Ziesler, P.S. 2026. Statistical Abstract: 2025. Science Report NPS/SR—2026/439. National Park Service, Fort Collins, Colorado. <https://doi.org/10.36967/2318258>

The National Park Service Science Report Series disseminates information, analysis, and results of scientific studies and related topics concerning resources and lands managed by the National Park Service. The series supports the advancement of science, informed decisions, and the achievement of the National Park Service mission.

All manuscripts in the series receive the appropriate level of peer review to ensure that the information is scientifically credible and technically accurate.

Views, statements, findings, conclusions, recommendations, and data in this report do not necessarily reflect views and policies of the National Park Service, U.S. Department of the Interior. Mention of trade names or commercial products does not constitute endorsement or recommendation for use by the U.S. Government.

The Department of the Interior protects and manages the nation's natural resources and cultural heritage; provides scientific and other information about those resources; and honors its special responsibilities to American Indians, Alaska Natives, and affiliated Island Communities.

This report is available in digital format from the [National Park Service DataStore](#) and the [Natural Resource Publications Management website](#). If you have difficulty accessing information in this publication, particularly if using assistive technology, please email irma@nps.gov.

Abstract

In the pages that follow, a series of tables and figures display visitor use statistics for calendar year 2025. By documenting visits, hours, and overnight stays across the National Park System, the National Park Service (NPS) Statistical Abstract offers a historical record of visitor use in parks and provides NPS staff and partners with a useful tool for effective management and planning. In 2025, 406 of the 433 National Park System units collected and reported visitor use statistics. The remainder were unable to do so for a variety of reasons; some are administered by another agency or under non-Federal land ownership, and some are new parks that lack staff and facilities to manage visitor use statistics. For more information see the section titled “Related and Non-Reporting Areas.”

The responsibility for compiling and summarizing visitor use statistics resides with the Socioeconomics and Resource Recovery Division in the Natural Resource Stewardship and Science Directorate. The Division relies on NPS field personnel to count, record, and report visitor use. This system of collecting and summarizing monthly visitor use data is combined with continuous review and assessment of park visitor use estimation procedures to promote consistency and accuracy of data. Detailed instructions for the units that collect data, monthly visitation summaries, and reports displaying trends in park visitation are available on the NPS Visitor Use Statistics website (<https://irma.nps.gov/Stats/>). The Definitions section below and the program website (<https://www.nps.gov/subjects/socialscience/visitor-use-statistics.htm>) provide additional information on how the National Park Service collects and estimates visitor use.

Definitions

AFFILIATED AREA: An area administered in connection with the National Park Service (NPS) that uses NPS assistance but is neither Federally owned nor directly administered by the NPS.

BACKCOUNTRY: One or more primitive or wilderness areas reached primarily by hiking, boating, or horseback. This does not include developed campgrounds that happen to be located on an island (e.g., developed frontcountry campgrounds at Isle Royale NP).

CAMPGROUND: An area of land designated and developed for use as a camp.

CLASSIFICATION: Designated names for areas administered by the NPS may be found in the publication, *The National Parks: Index 2012–2016*, or online at <https://www.nps.gov/aboutus/national-park-system.htm>.

CONCESSIONER: A private company or individual contracted to provide facilities and services considered necessary by the NPS for accommodating visitors.

CONCESSIONER-OPERATED CAMPGROUND: An element of a concessioner operation involving services for overnight camping such as RV parks, tent campgrounds, and trailer courts where trailers are not provided by the concessioner.

CONCESSIONER-OPERATED LODGING: An element of a concessioner operation involving facilities for overnight lodging such as hotels, motels, cabins, cottages, lodges, trailer villages, and trailer courts where trailers are available for rent by visitors.

FRONTCOUNTRY: Easily accessible outdoor areas, including developed campgrounds with nearby parking or close to public transportation stops like docks or airfields.

MISCELLANEOUS OVERNIGHT STAY: Any overnight stay not otherwise defined such as staying aboard boats, camping in organized group campsites, staying overnight in NPS furnished cabins, or any overnight stays not included in other categories. This excludes overnight stays on private inholdings, which are not stays on NPS administered territory.

MIXED AREA PARK: See **POPULATION CENTERS**.

NATIONAL PARK SERVICE (NPS): A Department of the Interior (DOI) bureau which administers approximately two dozen types of Federal lands and waters, nationally significant for their scenic, natural, scientific, historical, or archeological interest (see **CLASSIFICATION**). The NPS was established as a bureau of the DOI by an Act of Congress on August 25, 1916. The NPS does not administer National Forests or National Grasslands (United States Department of Agriculture, Forest Service), National Wildlife Refuges or National Fish Hatcheries (United States Department of the Interior, U.S. Fish and Wildlife Service), or a variety of other public lands available for visitor use.

NATIONAL PARK SYSTEM: The collection of properties managed by the National Park Service. The General Authorities Act of 1970 defines the System thus: “The ‘national park system’ shall include any area of land and water now or hereafter administered by the Secretary of the Interior through the National Park Service for park, monument, historic, parkway, recreational, or other purposes.”

NEGLIGIBLE TRANSIT: A brief, incidental entry into a park by passing traffic (vehicular or pedestrian) using NPS-administered grounds, roads, or walkways (see **NON-REPORTABLE VISIT**).

NON-RECREATION OVERNIGHT STAY: A reportable non-recreation overnight stay is any overnight stay on NPS-administered territory associated with a non-recreation visit and includes leaseholder overnights, line shack overnights for ranchers, overnights for government personnel other than NPS employees, nights on-board commercial fishing vessels in NPS-administered waters, researchers on non-NPS business who stay overnight, and other related overnight stays.

NON-RECREATION VISIT: A reportable non-recreation visit includes:

- Persons going to and from inholdings across significant portions of NPS-administered land or water.
- Commuter and other through-traffic using NPS-administered roads or waterways through a park for their convenience.
- Tradespeople conducting business in the park. Excludes NPS contractors and employees.
- Any civilian activity as a part of the pursuit of gainful occupation (e.g., guides).
- Government personnel other than NPS employees conducting business in the park.
- Citizens using NPS buildings for civic or local government business or attending public hearings not related to NPS activities.
- Outside research activities—visits and overnights—independent of NPS legislated interests (e.g., meteorological research).

NON-REPORTABLE OVERNIGHT STAY: Non-recreation overnight stays by concessioner employees, inholders, NPS employees, or their families are not reportable.

NON-REPORTABLE VISIT: Visits by NPS employees, their families, concessioner employees, members of cooperating associations, NPS contractors, and service personnel are not reportable as visitor use. Specific situations include:

- Employees of the NPS who are assigned to the park or who are visiting the park in connection with their duty assignment.
- NPS contractor, concessioner, partner, and cooperating association employees.

- Temporary or permanent members of households of personnel otherwise included in this definition whose residence is in the park.
- Private tenants within NPS boundaries (inholders) if not crossing significant NPS territory for access.
- Persons engaged in pursuit of specific legal rights of use (e.g., subsistence hunting and fishing).
- Any other persons whose presence in the park is to help the Service fulfill its mission (e.g., volunteers in parks, research activities associated with the NPS mission, construction workers on NPS projects).

In addition, brief, incidental entries into a park by passing traffic (vehicular or pedestrian) using NPS-administered grounds, roads, water, or walkways are considered non-reportable. Civil ceremonies (e.g., ritualistic observances, marriages) are non-reportable unless there is a traditional, legislative, or other official and externally imposed requirement bearing on the park, or unless there is a compensatory contract with the activity sponsor such as an authorized special use permit.

NOT REPORTING: These areas do not report official visitation to the NPS.

OUTLYING AREA PARK: See **POPULATION CENTERS**.

OVERNIGHT STAY: One night within a park by one visitor. Overnight stays by concessioner employees, inholders, NPS employees, and their families are not reportable (see **NON-REPORTABLE OVERNIGHT STAY**). A party of two visitors staying in a park for three nights is recorded as six overnight stays. There are seven categories of overnight stays:

- Persons staying overnight in concessioner-operated lodges, cabins, motels, and hotels are reported as Concessioner-Operated Lodging Overnight Stays.
- Persons staying overnight in concessioner-operated campgrounds, RV parks, and trailer courts (in trailers not provided by the concessioner) are reported as Concessioner-Operated Campground Overnight Stays.
- Persons staying overnight in soft-sided tents, sleeping bags, or tents attached to a vehicle in NPS-operated standard campsites are reported as NPS Campground Tent Overnight Stays.
- Persons staying overnight in recreational vehicles at NPS-operated standard campsites are reported as NPS Campground RV Overnight Stays (see definition of Recreational Vehicle).
- Persons staying overnight in sleeping bags or soft-sided tents erected at undeveloped walk-in campsites not accessible by road are reported as Backcountry Overnight Stays. This does not include camping areas with walk-in sites from nearby parking or developed campgrounds located on an island.

