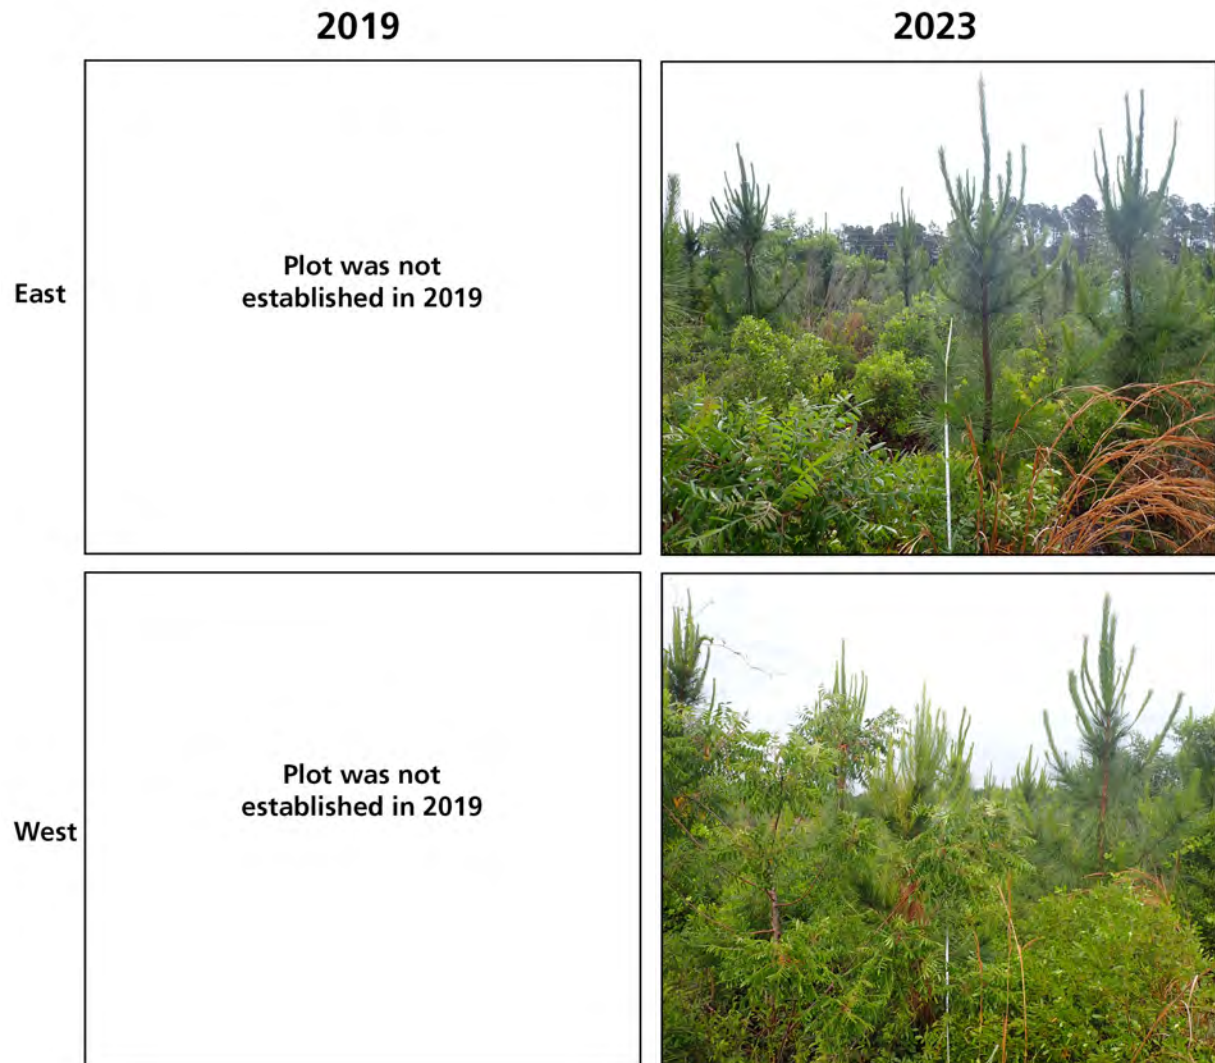

Figure 15. Plot photopoints for CEDA022. Top right, looking east in 2023 and bottom right, looking west in 2023.

