### **National Register Guidance**

The following link: <http://www.nps.gov/nr/publications/guidance.htm> contains useful information regarding the National Register program, including two articles by NPS staff member, Dr. John H. Sprinkle, Jr., on NR Criterion Considerations A & G.

### **Moving individually-listed NR historic resources – including trains, boats, planes, & diners...**

Please note that 36 CFR 60.14 (b)(4) says “In the event that a property is moved, deletion from the National Register will be automatic unless the above procedures are followed prior to the move.” Procedures and guidance are found in 36 CFR 60.14(b), in the NR Bulletin, *How to Apply the National Register Criteria for Evaluation*, pages 29-31, and NR Bulletin, *How to Complete the National Register Registration Form*, pages 71-72. If an individually-listed property is moved without prior approval, the National Register has few alternatives except to delist.

Please contact your NR NPS staff historian\*, if you have further questions.

### **Technical Tips**

#### **National Register Form – Section 3**

Please fill in the title, agency/bureau, or name of tribal government in the space provide on the NR nomination form. Also, if National Register signatory authority for certifying officials has changed, make sure we have been updated with the property documentation. For any questions concerning signatory authority on file, contact Emily Burrows at 202-354-2247 or

[Emily\\_Burrows@contractor.nps.gov](mailto:Emily_Burrows@contractor.nps.gov).

#### **Sending Nomination Photographs in Plastic Sleeves**

When NPS receives nomination photographs, they are immediately repackaged into one archival envelope. To help states save costs, photographs do not need to be sent in plastic photograph sleeves.

Questions about sending/packaging NR nomination materials? Contact:

[Emily\\_Burrows@contractor.nps.gov](mailto:Emily_Burrows@contractor.nps.gov).

#### **Property Owner Information – Privacy Issues**

On the last page of the current NR nomination form (10-900), space is provided for the property owner's name/address. **This section is provided for SHPO/FPO use only (for nomination notification purposes and for your office files) and does not need to be sent to NPS** as part of the NR nomination. Since we

are scanning NR nominations, not having to scan property owner information would be greatly appreciated (particularly for district nominations, where information can quickly become obsolete)! Options are either leaving this section blank or removing this page(s) before sending the nomination to NPS. However, if NPS continues to receive property owner information as part of a NR nomination, it will be scanned. Contact [Jeff\\_Joeckel@nps.gov](mailto:Jeff_Joeckel@nps.gov) , if you have *any* questions.