- Persons staying overnight in group camping areas, on board transport or boats, at trailside shelters, in undeveloped overflow areas, in cabins or other structures managed by the NPS (not concessioner-operated), or in other areas not otherwise described above are reported as Miscellaneous Overnight Stays.
- Non-Recreation Overnight Stays are any overnights associated with non-recreation visits (e.g., nights on board commercial fishing vessels within NPS-administered waters or researchers on non-NPS business who stay overnight). All non-recreation overnight stays should be captured in this category regardless of whether they occurred in concessioner-operated lodging, campgrounds, backcountry, etc. Overnight stays on private inholdings are not reportable.

POPULATION CENTERS: NPS parks are categorized by their proximity to population centers in the following manner:

- **Remote Area Park:** more than 75% of the park is located outside of any 2020 Metropolitan Statistical Area (MSA) and requires special travel arrangements to reach.
- **Rural Area Park:** more than 75% of the park is located outside of any 2020 MSA and is accessible by paved highway, scheduled air services, or marine transport services.
- **Outlying Area Park:** more than 75% of the park is located within a 2020 MSA with a population of less than one million people and outside of a 2020 Urban Area as defined by the U.S. Census Bureau (<https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>).
- **Suburban Area Park:** more than 75% of the park is located within a 2020 MSA with a population greater than one million people but outside of a 2020 Urban Area as defined by the U.S. Census Bureau (<https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>).
- **Urban Area Park:** more than 75% of the park is located within a 2020 Urban Area as defined by the U.S. Census Bureau (<https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>).
- **Mixed Area Park:** a park located in a mixture of Outlying Area, Rural Area, Suburban Area, and/or Urban Area with no more than 75% of the park area in any one category.

RECREATION VISIT: The entry of a person to lands or waters administered by the NPS for purposes other than those defined above for non-reportable and non-recreation visits. Funeral parties at National Cemeteries, school groups, etc. are reportable as recreation use because their use meets the purpose for which the park was established. Visits originating on surface vehicles (trains, boats, other) and aircraft may be counted *if* they stop and disembark passengers on NPS administered territory. **The applicable rule is that one entrance per individual per day is countable.**

RECREATIONAL VEHICLE: Any enclosed vehicle used for camping which is outfitted for sleeping and other daily/domestic activities, such as a pickup truck with a camper body, pop-up trailer, travel trailer, bus, motor coach, mobile home, etc.

RELATED AREAS: Related areas are areas that are linked in importance and purpose to places managed directly by the National Park Service to preserve important segments of the Nation's natural and cultural heritage. They are designated by acts of Congress or by the Secretary of the Interior. Most related areas are not units of the National Park System and are managed by other government agencies or non-governmental organizations and landowners. The National Park Service is involved in related areas by directly managing the entirety or sections of a related area, or by providing technical or financial assistance.

REMOTE AREA PARK: See **POPULATION CENTERS**.

RURAL AREA PARK: See **POPULATION CENTERS**.

SERVICE PERSONNEL: Employees of the NPS who are assigned to a park or are visiting a park in connection with their duty assignments, NPS contractors, concessioner employees, cooperating association employees, and the temporary or permanent members in the households of NPS employees who reside in the park.

SUBURBAN AREA PARK: See **POPULATION CENTERS**.

URBAN AREA PARK: See **POPULATION CENTERS**.

VISIT: The entry of a person to lands or waters administered by the NPS. There are three categories of visits to parks: (1) visits that are not reported as visitor use; (2) non-recreation visits reported as visitor use; and (3) recreation visits reported as visitor use. Negligible transit is non-reportable. Same-day reentries and entries to detached portions of the same park on the same day are a single visit. Visits are reported separately for contiguous, independently authorized parks.

VISITOR: An individual who generates one or more visits.

VISITOR DAY: Twelve visitor hours in a park.

VISITOR HOURS: The presence of one or more persons (excluding service personnel) in a park for continuous, intermittent, or simultaneous periods of time summing to one visitor-hour (e.g., one person for one hour, two persons for one-half hour each, etc.). Although same day attendance at detached portions of the same park is considered duplicate counting and is reported as a single visit, the time spent by a visitor at detached units is added together for the visitor-hour estimate.

Introduction

In 2025, 406 National Park System units reported over 323 million recreation visits, approximately 8.8 million visits (2.7%) less than 2024, the record year to-date. Recreation visitor hours, at 1.39 billion, were also slightly (0.7%) less than 2024 and total overnight stays were about 300,000 stays (2.4%) less. Two new parks were added to the reporting system in 2025: Appalachian NST and Harriet Tubman NHP. These new parks added a combined 6.2 million recreation visits to the NPS total (1.9%).

Twenty-six parks set a record for recreation visits in 2025 and sixteen of those broke records they set in 2024; see the appendix for a list of record setting parks. Specific factors influencing park visits in 2025 include:

- Colder weather in spring and fall of 2025 offset the 2024 visitation “bumps” observed during the unseasonably mild weather of spring and fall 2024.
- Lingering effects of damage from Hurricane Helene (September 2024) continued to impact some parks in the mid-Atlantic and southeastern U.S.
- The Dragon Bravo Fire closed the north rim of Grand Canyon NP, and the South Rim Fire closed parts of the south rim of Black Canyon of the Gunnison NP for most of the summer.
- Some parks and historic homes/historic areas were completely closed during the lapse in appropriations October 1 through November 12. Other parks were open, though with some facility closures (mostly Visitor Centers).

Supplementary information on NPS visitor use statistics including program history and policy, definitions, frequently asked questions, and information on accessing visitor use data can be found on the web (<https://www.nps.gov/subjects/socialscience/visitor-use-statistics.htm>). Information about other elements of the NPS Socioeconomics and Resource Recovery Division such as economic valuation, visitor spending effects, and socioeconomic monitoring, can be found on the social science subject website (<https://www.nps.gov/subjects/socialscience/index.htm>). Additional inquiries about NPS visitor use statistics may be directed to:

2025 Visitor Use Data

The following tables and figures record official visitor use for the National Park Service in 2025; some tables and figures compare 2025 data to 2024 visitor use estimates. Endnotes that apply to multiple tables can be found at the end of this document.

Recreation Visits by Site Designation

Table 1 lists the number of recreation visits in 2025 for parks grouped by site designation. Of 433 parks, 406 reported visitor use statistics in 2025. Designated national parks received the highest percentage of recreation visits (29%), followed by national recreation areas (15%), national memorials (11%), and national parkways (10%). The figures that follow show the percentage of recreation visits by site designation (Figure 1) for 2025 and a comparison with 2024 by site designation (Figure 2).

Table 1. 2025 recreation visits by site designation.

Site Designation	Percent of Total Visits ^A	2025 Recreation Visits	Percent Change from 2024 ^B	Units Reporting Visits	Units Administered
International Historic Site	<1%	15,481	15%	1	1
National Battlefield	1%	2,246,038	11%	10	11
National Battlefield Park	1%	1,936,341	-21%	4	4
National Battlefield Site	—	—	—	0	1
National Historic Site	2%	7,452,695	-13%	72	75
National Historical Park	9%	27,869,103	-4%	62	64

Park (Other)	2%	7,314,372	-6%	9	11
NPS Total	100%	323,014,305	-2.7%	406	433

^A Total does not equal 100% due to rounding in the underlying calculations.

^B Percents do not add to total because each row is a separate percentage change by designation.

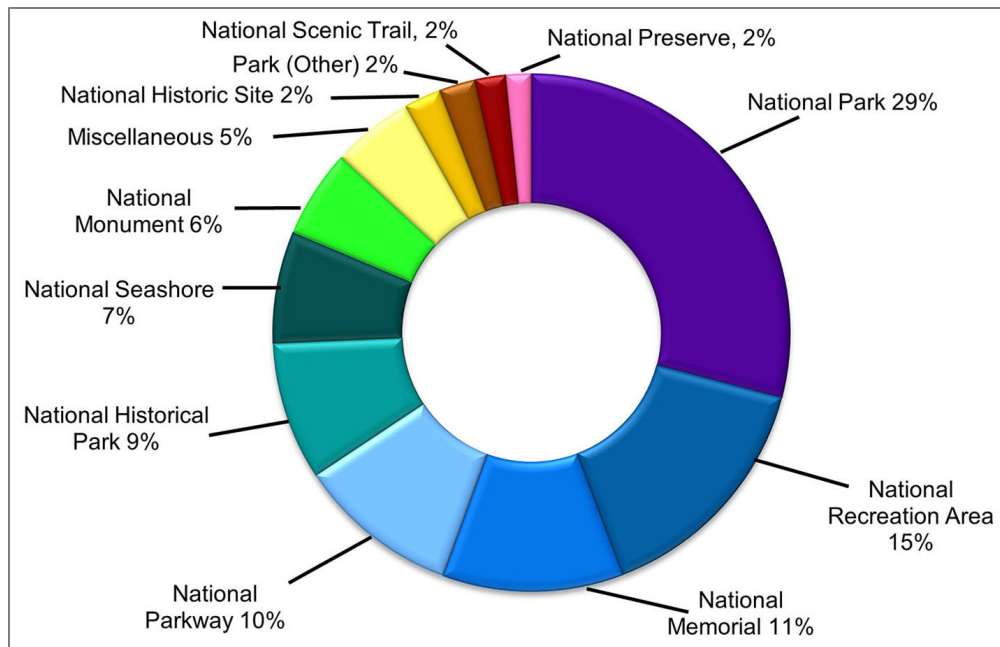

Figure 1. Percentage of recreation visits by site designation, 2025. Note: Miscellaneous includes those designations listed in Table 1 but not broken out in this figure: international historic site, national battlefield, national battlefield park, national lakeshore, national military park, national reserve, national river, and national wild & scenic river.