CEDA026

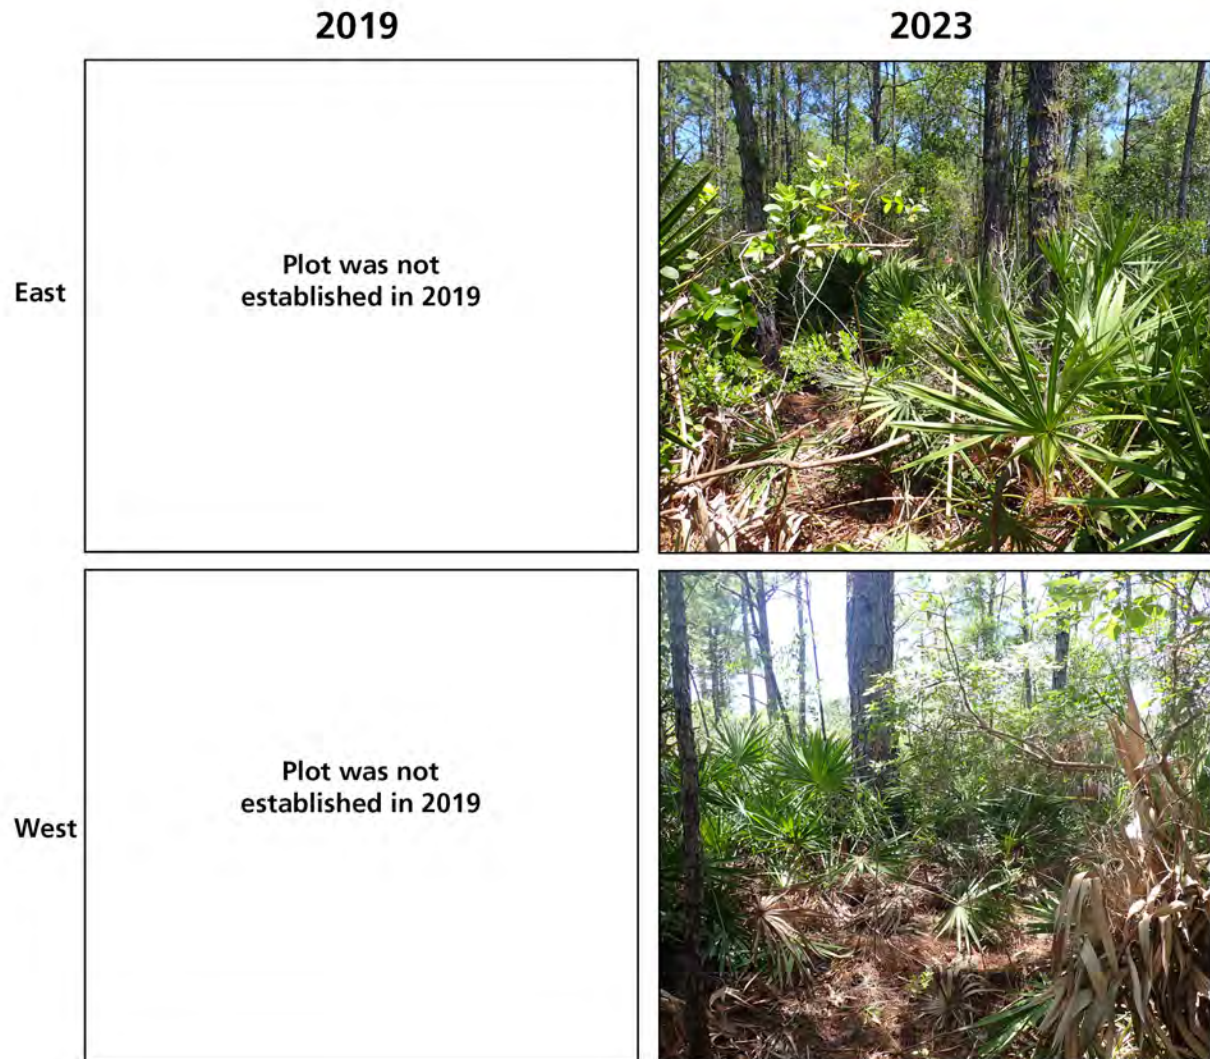

Figure 16. Plot photopoints for CEDA026. Top right, looking east in 2023 and bottom right, looking west in 2023.

CEDA027

Figure 17. Plot photopoints for CEDA027. Top right, looking east in 2023 and bottom right, looking west in 2023.

THCR001

Figure 18. Plot photopoints for THCR001. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR002

