

U.S. DEPARTMENT OF THE INTERIOR

National Park Service - Alaska

240 West 5th Avenue #114

Anchorage, AK 99501

Ph: 907-644-3362 Fax: 907-644-3813

Directory of Commercial Visitor Services Providers

The [National Park Service](#) preserves unimpaired the natural and cultural resources and values of the national park system for the enjoyment, education, and inspiration of this and future generations. The Park Service cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world

MAY 2005

THE COMPANIES IN THIS DIRECTORY ARE AUTHORIZED TO PROVIDE VISITOR SERVICES AS SPECIFIED FOR THESE NATIONAL PARK SERVICE UNITS:

The sixteen National Park Service areas in Alaska have a total land area of 54 million acres. These park areas preserve and protect outstanding natural and cultural resources. Sitka National Historical park, the first park area established in Alaska, commemorates the Tlingit culture and early Russian settlement of Alaska. Mt. McKinley, Katmai, and Glacier Bay National Parks were established to protect outstanding natural resources. Klondike Gold Rush National Historical park preserves part of the gold rush history of Alaska. The Alaska National Interest Lands Conservation Act of 1980 added ten more units to the National Park System and expanded Glacier Bay, Katmai, and Mt. McKinley (renamed Denali) National Parks.

- Alagnak Wild River (ALAG)
- Aniakchak National Monument & Preserve (ANIA)
- Bering Land Bridge National Preserve (BELA)
- Cape Krusenstern National Monument (CAKR)
- Denali National Park & Preserve (DENA)
- Gates of the Arctic National Park & Preserve (GAAR)
- Glacier Bay National Park & Preserve (GLBA)
- Katmai National Park & Preserve (KATM)
- Kenai Fjords National Park (KEFJ)
- Klondike Gold Rush National Historical Park (KLGO)
- Kobuk Valley National Park (KOVA)
- Lake Clark National Park & Preserve (LACL)
- Noatak National Preserve (NOAT)
- Sitka National Historical Park (SITK)
- Wrangell-St. Elias National Park & Preserve (WRST)
- Yukon-Charley Rivers National Preserve (YUCH)

Park Unit Categories

<u>National Park</u>	A national park contains a variety of resources and encompasses large lands or water areas to help provide adequate protection of the resources.
<u>National Monument</u>	A national monument is intended to preserve at least one nationally significant resource. It is usually smaller than a national park and lacks its diversity of attractions.
<u>National Historical Park</u>	National Historical Parks are commonly areas of greater physical extent and complexity than national historic sites (which are mostly used for areas associated with American military history).
<u>National Preserve</u>	This category is established primarily for the protection of certain resources. Hunting may be permitted if it does not jeopardize the natural values.

LAWS AND REGULATIONS

Concessions Management Improvement Act of 1998- the law under which commercial visitor services are authorized in our national parks.

36 CFR, Part 51- the nationwide regulations implementing the Concessions Management Improvement Act of 1998.

36 CFR, Part 13, Subpart D- the regulations implementing Section 1307 of the Alaska National Interest Lands Conservation Act, relating to commercial visitor services in Alaska's National Parks.

Who Needs An Authorization?

A permit or other type of authorization is required for businesses providing commercial visitor services, facilities and/or accommodations in National Park units.

What is a Commercial Visitor Service?

Commercial Visitor Services means accommodations, facilities and services determined by the Director as necessary and appropriate for public use and enjoyment of a park area provided to park area visitors for a fee or charge by a person other than the Director. Visitor services may include, but are not limited to, lodging, campgrounds, food service, merchandising, tours, recreational activities, guiding, transportation, and equipment rental.

How Can I Obtain An Authorization?

Concession Contracts / Permits are awarded through a public solicitation process that begins with the issuance of a prospectus. The prospectus will invite the general public to submit proposals for the contract (service). The prospectus will describe the terms and conditions of the concession contract to be awarded. The park service will publish notice of the availability of the prospectus at least once in the Commerce Business Daily or in a similar publication if the Commerce Business Daily ceases to be published. The park service may also publish notices, if determined appropriate by the Director, electronically or in local or national newspapers or trade magazines. The Director may charge a reasonable fee for a prospectus, not to exceed printing, binding and mailing costs. Interested persons may also contact the park units directly for information on available prospectuses.

Incidental Business Permits are non-competitive and may authorize a service for up to two years. To apply, an application form must be completed to the address below. Applicants must also provide proof of liability insurance and pay the established fee. The application form may be requested by phone (907) 644-3362, downloaded from our website at www.nps.gov/akso/concessions/home.htm, or by sending your request to this address:

National Park Service
Alaska Region
Concessions Office
240 West 5th Avenue, #114
Anchorage, AK 99501.

What Kind Of Insurance Is Required?

The National Park Service requires businesses providing commercial visitor services to carry liability insurance. The amount of insurance required is based upon the type of commercial activity and the number of persons at risk. Required insurance may include comprehensive general liability, product liability, auto liability, and/or aircraft liability. Insurance policies must contain a waiver of subrogation clause specifying that the insurance company shall have no right of subrogation against the United States OR the U.S. Government must be named as an additional insured.

The following pages list Concession Contract Holders for Alaska Region

CONCESSION CONTRACTS

Type I Concession Contract

Type I Concession Contracts, the most formal of the concession authorizations, are used in cases where the term is greater than five years, gross revenues are over \$100,000, substantial investment is expected, or performance of the service is required. Concession contracts are awarded through a competitive bid process. After determining that a visitor service is necessary, appropriate, and feasible as a business opportunity, the National Park Service prepares a prospectus which outlines the requirements for operating the business. Interested businesses apply by submitting written proposals that respond to established criteria. Major factors for evaluating proposals include managerial competence, conformance to the terms of the prospectus and financial ability.

Type III Concession Contract

Type III Concession Contracts under the new Concessions Regulations, are issued when services are to be authorized, but not required. Concession contracts are awarded through a competitive bid process. The term of the authorization will usually be ten years. Examples are hunting guides with exclusive guide areas and climbing guides where the number is limited.

When commercial operators are selected from a competitive prospectus process, preference is given to Alaska Native Corporations and local residents in accordance with provisions of the Alaska National Interest Lands Conservation Act Section 1307. Sport fishing and hunting guide activities are exempt from these preferences

The following pages list Incidental Business Permit Holders for Alaska Region

Incidental Business Permits (IBPS)

IBPs are issued to businesses providing necessary and appropriate services where there are no fixed commercial facilities within the park, the commercial activity originates and terminates outside the park, no money changes hands on park lands and no commercial solicitation occurs on park lands. IBP's may authorize a commercial visitor service for up to two years. Once a particular service has been approved for a park area, an IBP will be issued to every business that applies for that same service after meeting the basic requirements.