NPS

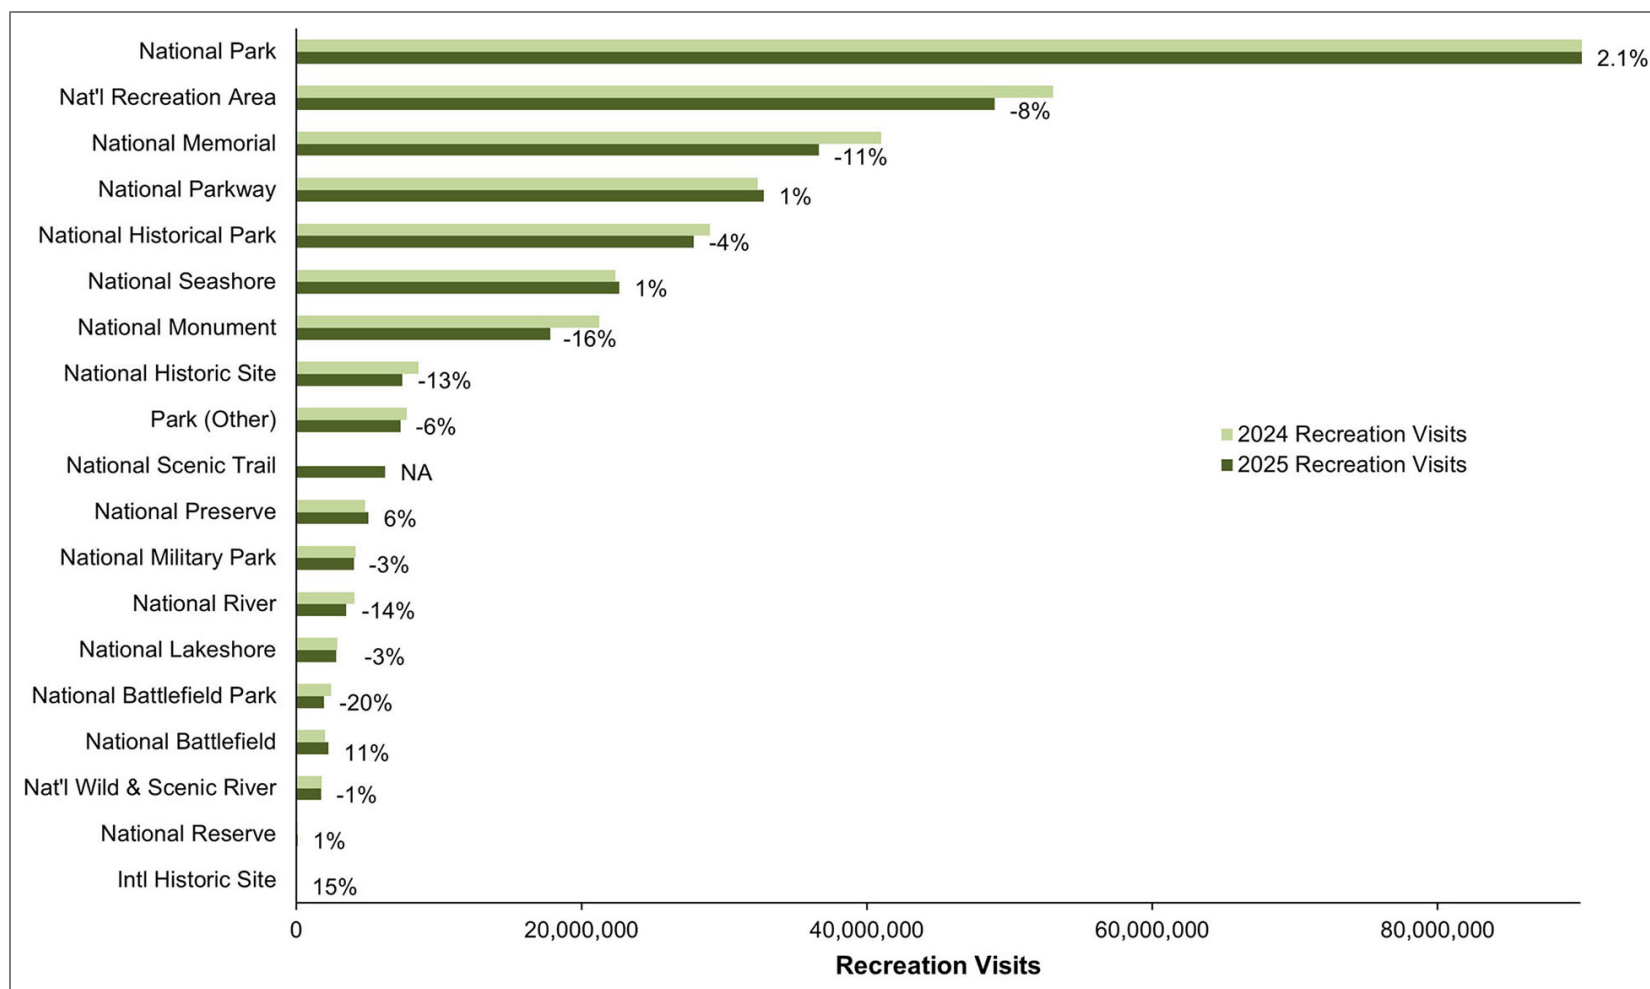

Figure 2. Recreation visits by site designation, 2024 to 2025. Bar labels indicate percentage change from 2024 to 2025.

NPS

Recreation Visits by State

Table 2 reports 2025 NPS recreation visits in each state, the District of Columbia, and the U.S. territories of American Samoa, Guam, Puerto Rico, and the U.S. Virgin Islands. The table also shows 2024 recreation visits and the percent change in recreation visits from 2024 to 2025. Figure 3 displays the percent change from 2024 to 2025 for each state and territory. Overall, the number of recreation visits is 2.7% less than in 2024 (323.0 million in 2025 compared to 331.9 million in 2024). Please note that some increases are due to the addition of new reporting parks¹.

Table 2. 2025 recreation visits by state and U.S. territory compared to 2024.

State	Recreation Visits 2025	Recreation Visits 2024	Percent Change ^A
Alabama	1,433,413	1,390,582	3.1%
Alaska	3,729,654	3,473,715	7.4%