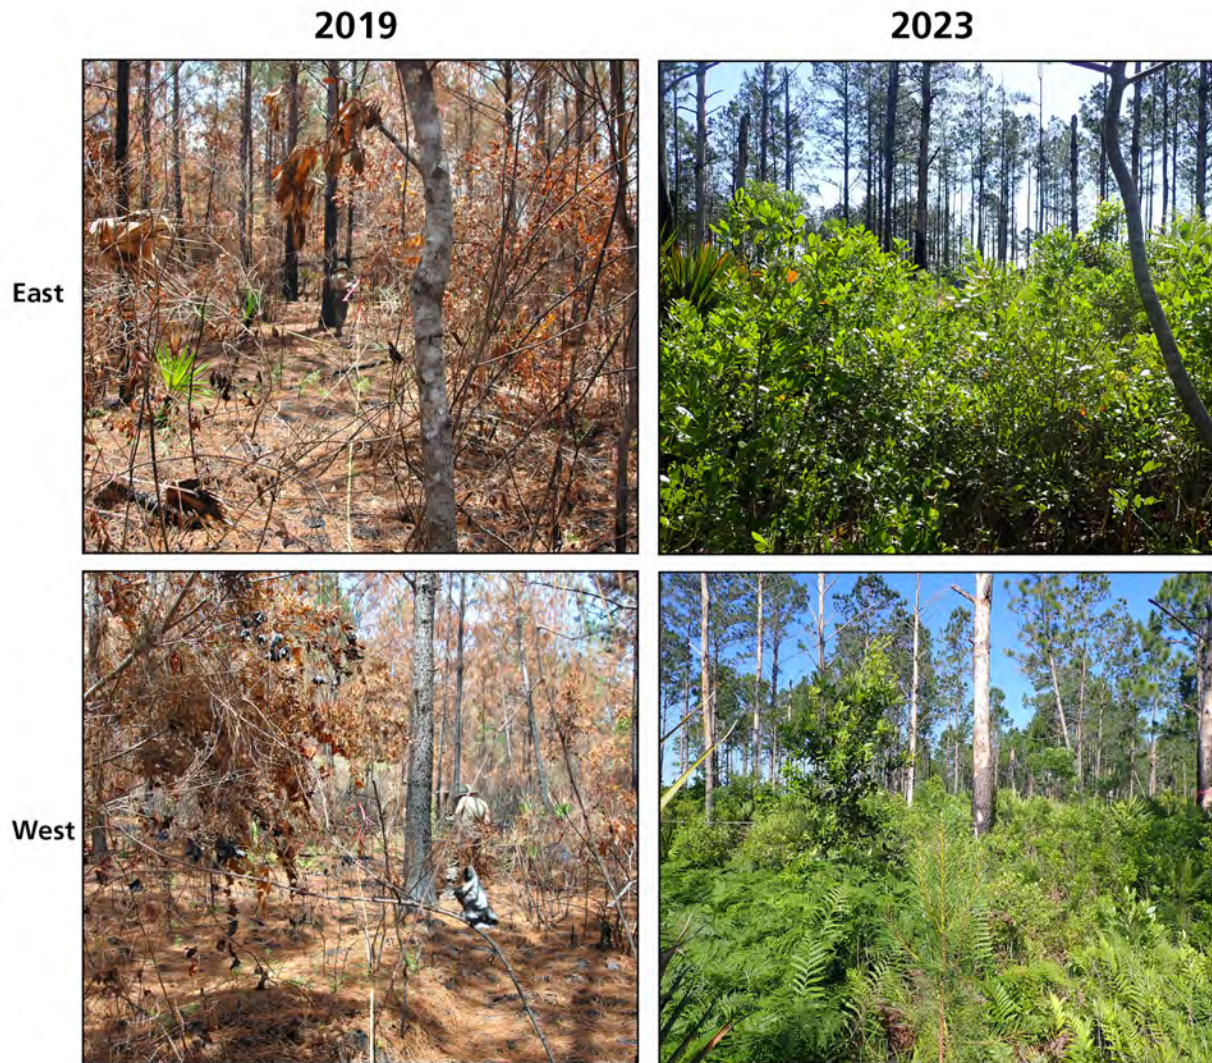

Figure 19. Plot photopoints for THCR002. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR003

Figure 20. Plot photopoints for THCR003. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR004

Figure 21. Plot photopoints for THCR004. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

