## Memorandum

To: Regional Directors and Superintendents

From: Associate Director, Cultural Resources

Subject: NPS Properties in the National Register of Historic Places

Attached for your information is an updated list of properties within the National Park System listed in the National Register of Historic Places. National Historic Landmark status, documentation status, dates, and the National Register database reference number are included. This list reflects changes within 1993.

Information for the sections *Properties Determined Eligible by Keeper* and *Properties Determined Eligible by NPS and SHPO* is not totally available in the Washington office. Any additional information for these sections or additions, corrections, and questions concerning this listing should be referred to Leslie Blythe, Park Historic Architecture Division, 202-343-8150.

| ( • ) | Signifies property not owned by NPS.                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| ( : ) | Signifies property only partially owned by NPS (including easements).                                                                                                                                                                                                                                                                                                                                                                                                                 |
| ( + ) | Signifies National Historic Landmark designation. The date immediately following the symbol is the date that the property was designated an NHL (Potomac Canal Historic District (+ 12/17/82) (79003038). Some properties designated NHLs after being listed will have two records in the NR database: one for the property as an historical unit of the NPS, the other for the property as an NHL. The reference numbers recorded in this list are for the NPS historical unit only. |