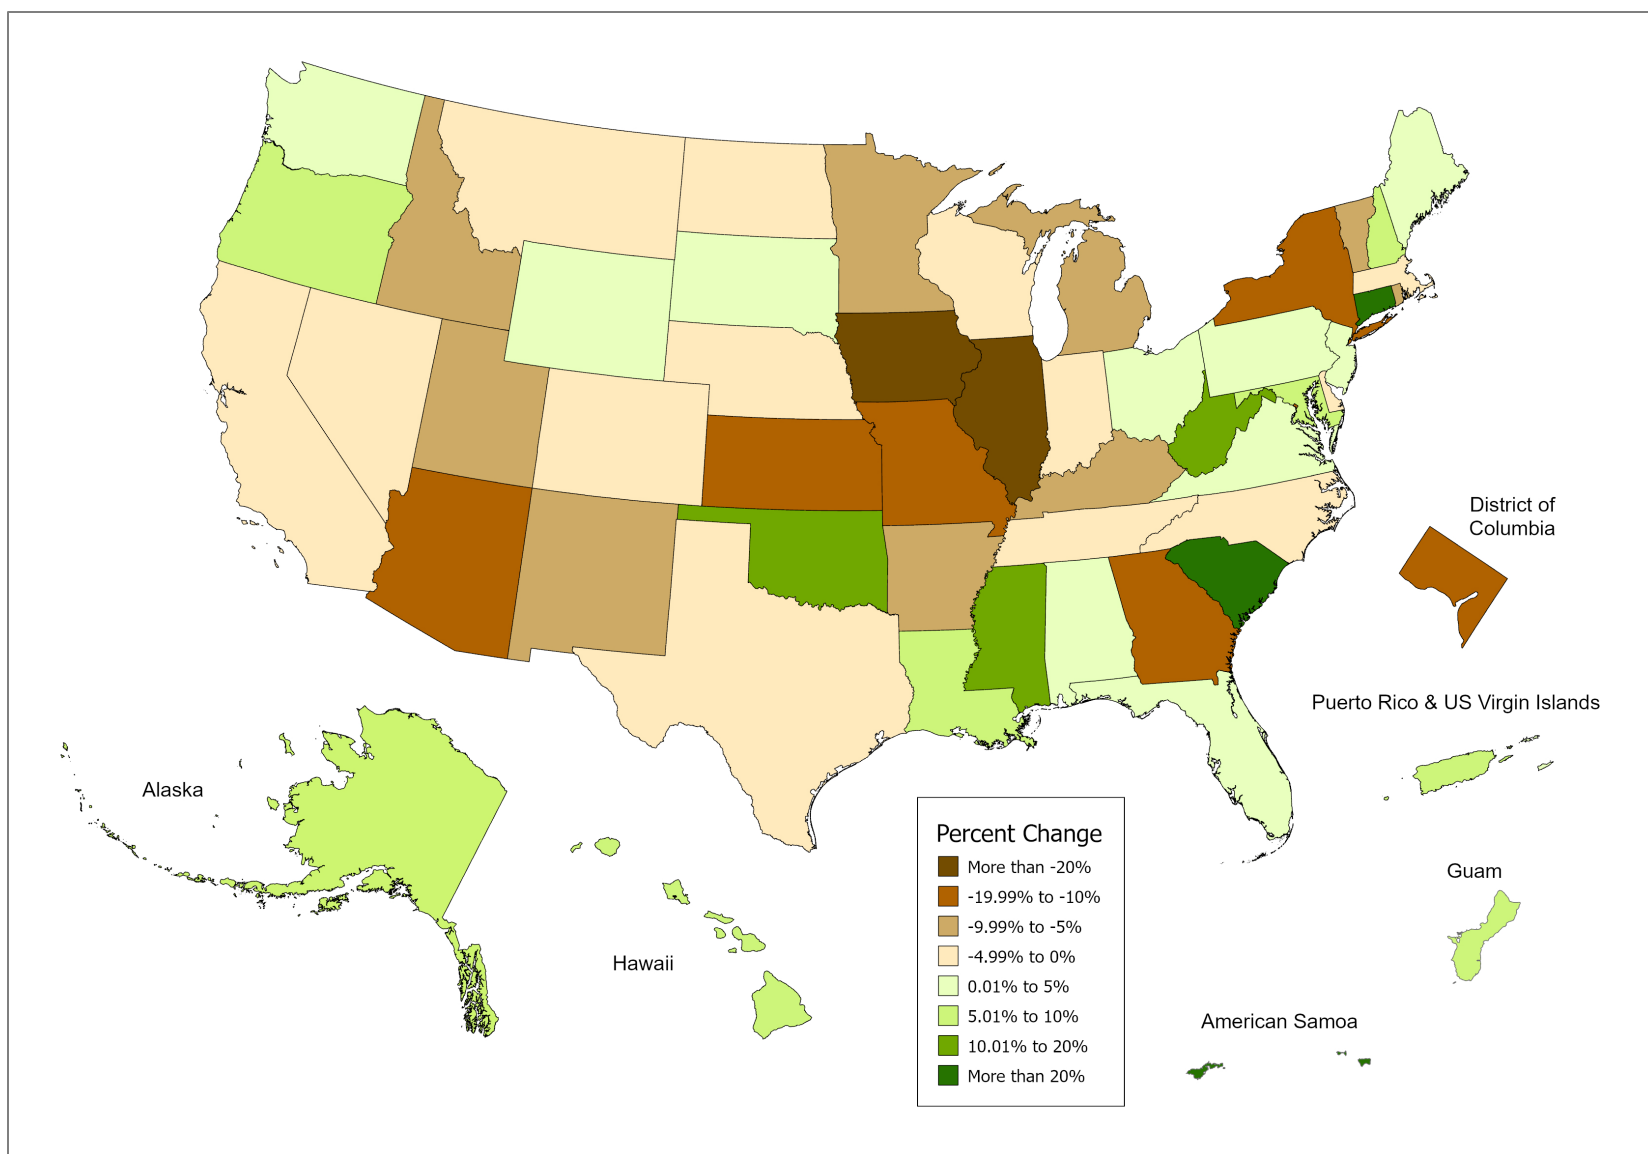

Figure 3. Percent change in recreation visits by state or territory, 2024 to 2025.

NPS

Recreation Visits and Visitor Days by Population Center Category

Table 3 shows the number of recreation visits, visitor days, and change from the previous year for parks by population center category (as described in the “Definitions” section of this report). Figure 4 compares recreation visits by population center category for 2024 and 2025 and highlights that recreation visits and visitor days decreased for all population centers except those in the Mixed Area category, which had an 8.7% increase in recreation visits and a 3.7% increase in recreation visitor days.

Table 3. 2025 recreation visits and visitor days and change from 2024 by population center category.

Population Center	Recreation Visits	Percent Change ^A	Recreation Visitor Days	Percent Change ^A
Remote Area	2,565,870	-1.6%	1,461,091	-2.7%

^A Percents by population center do not add to total because each row is a separate percent change by category.

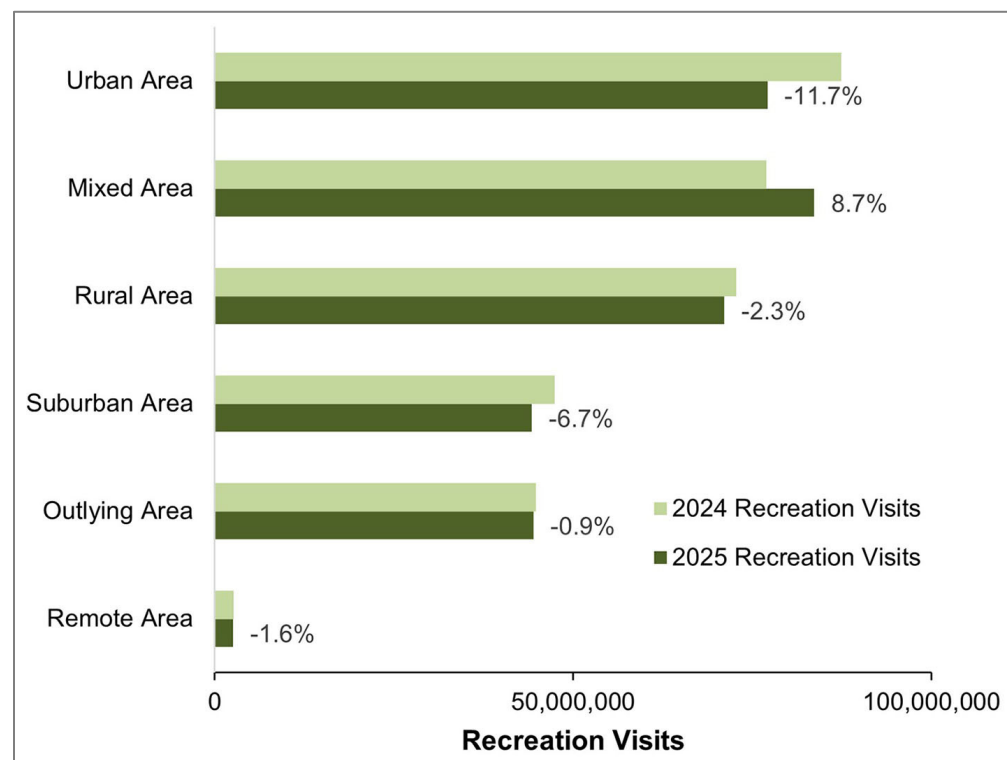

Figure 4. Recreation visits by population center, 2024 and 2025.

NPS

Recreation Visits and Visitor Days, and Non-Recreation Visits and Visitor Days by Park

Table 4 is a record of recreation visits and visitor days for all NPS units reporting visitor data. The table also shows non-recreation visits and visitor days, which combine data for through-traffic (commuters), persons going to and from inholdings, tradespeople conducting business in the park, and government personnel other than NPS employees conducting business in the park. In 2025 there were 2.7% fewer recreation visits than 2024 and 0.7% fewer recreation visitor days. Non-recreation visits and visitor days also decreased from 2024 (by 1.7% and 2.0%, respectively). Superscript references can be found in the Endnotes.

Table 4. 2025 recreation visits and visitor days, and non-recreation visits and visitor days (levels and percent change from 2024 by park).

Average Recreation Visits per Day to NPS Units

Visit volume to parks varies throughout the year. Service-wide average of visits per day, broken down by month, is shown in Figure 5. Relative to 2024, 2025 had fewer average visits per day in all months except January and August. January had the largest percentage increase at 4.4% and June had the largest percentage decrease at -7.4%. In 2024, June had the highest average visits per day, while in 2025 July had the highest visits per day at 1,340,551. The pattern shown in Figure 5 with a peak in July is a return to the usual pattern exhibited in years prior to 2024.