THCR005

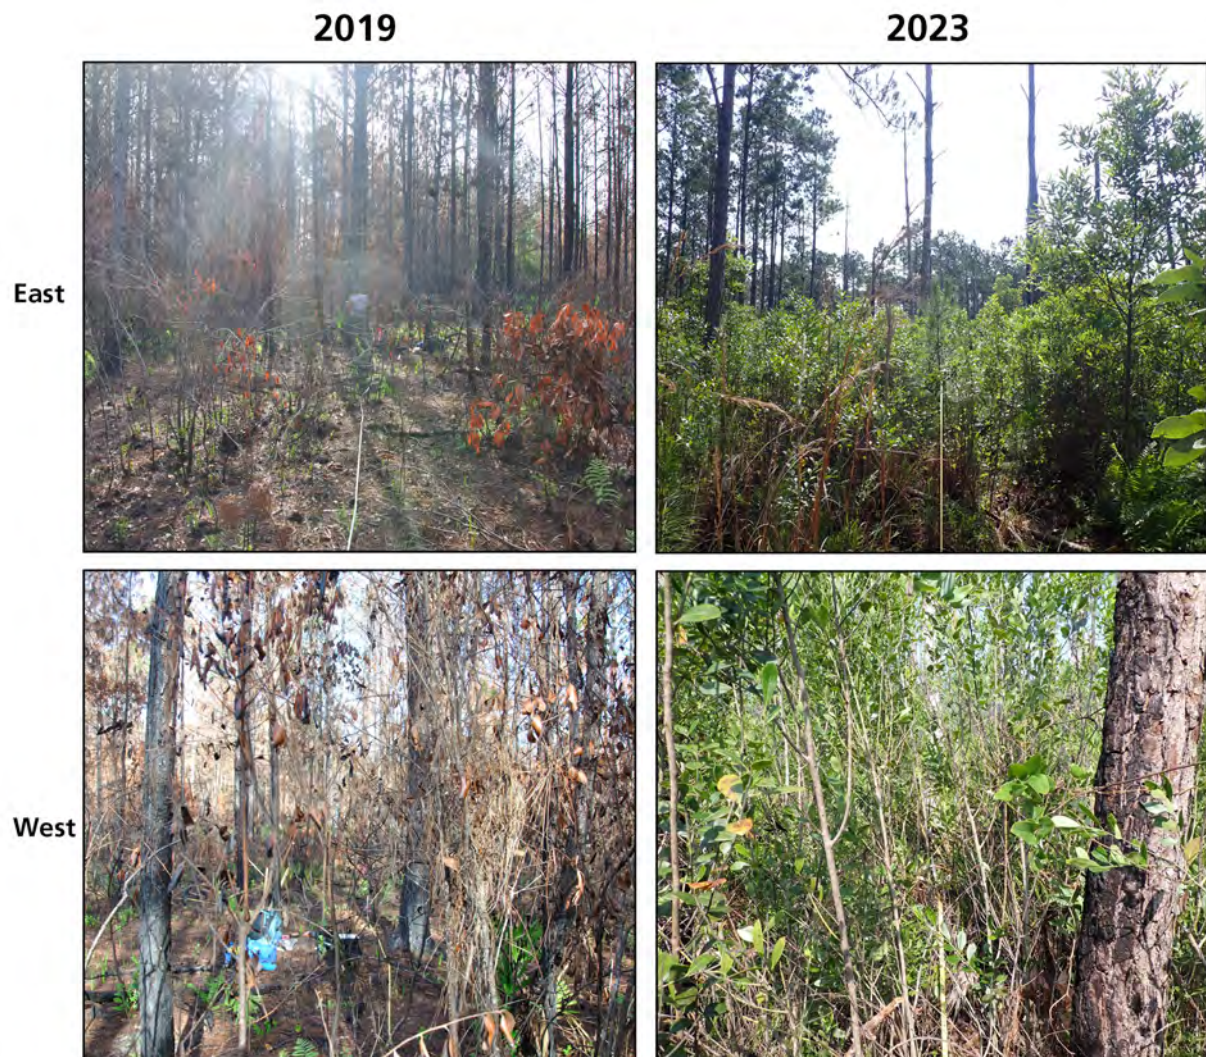

Figure 22. Plot photopoints for THCR005. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

Broad Habitat Type: Upland Forests and Shrublands

CEDA004

Figure 23. Plot photopoints for CEDA004. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA007

Figure 24. Plot photopoints for CEDA007. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA012

Figure 25. Plot photopoints for CEDA012. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA016

Figure 26. Plot photopoints for CEDA016. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