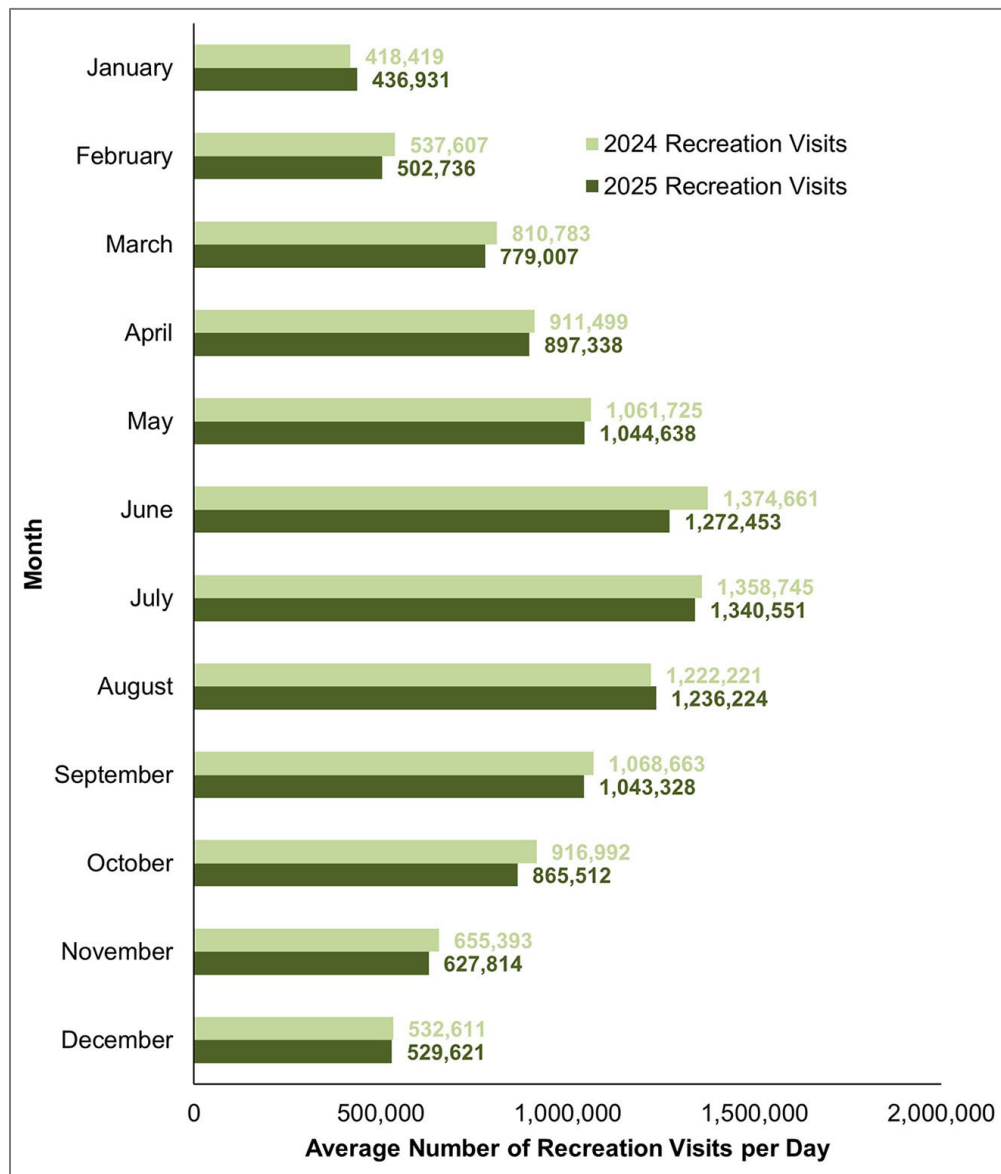

Figure 5. Service-wide average number of recreation visits per day by month, 2024 and 2025.
NPS

Overnight Stays

In addition to visits and visitor days, the National Park Service tracks the number of overnight stays, which are defined as one night within the park by a visitor. One visitor staying for 10 nights or 10 visitors each staying for one night equal 10 overnights stays. Table 5 shows the number of overnight stays by park in concessioner-operated lodging, concessioner-operated campgrounds, NPS campground standard sites (separated by tent overnights and RV overnights), backcountry, and miscellaneous locations (any location or accommodation not otherwise defined such as stays aboard boats or stays in designated group campsites). The table also reports non-recreation stays (see “Definitions” section for examples). In 2025, parks recorded 13,016,577 overnight stays, a 2.4% decrease from 2024. Figure 6 shows the trend for overnight stays by category for the most recent 25 years (2001 to 2025). Superscript references can be found in the Endnotes.

NPS

Related and Non-Reporting Areas

Related areas are areas that are linked in importance and purpose to places managed directly by the NPS, but do not report official NPS visitor use statistics. A list of related areas can be found online at <https://www.nps.gov/aboutus/national-park-system.htm>. Related areas do not report on visitor use.

Some units of the National Park System were unable to report 2025 visitor use statistics for reasons such as joint administration, non-Federal land ownership, or new parks that lack staff and facilities for management of visitor statistics. Superscript references can be found in the Endnotes.

National Park System Areas Not Reporting Visitor Use in 2025

- Birmingham Civil Rights NM
- Blackstone River Valley NHP
- Blackwell School NHS
- Brices Cross Roads NBS
- Carlisle Federal Indian Boarding School NM
- Castle Mountains NM
- Cedar Creek and Belle Grove NHP
- Constitution Gardens²
- Ebey's Landing NHR
- Fort Monroe NM
- Frances Perkins NM
- Freedom Riders NM
- Great Egg Harbor NSRR
- Hohokam Pima NM
- Honouliuli NHS
- Middle Delaware NSR
- Natchez Trace NST
- National Mall and Memorial Parks
- New England NST
- New Philadelphia NHS
- North Country NST
- Potomac Heritage NST
- Poverty Point NM

- Springfield 1908 Race Riot NM
- Tupelo NB
- Virgin Islands Coral Reef NM
- Yucca House NM

Recreation Visits and Visitor Days by State and U.S. Territory

Table 6 documents the number of recreation visits and visitor days for all parks that reported visitor use in 2025 by state or territory and displays the percent change from 2024. Table 6 expands the information shown in Table 2 organized by state using the recreation data in Table 4. Superscript references can be found in the Endnotes.

Table 6. 2025 recreation visits and visitor days and percent change from 2024 by state and U.S. territory.

State	Park	Recreation Visits ^A	Percent Change ^B	Recreation Visitor Days ^A	Percent Change ^B
Alabama	Horseshoe Bend NMP	50,738	-20.8%	12,719	-15.6%

^A Total of parks by state may not equal state subtotals due to rounding in the underlying calculations.

^B Percents will not add to state subtotals because each row is a separate percentage change by park.

Endnotes

Endnotes are defined with numeric identifiers that apply to Tables 1–6 from the previous pages and to Table 7 of the appendix at the end of this abstract.

¹ Areas reporting for the first time (first reporting month in parentheses):

- Appalachian NST (January 2025)
- Harriet Tubman NHP (May 2025)

² Combined areas reporting separately:

- Klondike Gold Rush NHP Alaska and Klondike Gold Rush NHP Seattle are reported separately but are classified as Klondike Gold Rush NHP
- Constitution Gardens is combined with National Capital Parks Central; separate visitation data are not available

³ Changes in counting procedures to increase the accuracy of visitation estimates (data for the following areas may require special adjustments to be comparable with data from previous annual abstracts):

- Arkansas Post NMEM (Changed to divide traffic count by 2 to account for entry and exit)
- Bering Land Bridge NPRES (Changed from a manual estimate of recreation visits and overnight stays to an estimate of base visits/overnight stays plus visits/overnight stays by Commercial Use Authorization (CUA) clients plus an estimate of otherwise missed visits/overnight stays; changed from a manual estimate of non-recreation visits/overnight stays to an estimate of visits/overnight stays by CUA guides plus an estimate of otherwise missed visits/overnight stays)
- Bluestone NSR (Replaced estimate from trail count at Bluestone State Park entrance with an estimate from a traffic counter)
- Canyonlands NP (Added counts on Potash Road; removed counts at Shafer Trail and White Rim East)
- Cape Krusenstern NM (Changed from a manual estimate of recreation visits and overnight stays to an estimate of base visits/overnight stays plus visits/overnight stays by CUA clients plus an estimate of otherwise missed visits/overnight stays; changed from a manual estimate of non-recreation visits/overnight stays to an estimate of visits/overnight stays by CUA guides plus an estimate of otherwise missed visits/overnight stays)
- Carlsbad Caverns NP (Changed from a percentage of capacity estimate to an actual count of attendance at Bat Flight Programs for visitor hours)

- Charles Young Buffalo Soldiers NM (Changed from a count of tour attendance plus grounds only to a count at the Visitor Center plus grounds only; removed special event hours; added program attendance hours)
- Chattahoochee River NRA (Removed division by 2 on Columns Drive traffic count)
- Chesapeake and Ohio Canal NHP (Added trail counts at 31st Street, Potomac Street, and Cabin John Creek Access; changed calculation for Capital Crescent to split between recreation and non-recreation (commuter) trail users; updated non-recreation visits and hours to use additional data from Capital Crescent; changed from using a traffic counter to a trail counter at Lock 44 entrance)
- Cuyahoga Valley NP (Replaced regression estimates with estimate from new traffic counters at Octagon, Boston Trailhead, and Stanford House Trailhead; updated estimate for Happy Days Lodge South, Horseshoe Pond, Indigo Lake, and Frazee House; added new counts/estimates at East Rim trail system (north and south), North Hampton Point, train boardings from outside park (Rockside and Akron); removed counts at Brandywine Falls Inn (not eligible to report NPS visitor use statistics); updated length of stay multipliers: each new or retained count location has updated adjustments for non-reportable vehicles, multiple counter crossings, and duplicate count corrections for same-day reentries; added adjustments for otherwise missed visits)
- Eisenhower NHS (Changed from an estimate of recreation visits using counts of tour and educational program attendance to estimates derived from traffic counters; updated lengths of stay; added non-recreation visits and hours)
- Fort McHenry NM & HS (Vehicle and trail counter technology and counter locations updated to better capture visits)
- Fort Sumter and Fort Moultrie NHP (Replaced the current multiplier to estimate Liberty Square visits with a count from the South Carolina Aquarium; removed non-recreation visits and hours)
- Gila Cliff Dwellings NM (Added park programming to recreation visitor hours)
- Hampton NHS (Replaced staff estimate of park use with estimate derived from traffic and trail counters)
- Kobuk Valley NP (Changed from a manual estimate of recreation visits and overnight stays to an estimate of base visits/overnight stays plus visits/overnight stays by CUA clients plus an estimate of otherwise missed visits/overnight stays; changed from a manual estimate of non-recreation visits/overnight stays to an estimate of visits/overnight stays by CUA guides plus an estimate of otherwise missed visits/overnight stays)
- Lake Roosevelt NRA (Removed Halverson Canyon backcountry area and added Summer Island and Enterprise backcountry areas; removed Fort Spokane group overnight stays)
- Mississippi NRRRA (Removed Saint Anthony Falls Lock and Dam Visitor Center because it is permanently closed)

- Moores Creek NB (Removed backcountry overnight stays)
- Muir Woods NM (Replaced daily visit counts with counts from parking reservation and shuttle systems)
- National Capital Parks East (Replaced five traffic counters at Anacostia Park with three traffic counters; replaced fixed estimates of non-motorized entries at Anacostia Park with estimate built from traffic counts; updated non-reportable vehicles at Anacostia Park; updated persons-per-vehicle multiplier at Anacostia Park; added a duplicate reporting adjustment at Anacostia Park; updated length of stay at Anacostia Park; replaced estimate from traffic counters with fixed estimates for recreation and non-recreation at Fort Dupont Park; added a duplicate reporting adjustment at Fort Dupont Park; updated length of stay at Fort Dupont Park; replaced traffic count at Kenilworth Aquatic Gardens with two trail counters; updated length of stay at Kenilworth Park and Kenilworth Aquatic Gardens; removed buses and passengers from Oxon Cove Park; added Anacostia Pool/Aquatic Center staffs as additional non-recreation visits and hours; replaced estimates from traffic counts with fixed estimates of non-recreation visits on Suitland Parkway and Baltimore-Washington Parkway; removed division by 2 on Oxon Cove traffic count)
- Natural Bridges NM (Removed non-recreation visits and hours; updated non-reportable (NPS) vehicles; changed from sites occupied times a person-per-campsite multiplier to a direct count of overnight stays)
- New River Gorge NP & PRES (Overhaul of system to build visits across the park from eight traffic counts; added duplicate reporting and missed visits adjustments; updated non-reportable and non-recreation estimates)
- Niobrara NSR (Overhaul of system to use a new set of adjustments to convert sampled river counts to total river visits)
- Noatak NPRES (Changed from a manual estimate of recreation visits and overnight stays to an estimate of base visits/overnight stays plus visits/overnight stays by CUA clients plus an estimate of otherwise missed visits/overnight stays; changed from a manual estimate of non-recreation visits/overnight stays to an estimate of visits/overnight stays by CUA guides plus an estimate of otherwise missed visits/overnight stays)
- Pearl Harbor NMEM (Changed from adding counts of tour and non-tour visits to using count of visitors entering Memorial grounds through security gate)
- Petersburg NB (Overhaul of count system by replacing counts at five locations with counts at three locations—new locations include expansion multipliers for missed visits and adjustments for visits to multiple locations; Western Front visits are estimated using values from the three new count locations; updated persons-per-vehicle multiplier; updated lengths of stay)
- Redwood NP (Overhaul of count system which replaced many traffic and trail counters with new estimates built from four traffic counters and one trail counter; each retained count location has updated adjustments for multiple counter crossings, duplicate count corrections)

for same-day reentries, and adjustments for missed traffic; visits and hours are estimated for the combined Redwood National and State Parks administrative unit and then adjusted to visits and hours on Federally managed properties; added an expansion multiplier to convert backcountry overnight permits to backcountry overnight stays)

- San Francisco Maritime NHP (Replaced visits to Hyde Street Pier with visits to Mare Island Naval Ship Yard leased properties while Hyde Street Pier is closed for renovation work)
- Steamtown NHS (Replaced estimate of visits using a traffic counter and a trail counter with a count of visits at the Information Kiosk; updated length of stay multipliers for recreation visitor hours)
- Ste. Geneviève NHP (Traffic counter at Bauvais-Amoureux House changed locations; updated non-reportable vehicles from 200 to 60; removed non-recreation visits and hours)
- Tule Springs Fossil Beds NM (Added visits and hours for equestrian trails)
- Tumacácori NHP (Changed recreation visits to use direct count of visits entering park; added special event hours to visitor hours)

⁴ Partial or temporary closures (data for the following areas may require special adjustments to be comparable with data from previous annual abstracts):

- African Burial Ground NM (Closed October 1 through November 12 due to lapse in appropriations)
- Alibates Flint Quarries NM (Closed October 1 through November 12 due to lapse in appropriations)
- Amistad NRA (Black Brush closed all year; Box Canyon closed through May)
- Antietam NB (Closed October 1 through November 12 due to lapse in appropriations)
- Arches NP (Fiery Furnace closed for fourteen days in April)
- Arkansas Post NMEM (Closed October 1 through November 12 due to lapse in appropriations)
- Aztec Ruins NM (Closed October 1 through November 12 due to lapse in appropriations)
- Belmont-Paul Women's Equality NM (Closed October 1 through November 12 due to lapse in appropriations)
- Bent's Old Fort NHS (Interior of fort closed to visitors January through April while grounds remained open; fort partially reopened for tours starting in May; closed October 1 through November 12 due to lapse in appropriations)
- Big Bend NP (Chisos Lodge closed July through most of September for construction)
- Big South Fork NRRRA (O&W Road closed all year due to bridge failure)
- Booker T. Washington NM (Closed October 1 through November 12 due to lapse in appropriations)

- Boston Harbor Islands NRA (Welcome Center closed intermittently due to staffing issues; closed October 1 through November 12 due to lapse in appropriations)
- Brown v. Board of Education NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Cabrillo NM (Closed October 1 through November 12 due to lapse in appropriations)
- Cane River Creole NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Capulin Volcano NM (Closed October 1 through November 12 due to lapse in appropriations)
- Carl Sandburg Home NHS (Main parking lot and shuttle service unavailable until May due to damage from Hurricane Helene)
- Carlsbad Caverns NP (Closed October 1 through November 12 due to lapse in appropriations)
- Carter G. Woodson Home (Closed all year for renovations except for one event in February)
- Casa Grande Ruins NM (Closed October 1 through November 12 due to lapse in appropriations)
- Chaco Culture NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Chamizal NMEM (Closed October 1 through November 12 due to lapse in appropriations)
- Charles Pinckney NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Charles Young Buffalo Soldiers NM (Closed October 1 through November 12 due to lapse in appropriations)
- Christiansted NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Cumberland Gap NHP (Pinnacle closed most of January and February due to snow and ice; partial closure October 1 through November 12 due to lapse in appropriations)
- De Soto NMEM (Park grounds closed until February 22 and Visitor Center closed all year due to damage from 2024 hurricanes; closed October 1 through November 12 due to lapse in appropriations)
- Denali NP & PRES (Partial closure October 1 through November 12 due to lapse in appropriations)
- Edgar Allan Poe NHS (Site closed all year for maintenance and renovations)
- El Malpais NM (El Calderon closed for construction August 2025 through the end of the year)
- Federal Hall NMEM (Closed October 1 through November 12 due to lapse in appropriations)