CEDA023

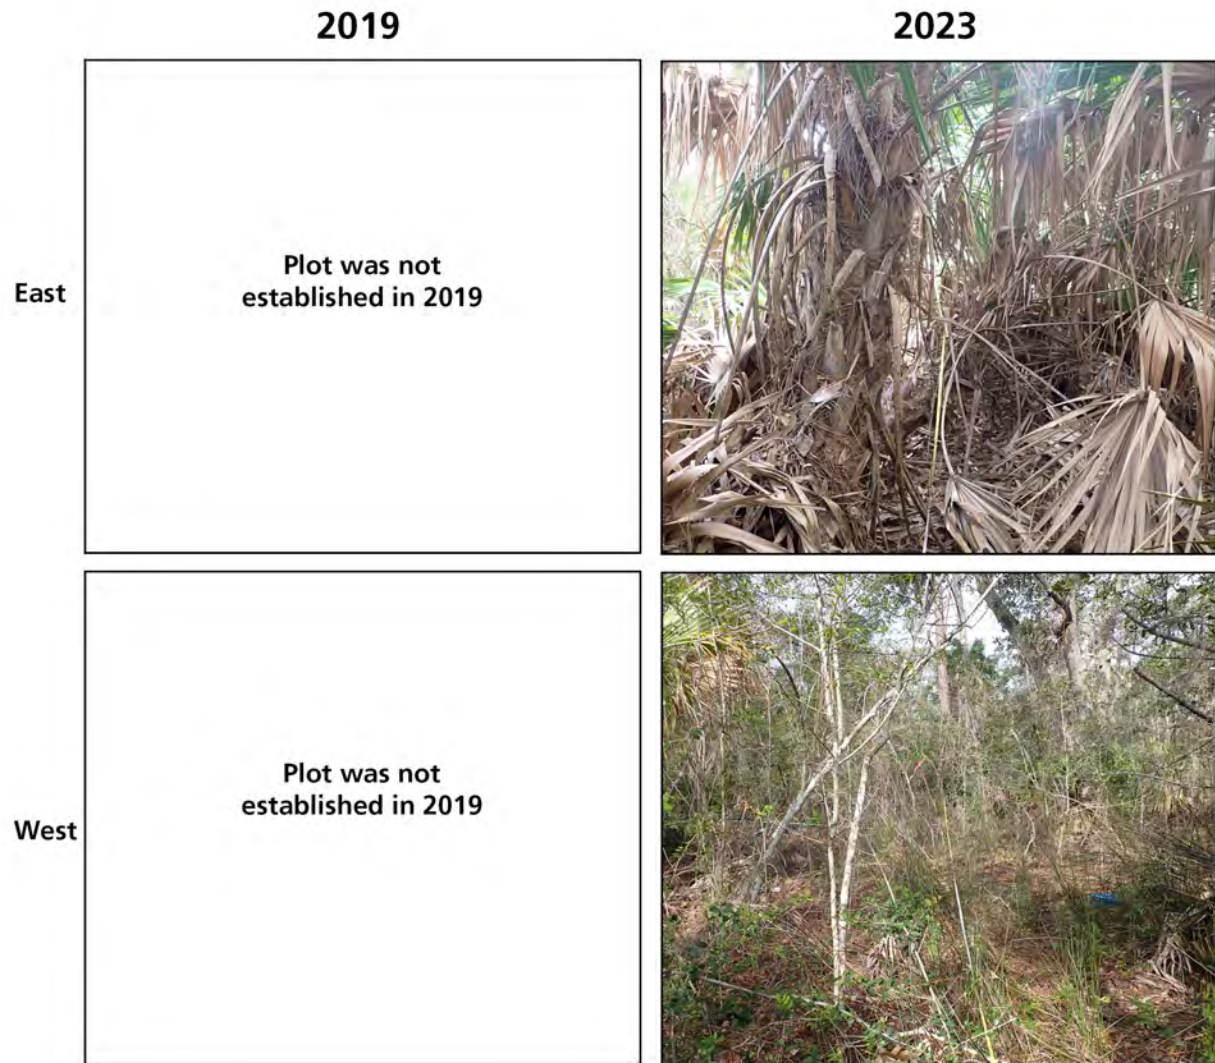

Figure 27. Plot photopoints for CEDA023. Top right, looking east in 2023 and bottom right, looking west in 2023.

TERO002

Figure 28. Plot photopoints for TERO002. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO003

Figure 29. Plot photopoints for TERO003. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO004

Figure 30. Plot photopoints for TERO004. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO006