- First Ladies NHS (Closed October 1 through November 12 due to lapse in appropriations)
- First State NHP (Welcome Center closed mid-January through February)
- Florissant Fossil Beds NM (Partial closure October 1 through November 12 due to lapse in appropriations)
- Ford's Theatre NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Davis NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Frederica NM (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Larned NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Matanzas NM (Ferry service to Fort Matanzas unavailable in January due to dock damage from Hurricane Milton)
- Fort McHenry NM & HS (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Pulaski NM (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Union NM (Closed October 1 through November 12 due to lapse in appropriations)
- Fort Union Trading Post NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Frederick Douglass NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Gateway Arch NP (Old Courthouse closed through May 2 for renovation project)
- General Grant NM (Mausoleum closed in January and operated with reduced hours in February due to heating system malfunction; closed October 1 through November 12 due to lapse in appropriations)
- George Washington Carver NM (Closed October 1 through November 12 due to lapse in appropriations)
- Gila Cliff Dwellings NM (Park closed June 14 through June 27 for Trout Fire; partial closure October 1 through November 12 due to lapse in appropriations)
- Glacier NP (Swiftcurrent area of Many Glacier closed for construction in summer 2025)
- Grand Canyon NP (Transcanyon water line work generated partial to full closures at Bright Angel Campground and Phantom Ranch January through April; Dragon Bravo Fire closed North Rim July 10 through September with some North Rim day use allowed later in the year)
- Great Smoky Mountains NP (Rehabilitation work on Cosby Entrance Road February through April)

- Guadalupe Mountains NP (Williams Ranch closed due to flooding damage; Dog Canyon closed until February 5 due to water well failure)
- Hamilton Grange NMEM (Closed October 1 through November 12 due to lapse in appropriations)
- Harriet Tubman NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Hawai'i Volcanoes NP (Napau Crater backcountry site closed January through July due to previous eruption covering the backcountry campground)
- Hopewell Furnace NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Hot Springs NP (Portions of the park were closed in March and April due to tornado damage)
- Isle Royale NP (Partial closure October 1 through November 12 due to lapse in appropriations)
- James A. Garfield NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Jewel Cave NM (Closed October 1 through November 12 due to lapse in appropriations)
- Jimmy Carter NHP (Partial closure October 1 through November 12 due to lapse in appropriations)
- John F. Kennedy NHS (Closed October 1 through November 12 due to lapse in appropriations)
- John Muir NHS (Partial closure October 1 through November 12 due to lapse in appropriations)
- Katmai NP & PRES (Partial closure October 1 through November 12 due to lapse in appropriations)
- Kennesaw Mountain NBP (Partial closure October 1 through November 12 due to lapse in appropriations)
- Klondike Gold Rush NHP Seattle (Closed October 1 through November 12 due to lapse in appropriations)
- Knife River Indian Villages NHS (Partial closure October 1 through November 12 due to lapse in appropriations)
- Lincoln Home NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Little Bighorn Battlefield NM (Closed October 1 through November 12 due to lapse in appropriations)
- Little Rock Central High School NHS (Closed October 1 through November 12 due to lapse in appropriations)

- Lowell NHP (Visitor Center closed for construction mid-February through mid-July; closed October 1 through November 12 due to lapse in appropriations)
- Maggie L. Walker NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Mammoth Cave NP (Ferry closed 13 days in February, 2 days in March, and April 4 through the end of 2025)
- Manhattan Project NHP (Partial closure October 1 through November 12 due to lapse in appropriations)
- Marsh-Billings-Rockefeller NHP (Winter Visitor Center closure January 1 through May 24)
- Martin Luther King, Jr. NHP (Visitor Center was closed for renovations in November and December; partial closure October 1 through November 12 due to lapse in appropriations)
- Mary McLeod Bethune Council House NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Mill Springs Battlefield NM (Closed October 1 through November 12 due to lapse in appropriations)
- Minuteman Missile NHS (Partial closure October 1 through November 12 due to lapse in appropriations)
- Mississippi NRRRA (Visitor Center closed two weeks in September)
- Montezuma Castle NM (Closed October 1 through November 12 due to lapse in appropriations)
- Moores Creek NB (Closed October 1 through November 12 due to lapse in appropriations)
- Mount Rainier NP (Fairfax Bridge to Carbon River closed April 14 and will remain closed indefinitely; Ohanapecosh Campground closed May through September; Highway 123 closed for construction September 2 through October 1)
- Muir Woods NM (Partial closure October 1 through November 12 due to lapse in appropriations)
- Natchez NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Natchez Trace PKWY (Ridgeland Information Cabin closed all year; Mount Locust closed intermittently January through September; Jeff Busby Campground inaccessible July through December due to construction)
- National Capital Parks Central (Tennis courts closed January through May for renovations; Carousel Snack Bar closed in January; Retail services at Silvan Theater and Food and Beverage services at Arts & Industry, Air & Space, Constitution Gardens, and Tidal Basin closed in February)
- National Park of American Samoa (Closed October 1 through November 12 due to lapse in appropriations)

- Natural Bridges NM (Visitor Center closed for 7 days in April)
- Navajo NM (Closed October 1 through November 12 due to lapse in appropriations)
- New Bedford Whaling NHP (Closed October 1 through November 12 due to lapse in appropriations)
- New Orleans Jazz NHP (Closed October 1 through November 12 due to lapse in appropriations)
- New River Gorge NP & PRES (Fayette Station and Brooklyn Campground closed January through March)
- Nicodemus NHS (Partial closure October 1 through November 12 due to lapse in appropriations)
- Ninety Six NHS (All trails except the main trail and Pond and Equestrian parking lots were closed during the first half of January)
- North Cascades NP (Many areas of the park were inaccessible after December 11 due to flooding, washed out roads, and landslides)
- Ocmulgee Mounds NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Olympic NP (Hoh area road closure January through May; South Shore Road closed all year; Queets Road closed due to storm damage January through March 27; Staircase and Hoodspout areas closed due to wildland fire July through November; Quinault partially closed in December)
- Oregon Caves NM & PRES (Cave tours closed in March and partially closed in April)
- Ozark NSR (Pulltite closed January and February; Peavine partially closed in September)
- Palo Alto Battlefield NHP (Resaca de la Palma Contact Station closed March through December; closed October 1 through November 12 due to lapse in appropriations)
- Paterson Great Falls NHP (Pedestrian Bridge spanning the falls closed all year; Mary Ellen Kramer Park closed August 8 through September for a water main break and then partially closed through the end of the year for bridge construction; Quarry Lawn closed for construction all year; partial closure October 1 through November 12 due to lapse in appropriations)
- Pearl Harbor NMEM (USS Arizona construction closures in September)
- Pecos NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Pennsylvania Avenue NHS (Old Post Office Tower closed October through December)
- Petersburg NB (Fort Gregg-Adams parking lot closed mid-June through July which restricted entry to park along that boundary; partial closure October 1 through November 12 due to lapse in appropriations)

- Petrified Forest NP (Painted Desert Visitor Center closed for construction in July; closed October 1 through November 12 due to lapse in appropriations)
- Petroglyph NM (Paseo de la Mesa trailhead construction closure September through November)
- Pipe Spring NM (Closed October 1 through November 12 due to lapse in appropriations)
- Pipestone NM (Closed October 1 through November 12 due to lapse in appropriations)
- Port Chicago Naval Magazine NMEM (Closed October 1 through November 12 due to lapse in appropriations)
- President W. J. Clinton Birthplace Home NHS (Closed October 1 through November 12 due to lapse in appropriations)
- President's Park (Partial closure October 1 through November 12 due to lapse in appropriations)
- Prince William Forest Park (Telegraph Pavilion closed for construction in April)
- Pullman NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Reconstruction Era NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Redwood NP (Wolf Creek Education Center closed to student groups due to USAF training mission)
- River Raisin NBP (Heritage Trail closed until fall 2025)
- Rock Creek Park (Nature Center closed February, March, and part of April for repairs; tennis center partially closed for an event in July and August; golf course closed in September)
- Rocky Mountain NP (Moraine Park Campground closure for rehabilitation project in June)
- Roger Williams NMEM (Partial closure October 1 through November 12 due to lapse in appropriations)
- Rosie the Riveter WWII Home Front NHP (Closed October 1 through November 12 due to lapse in appropriations)
- Ross Lake NRA (Gorge Campground closed all year due to damage from Sourdough Fire; most of park was inaccessible December 11 through the end of the year due to severe flooding)
- Russell Cave NM (Closed October 1 through November 12 due to lapse in appropriations)
- Saint Paul's Church NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Salem Maritime NHP (Visitor Center closed December 2 through the end of the year due to HVAC issues)

- Sand Creek Massacre NHS (Eads Visitor Center closed all year; park closed October 1 through November 12 due to lapse in appropriations)
- Santa Monica Mountains NRA (Franklin Canyon closed for a week in January due to fires; Zuma closed most of January due to Palisades Fire; all park gates closed for part of December due to heavy rains)
- Saratoga NHP (Tour Road closed to vehicles in March; Saratoga Monument closed due to wet interior conditions in May; Horse Trail closed due to wet conditions in May)
- Saugus Iron Works NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Scotts Bluff NM (Summit Road closed to vehicles for eleven days in January and nine days in February)
- Shenandoah NP (Skyline Drive closed for eighteen days in January and sixteen days in February due to snow and ice; Old Rag parking lot closed from May 14 to June 6)
- Sleeping Bear Dunes NL (Ferry operations to North Manitou Island suspended all year due to construction)
- Springfield Armory NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Ste. Geneviève NHP (Green Tree Tavern grounds had limited access in January due to ice; Bauvais-Amoureux house and grounds closed for construction January and February)
- Steamtown NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Stones River NB (Partial closure October 1 through November 12 due to lapse in appropriations)
- Stonewall NM (Closed October 1 through November 12 due to lapse in appropriations)
- Sunset Crater Volcano NM (Closed October 1 through November 12 due to lapse in appropriations)
- Tallgrass Prairie NPRES (Bottomland Nature Trail closed for construction through May 2)
- Theodore Roosevelt Birthplace NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Thomas Edison NHP (Glenmont and grounds closed for renovations March and April; closed October 1 through November 12 due to lapse in appropriations)
- Thomas Stone NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Tonto NM (Lower Cliff Dwelling trail closed intermittently in June and July due to extreme heat and bee activity; closed October 1 through November 12 due to lapse in appropriations)
- Tumacácori NHP (Closed October 1 through November 12 due to lapse in appropriations)

- Tuskegee Airmen NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Tuzigoot NM (Park only open on weekends in January for rehabilitation project; closed October 1 through November 12 due to lapse in appropriations)
- Ulysses S. Grant NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Upper Delaware S&RR (Skinners Falls Bridge closed January through April with bridge removal in April)
- Vanderbilt Mansion NHS (Vanderbilt Mansion closed January 5 through January 18; partial closure October 1 through November 12 due to lapse in appropriations)
- Voyageurs NP (Headquarters closed to public all year)
- Walnut Canyon NM (Closed October 1 through November 12 due to lapse in appropriations)
- War in the Pacific NHP (Fonte Plateau closed in January for parking lot construction)
- Washington Monument (Closed to public for maintenance several days in February; closed October 1 through November 12 due to lapse in appropriations)
- Whiskeytown NRA (Whiskey Creek Group Picnic Area closed due to Carr Fire damage)
- White House (White House tours temporarily suspended September through December 2 for new ballroom construction; closed October 1 through November 12 due to lapse in appropriations)
- William Howard Taft NHS (Closed October 1 through November 12 due to lapse in appropriations)
- Wilson's Creek NB (Tour Road had intermittent closures for resurfacing project in July and August)
- Women's Rights NHP (Partial closure October 1 through November 12 due to lapse in appropriations)
- Wright Brothers NM (Hurricane Erin impacted park operations August 18 through August 23; partial closure October 1 through November 12 due to lapse in appropriations)
- Wupatki NM (Closed October 1 through November 12 due to lapse in appropriations)
- Yellowstone NP (Pebble Creek Campground closed all year)
- Yosemite NP (Badger Pass Ski Resort did not open for the winter season; Bridalveil Group sites closed in July and August for rehabilitation project)
- Zion NP (South Campground closed all year for construction; Lava Point Campground closed in May)

⁵ Errors in previous years (data for the following areas may require special adjustments to be comparable with data from previous annual abstracts):

- Bryce Canyon NP (From 2000 through 2024, there was an error in the number of shuttle bus passengers entering the park from Bryce Canyon City—this caused reported recreation visits to be too high by approximately 18–19 percent each year)
- Fort Caroline NMEM (Hikers and joggers were inadvertently and significantly underreported back through 2020 and perhaps longer—the error is estimated to be approximately 1,500 visits per month too low)
- Lake Roosevelt NRA (Fort Spokane group camper length of stay incorrect at 2 hours per night stayed instead of 18 hours per night stayed from 1992 through 2024; at Napoleon the June, July, August, and September PPV multipliers were too high by 2.4 persons per vehicle from 1994 through 2024; missing Evans group camping overnight stays and associated hours from 2002 through 2024; missing Gifford group camping overnight stays and associated hours 2002 through 2024; missing China Bend day-use hours (2 hours per visit) from 2006 through 2024; missing houseboat overnight stay hours at Seven Bays from 2021 through 2024; missing Camp Na-Bor-Lee overnight stay hours from 1992 through 2024)
- Mississippi NRRA (From 2017 through 2024, visits to Coldwater Spring were too high by 7,000 visits a month in January, February, and December—grand total error is 21,000 visits too high each year)

⁶ Change in unit designation:

- Salem Maritime National Historical Park renamed from Salem Maritime National Historic Site on July 15, 2025

Appendix

Twenty-six parks set a new recreation visit record in 2025. Of the twenty-six, sixteen surpassed a record they set in 2024: Alagnak WR, Tule Lake NM, César E. Chávez NM, Keweenaw NHP, Minidoka NHS, Valles Caldera NPRES, Dry Tortugas NP, Coronado NMEM, Kaloko-Honokōhau NHP, Wilson’s Creek NB, Kenai Fjords NP, Stones River NB, Glacier Bay NP & PRES, Sequoia NP, Klondike Gold Rush NHP Alaska², and New River Gorge NP & PRES³. Figure 7 displays the location of each record-setting park and Table 7 lists the record-setting parks, the park unit ID, recreation visits in 2025, and information from the highest previous year. Superscript notes can be found in the Endnotes.

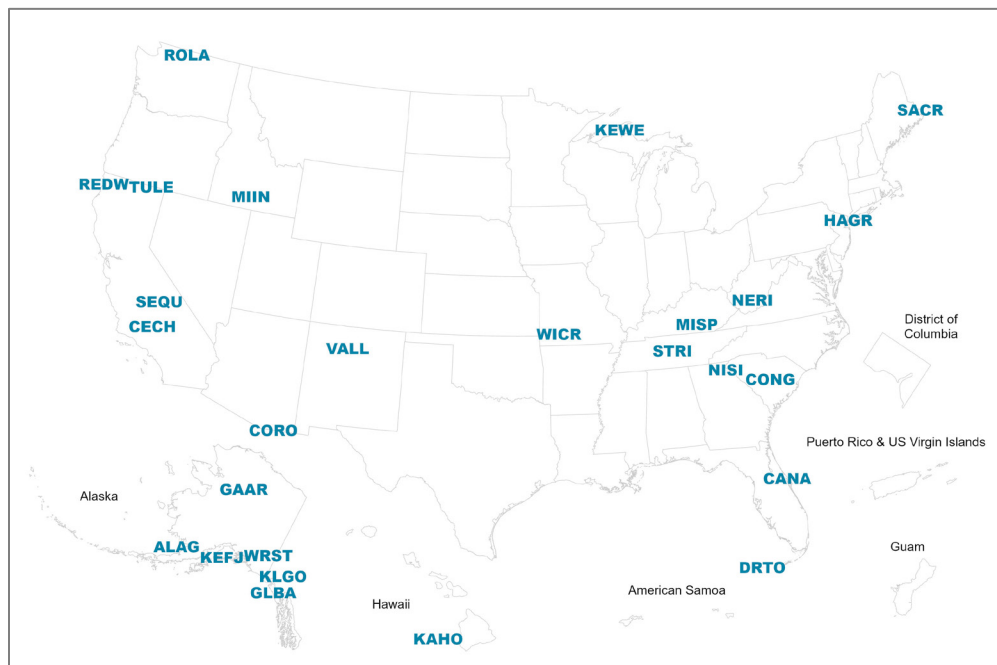

Figure 7. Parks setting an annual recreation visit record in 2025. See Table 7 for park unit IDs.
NPS

Table 7. Parks setting an annual recreation visit record in 2025.

Park	Park Unit ID	2025 Recreation Visits	Previous Record Year	Previous Record Visits
Alagnak WR	ALAG	375	2024	278
Canaveral NS	CANA	2,496,947	2021	2,218,059
César E. Chávez NM	CECH	31,497	2024	26,641
Congaree NP	CONG	287,833	2023	250,114
Coronado NMEM	CORO	179,216	2024	164,426
Dry Tortugas NP	DRTO	89,355	2024	84,873

Table 7 (continued). Parks setting an annual recreation visit record in 2025.

Park	Park Unit ID	2025 Recreation Visits	Previous Record Year	Previous Record Visits
Gates of the Arctic NP & PRES	GAAR	14,923	2014	12,669
Glacier Bay NP & PRES	GLBA	740,044	2024	436,282
Hamilton Grange NMEM ⁴	HAGR	97,253	2017	85,603
Kaloko-Honokōhau NHP	KAHO	360,084	2024	351,422