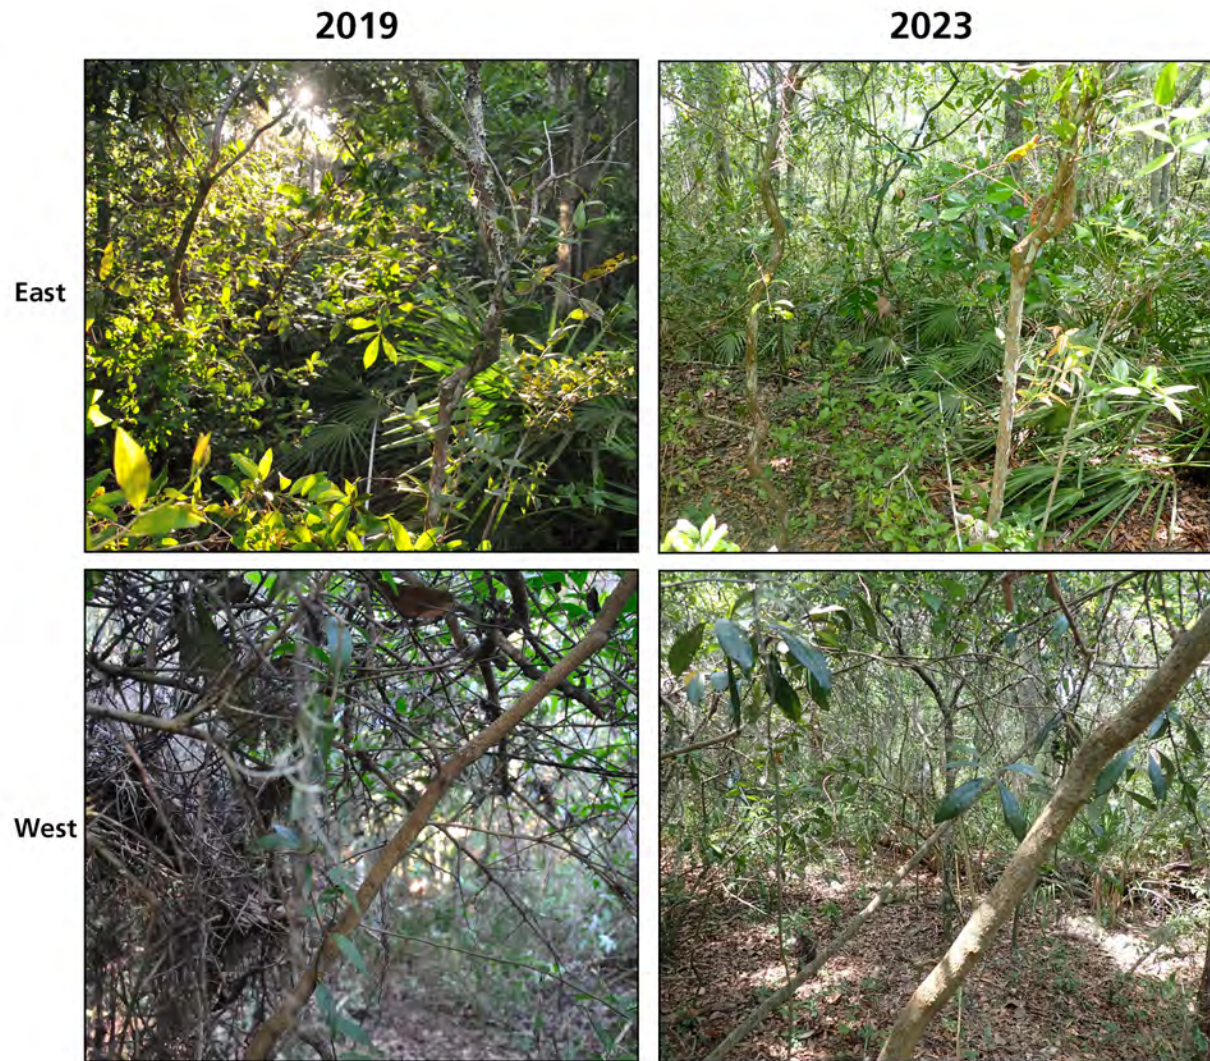

Figure 31. Plot photopoints for TERO006. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO007

Figure 32. Plot photopoints for TERO007. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.

TERO008

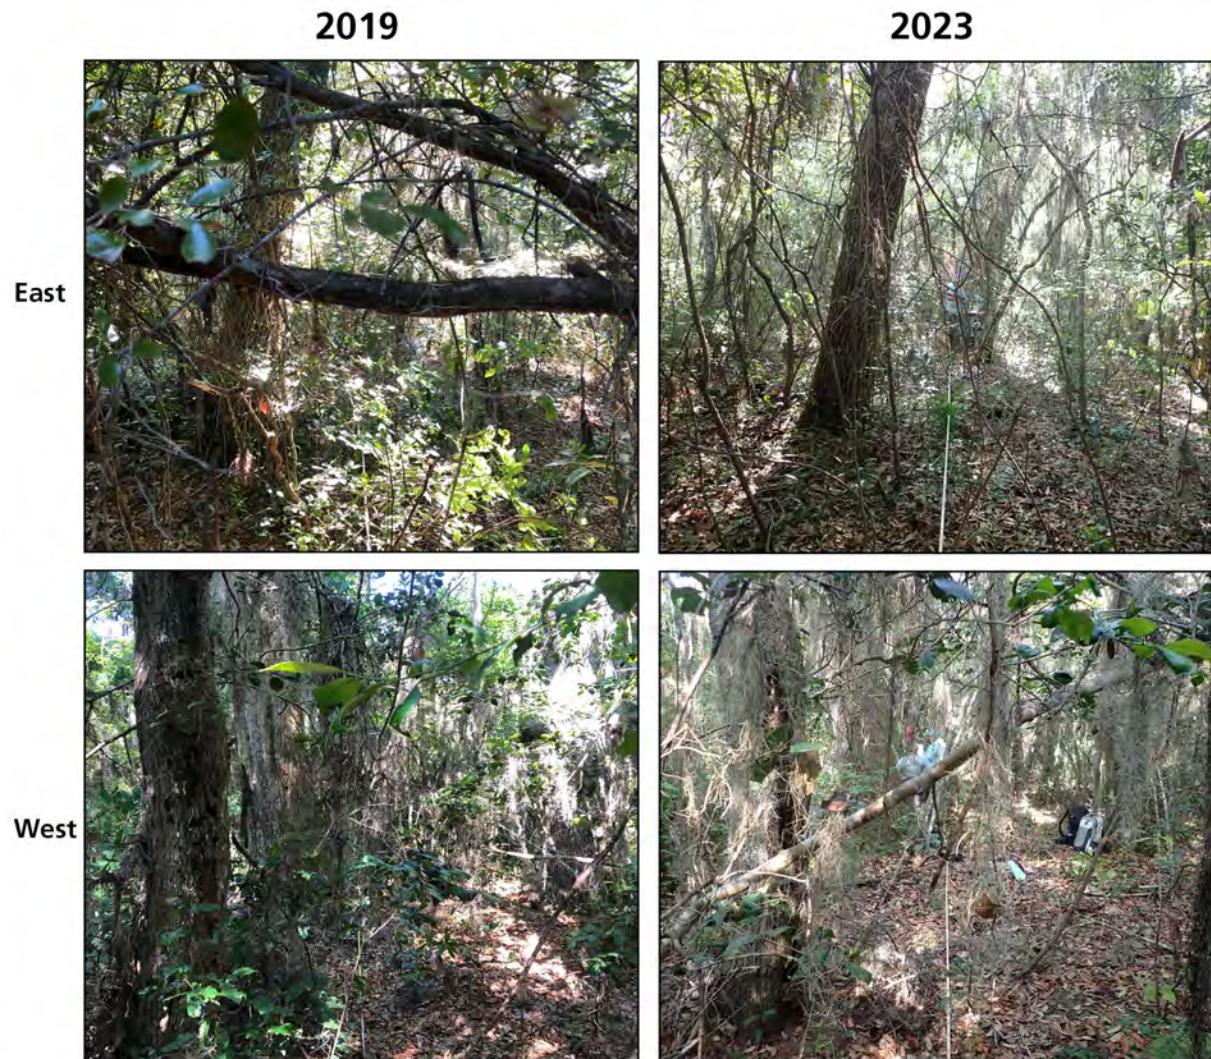

Figure 33. Plot photopoints for TERO008. Clockwise from top left, looking east in 2019; looking east in 2023; looking west in 2023 and looking west in 2019.
